

## TEACHERS STUDYING WHILE KIDDIES PLAY

Educationists From All Of Ontario To Take Summer Courses in City.

In a few days' time Toronto will be the Mecca for teachers who will travel from many parts of Ontario to avail themselves of the several summer courses which will start July 5th, which the education department has provided for their benefit. Last year 1,200 attended these special courses, tho all were not centred in Toronto, some taking the work at the Agricultural College, Guelph, and the department of militia and defence, Ottawa. The Ontario College of Art and the University of Toronto, however, each claimed a good quota with residence in the Queen City. How many will attend this year is not yet definitely known, tho large classes are looked for.

**Take Up Art.**  
In a published address to the teachers, the Hon. R. H. Grant, minister of education pointed out that the number of enquiries from teachers encourages the hope that there will be a considerable increase in the number of those holding second and third class certificates who will enter upon courses leading to the next higher credential. In agriculture it is expected that a course will be opened at Month in addition to the work at Guelph and at Whitby, where a course was started last year. Toronto usually has a large number in attendance at the art classes, the college providing instruction in drawing, modeling, painting, and design with demonstrations, lectures and reading courses in connection with the practical work. The well-known artist, G. A. Reid, R.C.A., is principal of the college, with Mr. Arthur Lisman, O.S.A., as vice-principal. This year an added note of interest will be the presence of Miss Elizabeth Nutt, principal of the Halifax School of Art and widely known in England. Classes will be conducted in the gymnasium and in rooms of the Model and Normal Schools.

**Teach Household Science.**  
In his address the minister of education recognized the value of effort made by women when he said, "The great work of women in the world is the great work done in rural districts by women during the war are finding expression in many ways. One of these is the demand for teachers who will instruct the pupils in household science." Increasing commercial interests demand an increasing supply of teachers for the technical schools and industrial classes which are coming more and more into evidence. For the current year special attention will be given to subjects receive an average salary of \$1,900 a year. The work in this course has been divided into groups and candidates may take one or more parts at a time. In addition to the course mentioned, there is the important and attractive one of kindergarten work and others in physical and manual training. Most substantial help is given by the department in the way of financial assistance in the payment of expenses during the weeks of study, so that the teacher is being benefited in two ways. At the same time they are preparing to benefit the public by raising the educational status of the country.

**ALGONQUIN PARK, ONTARIO**  
This magnificent reserve makes an especially strong appeal to the fisherman and angler. The excellence of its sport draws anglers from every part of the Dominion, and from every state in the union. The angler can travel for hundreds of miles in his light craft and be in a veritable kingdom of his own. All requisites for a canoe trip may be secured at "The Highland Inn," Algonquin Park station. Write to any Grand Trunk agent for illustrated booklet, or apply to C. E. Horning, D.P.A., Toronto, Ont.

**FOREIGN GAMBLERS FINED**  
In the police court yesterday, 12 Chinamen were fined \$1 and costs for gambling on the Lord's Day. Seven Austrians, who faced a like charge, were fined \$2 and costs.

**CARTER STOLE SUGAR.**  
On a charge of theft of five bags of sugar, which he was to deliver from the yards of the Canada Steamship Company, Joseph Brown was, in yesterday's police court, sentenced to 30 days in jail.

## WORTH ITS WEIGHT IN GOLD, HE SAYS

George Brahm Wouldn't Take Anything For the Good Tanlac Did Him.

"I wouldn't take all the gold you could pile up around me for the good Tanlac has done me," said George W. Brahm, of 31 Grove avenue, Toronto, recently.  
"When I returned from overseas I was pretty much of a wreck. I used to have fainting spells, and my nerves were in such a bad state that I used to jump at the least sound. My stomach was always out of order so that whatever I ate upset me. I never knew what it was to have a good night's sleep, and I always got up in the morning feeling tired and weary. I was steadily losing weight, and finally got as weak as a rat."  
"One evening I said to my wife, 'I think I'll try a bottle of Tanlac.' I did, and the result was wonderful. It just seemed to meet my needs from the start, and has relieved me of all my troubles. It gave me a good appetite so that I can now eat well and my food agrees with me. My nerves are so steady and I no longer have the fainting spells. I sleep fine and I'm stronger in every way. If there's a medicine that's worth its weight in gold, it's Tanlac, and I want to express my gratitude for what it has done for me."  
Tanlac is sold in Toronto by Tammen drug stores and by an established agency in every town.

## AWARD MACHINISTS INCREASE IN WAGE

But Conciliation Board's Offer Not Yet Accepted By Either Side.

That machinists receive not less than 75 cents an hour, second class machinists a minimum wage of 70 cents, specialists 65 cents, and helpers 50 cents, is the recommendation of the board of conciliation recently at work upon the grievance of the Canadian General Electric Company. The board expressed the opinion that the increase granted by the company, increasing wages from the standard of 22½ cents to 40½ cents an hour in 1919, to the range of 45 to 65 cents in 1920, was reasonable so far as the electrical workers (barring the armature winders) were concerned.  
The award has not yet been accepted, either by the men or the company, and the strike, which has been maintained for six weeks, is still in operation.

## BOARD MAY CARRY ITS OWN INSURANCE

School Trustees Instruct Administrator to Prepare Figures For Past Years.

Toronto board of education may carry its own insurance. Administrator Pearce was yesterday afternoon instructed by unanimous vote of the finance committee to prepare a report on the board of education's fire insurance expenditures for the past ten years and the amount of receipts on account of fire losses, and to submit recommendations for the board's policy in the future with reference to the advisability of carrying its own insurance. Fire insurance on school buildings is believed by some of the trustees to be a cinch for the companies, but Administrator Pearce would not commit himself by the expression of an opinion until after looking over the figures. He stated that he could do this in the course of about two hours and that he would have his report with recommendations as to the policy ready for the next meeting of the finance committee.

Action will be taken upon the future use of the old Technical School building on College street when reports have been presented respecting the tenancy there of the Toronto district military headquarters, which is due to expire on December 31, and from the Toronto School Teachers' Association, giving details of their project for taking over the "Old Tech" for a teachers' club house.  
The Empire Day concert committee reported a balance of \$597, of which \$50 was granted to the Weston Sanatorium, \$50 to the Sick Children's Hospital, and \$50 to the Children's Fresh Air fund.

## ONTARIO FILM EXCHANGE ELECT DEVANEY PRESIDENT

The Ontario Film Exchange Managers' Association yesterday elected Leo M. Devaney, manager of the Fox Film Corporation, and former well-known Toronto newspaperman, as president of the association at the annual election of officers, which was held yesterday. Mr. Devaney succeeds Fred J. Lennon as leader of the film men's association. Mr. Lennon leaving shortly for California, where he intends to reside permanently. Douglas Cooper was elected vice-president to succeed William Barrett, manager of the Vitaphone Film Co., Ltd. George Mitford was re-elected secretary of the association.

## TWO MEN INJURED TWO CARS WRECKED

Two men were injured and two motor cars wrecked when they crashed together at Jarvis and Bloor streets at 6.40 last evening. John Palmworth, 15 Wayland avenue, in the General Hospital with a broken arm and lacerated face. E. Holmes, Eaton avenue, was cut by flying glass, and was taken in the police ambulance to his home.  
Both men were riding in a car driven east on Bloor street by William Burke, 150 Fulton avenue. C. Webster, 487 Carleton avenue, was west-bound on Bloor street and crossed to turn south on Jarvis when the crash occurred.

## PERMITS FOR RESIDENCES.

Permits were issued yesterday for the erection of a large number of new houses as follows:  
C. A. Jones, brick dwelling, 453 Annette street, \$4,000; A. W. MacPhie, brick dwelling, 117 Westmount avenue, \$5,000; W. J. McWaters, pair brick dwellings, Scarboro road, \$5,000; Sam Calderone, brick store and dwelling, 1068 St. Clair avenue, \$6,000; J. R. Arville, brick public garage, 2709 Yonge street, \$15,000; W. D. Beath & Sons, 386 Symington avenue, metal galvanizing building, \$6,000; R. J. Long and A. Casavoy, two pairs brick and stucco dwellings, Indian Grove, \$12,000.

## CRIMINAL NEGLIGENCE.

No less than three citizens appeared in yesterday's police court to answer charges of criminal negligence preferred against them in respect of reckless driving of their automobiles. These were, Joseph Grainger, Alonzo Kilron and Ernest Purdy. Each reserved plea and election and were remanded.

## JUDGMENT RESERVED

Judgment was reserved by Judge Widdifield in the county court yesterday in the action brought by Mrs. Arville M. Morrison, who sued George Hamilton Wallace for recovery of \$350 paid in respect of the sale of the Toronto Produce Company. Wallace counter-claimed for \$125, alleging misrepresentation.

## DOCTOR ABSENT; MONEY GONE

Albert Fitzgerald, 648 St. Clarence avenue, was arrested last night by Detective Mollwirth, charged with stealing \$12 from the office of Dr. Todd. Fitzgerald is said by the police to have entered the office, stating he wanted medical treatment, and to have stolen the money from a shelf during the doctor's absence.

## FLEMING RAPS RAILWAY BOARD

Says Power Vested Is Incentive to Strike—Labor Men Reply.

Said R. J. Fleming yesterday to the press: "The province has created a body which has the power to take our system away from us—to seize the property of Toronto Railway shareholders, to destroy the company's credit, and to impair the value of the shareholders' assets. Such a power, vested by law in the Ontario Railway Board, is a direct incentive to strikes. I say that advisedly. It is a direct encouragement to the employees to demand impossible wages and to strike in order to get them. For they know that in such a struggle the fight will not be between themselves and the company, but that a third party, the Ontario Railway Board, will intervene with all the unjustifiable powers wherewith the province has equipped it."

Labor opinion regarding these sentiments is that the arguments works both ways. Many of those interviewed yesterday stated that the "unjustifiable powers" referred to by the general manager of the Toronto Railway Company was not peculiar to the Ontario Railway Board. If it was true that the powers of the board extended beyond the boundary of mediation, its powers were vested in it for the better administration of its aims, and the satisfactory settlement of all industrial disputes after all other means had failed.

## COUNCIL INSPECTS WORK ON HARBOR

Fourteen Million Dollars Have Been Expended To Date.

Members of the city council were taken on a cruise yesterday by the harbor board on the steam yacht Bethama, and an inspection of the harbor works now in process of development, was made. His Honor Lieutenant-Governor Clarke, chairman of the harbor commission, was a member of the party.  
Before setting sail a brief meeting was held in the harbor commission office, and figures relating with the work accomplished were given out. Up to date the harbor commission has expended \$14,000,000. Money is usually raised by the selling of debentures when the year's work is laid out, and until it is used the funds are placed in the keeping of trust companies at 4½ per cent.

A question was raised as to whether the east end was getting a fair share of the expenditure. Lieutenant-Governor Clarke said: "The board are only too willing to develop this work in the east end. I am very sorry the impression has got out that we are spending money in the west end to the detriment of the east end. We have spent much money on improvements east of Bathurst street, and east of Cherry street, and it is hardly fair to say that all our money has been spent in the west end."  
The party first cruised to Ashbridge's bay, and viewed the development that has taken place there, and then sailed west to Sunnyside, where lunch was served.

## U. S. ARE PLAINTIFFS

Sue Brantford Firm For Lands and Damages Following Munition Contract.

Yesterday evidence was laid before Mr. Justice Kelly in the action brought by the United States of America and Sidney S. Underwood, acting under the orders of the chief of ordnance for the United States army, and under the authority of the secretary of war for the United States of America against Motor Trucks Limited, asking for a declaration that certain lands at Brantford are held by the defendants in trust, for a reconveyance of \$84,062.54 and \$342,434.35, the consideration for the whole of which has failed, according to the allegations of the plaintiffs. Plaintiffs also seek a lien on the property and the appointment of a receiver pending trial.  
The action arises out of a contract in connection with the manufacture of high explosive shells. The hearing was adjourned.

## GROUND OPENS SATURDAY.

The new Greenwood athletic ground will be opened to the public on Saturday next. Invitations have been sent to the mayor and city council to be present, and arrangements are being made in connection with the opening ceremony by the parks department, which will take the form of a double-header game by the Riverdale Baseball League. A band concert will also be given and other interesting events.  
The grounds are the finest in Ontario, containing 13 acres, and will have three entrances, at Gerrard street, Greenwood avenue and a western entrance.

## McBRIDE HAS PLANS

The suggestion published on Saturday, that ex-Contralto McBride would be a candidate for the vacancy likely to occur on the board with the appointment of railway commissioners, was today shown to be a false alarm. The ex-contralto announced that he will be a candidate for the mayor's chair again next January, and that he will be a candidate for nothing else in the meantime.

## CARRIED LIQUOR ILLEGALLY.

Because he carried a bottle of liquor from his own house to that of a friend, William Howard was in yesterday's police court fined \$200.

## DRUNKEN AUTOIST JAILED.

For being in charge of an automobile while under the influence of liquor, a man named Walsh was, in yesterday's police court, sentenced to one week in jail.

If you desire to see my light, you must minister off to my lamp.—French Prov.

### LAND OF THOUSAND LAKES.

There are more than one thousand lakes in Algonquin Park. To the excitement of the fishing to be enjoyed in this region, there is undisputed testimony. Fish caught in the waters of the park have won each year many of the national competitions open to the anglers of the continent. The region is 285 miles west of Montreal, 189 miles west of Ottawa, and 200 miles north of Toronto. It is 2000 feet above the level of the sea. All the requisites for a camping, outing or canoe trip may be had at reasonable rates at "The Highland Inn," Algonquin Park station, Ont. Apply to any agent of the Grand Trunk Railway for illustrated literature, or to C. E. Horning, D.P.A., Toronto, Ont.
