Wife of Major Bennett of Vancouver Died From a Bicycle Accident.

Vancouver, Nov. 9 .- The news of the nett, a popular officer of the local battalion, was heard with the sincerest regret in all parts of the city yesterday, .The deceased was the youngest daughter of the late Major Green of Guelph, Ont. She died from the effects of a bicycle accident.

Saw Buller Depart. Mr. Fred Mercer, of the Massey-Harris Company, returned from several months' business sojourn in the old land on the Vancouver, and has arrived home in Toronto. Mr. Mercer saw the Australian Lancers and the Gen. Buller demonstrations at departing, but says neither was in it with the Dreyfus demonstration in London for excitement. The departure of the Lancers, however, was the most unique thing in demonstrations he ever saw.

With the U. E. Loyalists. The United Empire Loyalists met in the Normal School yesterday. Ten proposals for membership were received. Forty volumes of U. E. L. records have been discovered in the archives at Washington. Premier Ross wrote, stating he would have \$500 put in the estimates to cover expense of reprinting them.

For the Laura Secord Monument Fund \$200 have been received.

The body of the missing caretaker of Parliament-street School has been found. The City Commissioner's department took no City Commissioner's department took no steps to drag the slip at the foot of Yong-street until yesterday, although requested to institute a search by relatives of Thomas Dobson, who disappeared about the same time that the officers of the steamer Lake-side saw a man struggling in the water early on Thursday morning. As a result of the delay the body was allowed to remain in the water for longer than was necessary. It is not known whether the deceased deliberately took his life, but for some time past he has been suffering from a slight mental derangement, caused by a street car accident, and, in view of this fact, Coroner Young is as yet undecided as to whether he will hold an inquest or not.

effect that Honeysett walked into the room in which the shaft was and called up to a man on the floor above. That was the last seen of him. Witnesses stated that there were no guards at the elevator shaft. The fury's verdict was that Honeysett came to his death by falling down the shaft, and the company was censured for not having the elevator shaft properly protected. W. H. McClement appeared for Mrs. Honeysett and H. Carscallen watched the case for the Freeman Company.

Only Ten Minutes' Work. Only Ten Minutes' Work.

The Board of Education held a ten minutes' session this evening and passed the committee reports without discussion. One of the recommendations of the Internal Management Committee was that it was not expedient at present to teach Latin, Freuch or German in the Public schools. The laying down of cement walks to connect some of the schools with new sidewalks recently put down was left to the chairman of the Board and the Building Committee.

Council. Hon. J. M. Gibson was present for the Cataract people, and he addressed the committee at some length on the project. Mr. Gibson said it was proposed oy the gentlemen he represented to build an electric line to Gueipn, Gait, Preston, Doon and Berlin. It would be a properly constructed, properly graded road, with doubtrack, not running on side roads. It was to run from the city to a point near Rock Chapel, from thence branching out to Greph and Galt. It would be a costly rad. There would be two bridges near Hamilton, over the Grand Trunk tracks and the old canal, the latter, 750 feet long. There would be also more expensive bridging near Guelph and Galt. It was proposed to buy right of way. The line would go alk of yine-street, cutting off a portion of Copp's foundry, to Oxford-street, then across Dundurn Park; below the edge of the bluff. There would be no real injury to Dundurn, although Harvey Park, which would be crossed, would be injured somewhat. An alternative route was along vine-street to York-street, touching that street about Queen-street; from this point York-street would have to be widened 20 feet. The right of way through the city would contained the Building Committee.

Municipal Reforms.

Mayor Teetzel brought up his proposed municipal reforms, which include a reduction of the present number of aldermen, remuneration of aldermen and a term of five years. He added a proposal that, instead of the aldermen being elected at large, the city be divided into four districts, each electing three aldermen.

Ald. Burkholder gulped down the whole scheme, but Ald. McAndrew thought three years was long enough to endure any alderman, and Ald. Wright balked at the pay portion of the reform. Finally it was decided to discuss the proposals at the next meeting.

with the assistance of Mr. John We and a carefully selected company and a carefully selected company of comedians, is making a tour of the principal cities the present season. This most popular of all the plays presented by the Gourlay and McHenry company, and the one which has proved the most successful, has been entirely re-written, revised, enlarged and brought up to date by the author, and, with new scenic effects and latest modern accessories is now making a successful bid for popular favor. The action of the play is based on an attempt of a party of amateurs to enact on the stage of a regular theatre a play for the benefit of a missionary enterprise. As reconstructed it certainly contains more wit, point and clean, effective situations than anything lately presented to our notice, and a reed it certainly contains more wit, point and clean, effective situations than anything lately presented to our notice, and a refreshing relief from the suggestive methods and double entendres in vogue among many professionals engaged in this line of amusement.
