By "Fruit-a-tives"

Warkenton, Ont., May 24, 1911.
"My trouble was extreme Nervousness, brought on by indigestion or dyspepsia, from which I suffered in the worst form. I asked Mr. Hunter, my druggist, about 'Fruit-a-tives' and he advised me to try them."

I took several boxes and am pleased to say I am now enjoying fine health. I honestly believe I owe my health to 'Fruit-a-tives' and strongly advise anyone suffering from indigestion, dyspepsia, Nervousness or Sleeplessness, to commence using 'Fruit-a-tives' and continue this remedy until a cure is accomplished.

WIFE'S HEALTH
RESTOREDHusband Declared Lydia E.
Pinkham's Vegetable
Compound Would Re-
store Her Health,
And It Did.

Ashland, Ky.—"Four years ago I seemed to have everything the matter with me. I had female and kidney trouble and was so bad off I could hardly rest day or night. I doctored with all the best doctors in town and took many kinds of medicine but nothing did any good until I tried your wonderful remedy, Lydia E. Pinkham's Vegetable Compound. My husband said it would restore my health and it has."

Mrs. MAY WYATT, Ashland, Ky.

There are probably hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve women's suffering.

Read What Another Woman Says:

Camden, N. J.—"I had female trouble and a serious displacement and was tired and discouraged and unable to do my work. My doctor told me I never could be cured without an operation, but thanks to Lydia E. Pinkham's Vegetable Compound I am cured of that affliction and have recommended it to more than one of my friends with the best results."

Mrs. ELLA JOHNSON, 324 Vine St.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BARKING MILLS

Chatham World.—Mr. Beasley is putting a crew to work on Monday to take down and ship half of the machinery of the Morrison Cove barking mill—namely, fifteen barkers, three rollers, and cutting up gear. This machinery will be sent to Gaspe, where the Dalhousie Lumber Co., another subsidiary of the International Paper Co., is erecting a barking mill. Mr. Beasley proposes to run the remaining half of the Morrison Cove machinery next summer instead of operating the Richards' mill day and night as was done last summer.

LABOR CANDIDATES

The Fredericton Labor Council has decided to take a part as an organization in civic politics, and already steps are being taken towards placing candidates in the field at the next civic elections. It is not the intention of the Labor Council to place a complete ticket in the field.

Exhausted Nerves
Sleepless NightsContinually Grew Worse Until On
Chase's Nerve Food Restored
Vigor and Strength

Mrs. Campbell.

What misery to lie awake nights and think of all sorts of things without being able to get the rest and sleep which is necessary to restore the nervous energy wasted in the tags of the day.

This symptom of sleeplessness is one of the surest indications of an exhausted nervous system. You must have sleep or a breakdown is certain. Dr. Chase's Nerve Food feeds the feeble, wasted nerve back to health and strength. In a few days you obtain the natural, restful sleep which helps so materially in restoring vitality to the nerves and strength to the whole body.

Mrs. Sarah Campbell, 108 Alma street, St. Thomas, Ont., writes: "For months I was so bothered with nervousness that I could not sleep nights. There were other symptoms of exhausted nerves, but none caused so much misery, and I found myself continually getting worse. I began using Dr. Chase's Nerve Food, and it was not long before I noticed great improvement in my health. It built up the nervous system wonderfully, strengthened the nerves and enabled me to rest and sleep well."

Dr. Chase's Nerve Food, 50c a box, 6 for \$2.50, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

JAMES R. KEENE LEFT
FIFTEEN MILLIONS OR MORE

New York, Jan. 4.—The funeral of James R. Keene, millionaire flautist and racing stable owner, took place yesterday at Grace Episcopal church. He is said to have left a fortune estimated to be between \$15,000,000 to \$20,000,000.

Hundreds of messages of condolence have been received both by Fitchell Keene, Mr. Keene's son, and Mr. Daingerfield, his father-in-law. Many of them were from friends living abroad. At the entrance to the church stood William Roman, Mr. Keene's confidential agent in the financial district, and Algonquin Daingerfield, a nephew of the deceased, whose own father, Major Fox Hall Daingerfield, died in Lexington on Sunday. Both hurried from the church before the services were over to go to Lexington to attend the funeral of Major Daingerfield.

AMUSEMENTS IN ST. JOHN:
WHAT THE PLAYHOUSES OFFER

K. B. AT UNIQUE.

For more than a month past the Unique Theatre have wondered the meaning of the signs placed in a conspicuous place in the lobby, reading "K. B. What do they Stand For?" Visitors to this cozy amusement house last evening were told the secret and one and all agreed that it was one of the best things of its kind ever presented in a local motion picture theatre. An opportunity will be given the more curious again this afternoon and evening to ascertain what the mystic letters stand for, it is something well worth finding out, and after the knowledge has been gained, it is most likely that K. B. will mean something worth while to us lovers of the pantomime art as exploited on the thin strip of film.

TIANITA MIDGERS AT LYRIC.

A novel and interesting vaudeville attraction was presented at the Lyric Theatre last evening in the Tianita Midgers, a lady and gentleman, who belong to the Lilliputian world, offering an act of music and comedy, and ending with an amusing burlesque boxing match. The tiny performers are hardly about three feet in height, and to watch their antics is richly amusing. They remind one of the days of General Tom Thumb, and in fact look more like two dolls dressed up to the occasion than anything else. Once they started to create heavy laughter, in which they, indeed, this idea is banished and all set back in their seats to enjoy a few minutes of novel entertainment. Special matinees will be held this and tomorrow afternoon for the benefit of the children, who after school hours can behold two of the smallest people in the world, as well as enjoying a picture programme of great educational value.

MORNING NEWS OVER THE WIRES

A delegation appeared yesterday before the council in Fredericton asking that a police commission be appointed, one member by the city annually and others by the lieutenant-governor-in-council triennially. The chief speakers in support of the motion were Dr. Stevens, Bishop Richardson and E. A. McKay.

When the dominion commission for inquiry into the pilotage system between Father Point and Quebec is in session, Captain Webb, of the Hudson Bay Steamship Company, will lay before it evidence concerning the grounding of the steamer Bonholm on two occasions within twelve hours in good weather. A pilot was in charge.

J. T. Ellis, M. L. A., for West Ottawa, was elected mayor of Ottawa yesterday by 1,000 majority.

A suit for divorce has been begun in Maine by Mrs. Mary J. Sirois against her husband, James Sirois, who is at present serving a term of five years in Dorchester on a charge of obtaining money under false representations. It is said he was living with another woman at the time of his trial and before.

The body of Miss Catherine Rankine of Woodstock was brought there yesterday. Eight men were killed yesterday near Tonlon, France, in an explosion aboard the French battleship Massena. The steam collector pipe of one of the boilers burst. The crew of the bark Carrie Winslow, numbering eight sailors, the mate and captain, and the latter's wife, were brought to Philadelphia yesterday on the British steamer Syndia, whose crew braved the raging seas in the last lifeboat they had left, to effect the rescue.

NO TIN-POT TITLES FOR HIM

Chatham World.—The editorial business is becoming dangerous. Editor Wm. Dennis, of the Halifax Herald, was made a Senator the other day, and now Editor J. S. Willson, of the Toronto News, has been knighted. We think we'll get out of the editorial chair in time and take to oyster culture or fox farming. No live editor can enjoy life in the Senate or feel any increase of personal dignity by having a title conferred upon him.

POLK FARMS DISPOSED OF

At Blackville four farms have been taken over by the farm settlement board and within a few hours were disposed of to people in the vicinity. Those acquiring properties under the board's agreement are Mr. Stewart, Wm. Donohue, J. McDougal and Mrs. S. Stewart. The latter, who is the mother of seventeen children, secured a farm for one of her boys not yet of age. Mr. Donohue, with a family of eight, has lived on a rented farm for a number of

DUKE MAY VISIT PORTLAND

The Portland correspondent of the Bangor Commercial writes:—
It is now expected that the 43rd Rifle of Ottawa, one of the noted Canadian regiments, will be in Portland, Me., during the summer. The command is the special regiment and guard of whoever happens to be governor general of Canada, and the office is now filled by His Royal Highness the Duke of Cornwall, the uncle of King George V., and the king is the honorary colonel. The duke is an accomplished skier and so it is almost assumed that in the event of the coming here of the 43rd he might be with them. The possibility of a visit to Maine by the regiment was suggested several weeks ago and advices from Ottawa are to the same effect.

Before the civil war, the then Prince of Wales, afterwards King Edward VII. came here, and it may be that the Duke of Cornwall may remember that incident in the life of his brother, and that he may want to see the Portland of today. The regiment ranks very high among the crack

Motor Ice Boat on North Shore

(Chatham World).

Michael White, of the Millerton tannery, who used to run Sinclair Bros' motor boat, has built a motor ice-boat that promises to be a great success. There are two forward runners, as in the sailing ice-boat, and a wheel, with cogged tire, where the steering plate of the ice-boat is placed. The engine is geared to this wheel. The forward runners are on pivots, and are controlled by the steersman or motor man.

LAYING RAILS ON VALLEY ROAD.

(Fredericton Gleaner).

The first eighty pound steel rails were laid on the St. John Valley Railway on January 1st, 1913, on the Scott & Kelly contract below Woodstock. Thirty cars of rails, enough steel for seven miles of the road, have already arrived at Woodstock and are being unloaded at the siding on Scott & Kelly's yard. A steam shovel was installed on the work this week and will be engaged on the heavy work on the contract throughout the winter.

"Our light grading work is about all finished on the twelve miles of the line we are building," said Mr. Scott, "and we expect to have the line ballasted and ready to run by July 1st next. Under favorable conditions we expect this will be possible."
