

The reply to letter asking for particulars of needs of family, came too late for summer work; but special meetings were called for September, at which the work was most enthusiastically taken up. By the end of the month a most handsome box had been prepared, some of the garments being given by the "Ladies Aid Society" of the Church. The box was sent off in October, and a letter of thanks has since been received, in which everything sent was gratefully acknowledged, and evidently highly appreciated.

In addition to the box of literature sent last year to Nelson, B. C., quite a number of ladies individually in May last, sent out books suitable for the S. S. Library there.

In January of 1896 Mrs. Morton, who has been our most efficient Treasurer for so many years, felt that she was unable to undertake all the work of that office. It was with regret that the ladies accepted Mrs. Morton's resignation. Mrs. McLean was then appointed Treasurer, Mrs. Morton still continuing to collect from the out-lying districts.

The Treasurer reports as already collected \$387.51, of which \$200 was paid to Miss MacIntosh in December, for the City work, which includes Nurse's salary and also that of the French Bible Woman. The remainder, which it is hoped will reach \$200 before March, is devoted to support of Missionary in North-West.
