Probe at Chethem

insisted Mr. Pike.

"They put in some mains that were that living the day with a discussion of the proper sizes of service pipes from the mains to the houses. The Union Company adjectives," said Mr. Pike.

To the statement of the examiner that he and his brother, D. A. Coste, had urged the Chatham Gas Company when they first undertook to supply Chatham with natural gas, to secure all the commental customers possible, he replied that he had offered to help the company in any way possible, but it refused his aid.

Reverting to the 3-inch mains in the company in any way possible, but it refused his aid.

Reverting to the 3-inch mains in the company, was in no way responsible for them.

"Did he know what size was being laid?"

"Only as he saw them being put down."

"Did you make any objections?"

Income tax purposes.

Service Pipes.

A great deal of time was taken up during the day with a discussion of the proper sizes of service pipes from the mains to the houses. The Union Company contending that at least one-inch pany contending that at least one-inch or inch and a quarter pipes were used in Chatham and that this was the mains to the houses. The Union Company was low short again some homes when day the company had anot had a quarter pipe sizes, and in cross-examination he said that he adont had experience with natural gas. R. McG. 7% With Safety

We can offer investors a well-secured 7 per cent Mortgage Debenture Stock. The issue—\$2,500,000—is secured by a mortgage on assets, valued at \$15,000,000, of a large Canadian pulp and paper company. Present net earnings are more than four times the interest requirements. A new mill, now nearly completed, should increase the company's earnings by 50 per cent. Investors in this Mortgage Debenture Stock share in the surplus earnings of the company with the development of the better invested—so write us today for further particulars.

Graham Sanson & C. Toronto General Trusts Build. 4. 85-3 Bay Street, Toronto.
