Chairman Straus looked puzzled. McGee, who got his name in the Indian country by ridding a broncho into camp with suspenders used as reins, moved resolutely toward the platform.

"They say I'm crazy, but I know McGee cried:

"I nôminate the illustrious and honorable Oscar S. Straus."

The delegates seemed stunned and then a few of them cheered. Mr. Straus gave an amused laugh at "Suspender Jack," bowing before him.

The past week has made history for Toronto and the Canadian National Exhibition. Every day saw record crowds within the gates, the the weather was not propitious, and the feature events emphasized the imperial nature of the big show. Sunday World photographers were pale to secure many availant plantage on the grounds. The were able to secure many excellent pictures on the grounds. The Labor Day Baby Show brought out several hundred contestants and photographs of the big winners are presented in this week's issue. There are also some pictures of the Labor Day parade. Other events pictured are: Toronto-National lacrosse match; first hydroplane race on Canadian waters; several pictures of the visits of the Duke of Connaught and parade to the Exhibition; view of Allan liner "Corsican," which was battered by an iceberg near Belle Isle; Mrs. Borden names new ship "Niagara" of the Canadan-Australasian service; a German giantess who stands 7 feet 10 inches in height; city council and officials at the filtration plant; group of Irish factory workers on Model Mills, County Tyrone, Ireland: Enton's employes in the new government building at the Exhibition; meeting of York Pioneers at the Exhibition, and other miscellaneous pictures of unusual interest.

There is a weird fourcolor page dealing with a French craze for painting animals to match costumes worn by their owners. O. Henry's short story is "Conscience in Art." "The Englishman at the Fair" gives some new impressions. Another instalment of Arnold Bennett's "Buried Alive" is given. Kenneth Douglas, B.A., Ph.B., writes on Religious and Social Problems, a department recently inaugurated, which is creating consider-
