## COUNTY TREASURER SHORT

Deficiency of \$2000 in the Accounts of Officer Shambles of Kent County.

## SUSPENDED PENDING INQUIRY

Twelve Years Ago Shambles's Predecessor Defaulted to Amount of \$5000.

Chatham, Oct. 28.—A sensation developed here to-day in connection with the office of County Treasurer A. L. Shambles, that official being suspended and Warden Rankin being put in possession of the office. Action was taken on the strength of a report by Government Auditor Macpherson, that the cash account of Romney township land register was \$2000 short.

A special meeting of the County Council has been called for Monday to deal with the matter.

Shambles's predecessor, Arnold, 12 years ago defaulted to the amount of between \$8000 and \$9000, \$4000 being made good by sureties.

Some time ago it was suspected that something was wrong and Percy (Shambles) started a movement to have the books of the township of Romney audited. F. H. Macpherson of Windsor was assigned by the government to the work. In his report to the warden he says he found that entries were made in the land register showing taxes to have been paid, in sums aggregating some \$2000, in excess of the amounts entered in the County Treasurer's cash books and accounted for to the township.

The treasurer, who is ill, was summoned from his home yesterday, but he was taken with a fainting fit and had to be removed to his home.

Warden Rankin says that he finds himself in the hardest position he has ever been in during his municipal life, but that he intends to do his duty, no matter how difficult the task.

## ON WHOM WILL MANTLE FALL

Despatch From Quebec Declares Mr. Brodeur is Out of the Running for Vacant Portfolio.

## PREMIER PARENT NOW BOOMED

He May Go to the Senate and From There Be Minister of Public Works.

Montreal, Oct. 28.—"Our American neighbors refuse us the privilege of selling our products in their country. Why should we allow them to sell their products here to the loss of our agricultural classes? Our bountiful duty therefore is to raise our agricultural tariff so as to protect our farmers and our markets against the American invasion," is what Hon. Mr. Tarte writes to-day in La Patrie.

The ex-Minister left for Ottawa this afternoon, his private car being attached to the C.P.R. express.

"The agricultural part of the tariff," he says, "is one of those things which merit most attention and care. It is no argument to say that as the farmers are prosperous we should fold our arms. The raising of the Canadian tariff would bring the Americans to their senses or would put us in a position to 'defend ourselves victoriously against them.'"

"The funds collected by Lord Mayor Sullivan and myself never came into my hands. They went to the Parnell Monument Committee in Dublin, and have been invested in government stock for the use of that committee by the most eminent stock broker in Dublin, Mr. James McNeill. As far as I know, the only actual expenditure has been in the purchase of a bronze bust of Parnell, which was required by the sculptor who is making the monument, and in the purchase of the Avenue Library."

## Doukhobors Gone Insane

2000 'Howling' at Yorkton

Camp Out Scorning Shelter With Thermometer 18 Degrees Above Zero—Mothers Desert Their Babies—Children Prevented From Drinking Milk or Eating Soda Biscuits.

LIKE HOWLING DERVISHES.

Winnipeg, Oct. 28.—(Special.)—A despatch received from Yorkton at 11:30 p.m. yesterday says: Situation now looks worse. The Doukhobors declare God is telling them to release the women, children and infirm imprisoned in the Immigration Hall, and more special constables are being sworn in, and the Riot Act will be read if necessary.

It is reported that several hundred more fanatics are camped in the neighborhood of Pollock's Bridge, several miles from Yorkton. These are more rhapsodic than the rest, being exalted with the exaltation of starting.

They are rolling on the "wild dervish" stage of religious frenzy.

## REACH YORKTON DESTITUTE.

Winnipeg, Oct. 28.—(Special.)—The army of Doukhobor fanatics, nearly two thousand strong, which has been gathering in the Northwest Territories for the last two weeks, and had started on a pilgrimage to "Look for Jesus," reached Yorkton this afternoon. These unfortunate people, fanatical as they are, and now become entirely insane thru following the teachings of their priests, are in a most deplorable condition.

## Below Freezing.

With the thermometer standing at 14 degrees below freezing, this mob of enthusiasts last night camped out on the outskirts of Yorkton without shelter or food. The mob consisted of men, women and children, including infants in arms and one barefooted, whose mother marched in the procession. Some sick were borne on litters, many were barefooted, few wore rubber boots and others wore coarse sandals, made of binder twine.

## No Provision Made.

Despite the fact that it was known for several days that the Doukhobors were marching on Yorkton, no provision was made to hold them. On the arrival of the invaders a meeting was hastily summoned, special constables enrolled and Corp. Nugent, N.W.M.P., applied for assistance. The inhabitants of the town co-operated with the general immigration agent, Speers, and succeeded in getting the sick, the

## THEIR PROPHET.

Their prophet had prophesied that on the arrival at Yorkton their babies would be taken from them, and they gave them up willingly, for was not the voice of their prophet the voice of God? A long, lean ascetic, with unkempt beard, disheveled hair and bloodshot eyes, stood at the head of the mob, and the mob followed him, protected from the wind by a long frieze cape reaching from his shoulders to the ground, while many of his followers had not sufficient clothing to prevent their perishing in a snowstorm. A lowering sky augurs ill for to-morrow.

A large number of Irish members left London to-day for Ireland. Those remaining did not enter the legislative chamber, but contented themselves with social intercourse in the lobbies and smoking rooms. All Irish questions and motions have been suddenly dropped, and the government has been left to do as it pleases without molestation.

## ROSS HAS TWO

North Perth Declared Vacant By Consent, Leaving Two Seats Open.

## LIBERALS 49 AND CONSERVATIVES 47

Leader Whitney Declares the Situation is Unchanged—Cabinet Set For Four Hours.

If the Ontario Legislature were to meet to-day the House would consist of: Conservatives 47 Liberals 49 Vacant 2

Previous to the judgment handed out declaring the North Perth election void, the standing of the two parties was:

Conservatives 47 Liberals 49 Vacant 2

So, then, Premier Ross now has a majority of two seats, with two vacancies—North Renfrew and North Perth—where before he had a majority of one, with one vacancy. But the Conservatives maintain that this does not alter the political situation of the province or improve Premier Ross' precarious position in the least. In the case of North Perth, they say, the fact that both sides got together and agreed on what they did, showed that they were sensible and did what was best for the two parties concerned. If they had proceeded with the case, instead of arriving at a mutual understanding, they would have been confronted with a costly scrutiny, and even after that, the chances are that the seat would have been thrown open, so that they simply saved time and money by agreeing to have the election declared void. This places the candidates on an equal footing and enables one or the other to obtain a decisive majority.

There are several precedents for an understanding of this nature being arrived at in other elections. Notably in the case of West Elgin and West Huron.

The Liberals, on the other hand, claim to be pleased with the way things have turned, and now that the seat has been declared open, they can carry the riding at the bye-election.

At the last election J. C. Monteith, the Conservative candidate, was elected by a majority of one after a recount had been held. His opponent, John Brown, carried the seat by a majority of 100.

Opposition Leader Whitney arrived in the city on Tuesday, and is registered at the Queen's Hotel. He had read the reports from North Perth when seen by a World reporter.

"Is the political situation changed by the fact of North Perth being thrown open?" he was asked. He replied that it was, inasmuch as the Conservatives would have a majority of two, but that was out of the question. He did not think there was any particular significance to be attached to the matter. He could readily understand the two parties coming to an understanding, and thereby saving the costs of a scrutiny, which was no small amount.

The Ontario cabinet held a four hours' session on Tuesday afternoon, but Premier Ross decided to make no announcement as to what occupied their attention. They were in session when the news of North Perth was first received at the Parliament Buildings, and that matter doubtless was discussed.

## NORTH PERTH OPEN.

Stratford, Oct. 28.—(Special.)—North Perth is open. John C. Monteith (Con.) is unseated and the North Perth election trial is over. It occupied about one hour. The seat was opened practically by consent of counsel, enough evidence being produced to upset Monteith's majority of 2 over John Brown. The trial took place this afternoon before Justices Moss and MacLennan. For the petitioner, John Brown, appeared J. P. Macbe, K.C., G. G. McPherson, K.C., and R. T. Harding, all of Stratford. For J. C. Monteith, M.L.A., the respondent, appeared S. H. Blake, K.C., Edmund Bristol, K.C., Toronto, and E. Sydney Smith, K.C., Stratford.

## Court Room Crowded.

The court room was crowded that evening the jury boxes had their occupants. The court had a long wait as an introduction to the afternoon proceedings. Before a single witness was called, the legal gentlemen engaged in the case filed out of the room talking with them the petitioner and respondent. A settlement, or an attempt at a settlement, was made by the return of the party was awaited with interest. After about half an hour's deliberation the legal gentlemen returned, and Messrs. Blake and Macbe entered into consultation with the learned justices.

## New Election to Be Held.

The result of the conference was an agreement between the parties that each party pay its own costs, and that a new election be
