Dear Sir,

I have your letter of the 11th. instant with clipping from the Parry Sound Canadian.

The Department is sorry that you are annoyed in this way. We are quite satisfied that you are doing the best that you can for these Indians. I have no comment to make because I know that you can deal with the matter satisfactorily yourself. The only suggestion I would offer is that you make your reply as brief as possible. So far as the Department is concerned we avoid newspaper controversy but I appreciate the fact that it is necessary for you to make some reply in this case.

Yours very truly,

J.M.D.
