What Second Class Scout Must Know—Troops and Packs Report

Besides the regular Scout and Cub meetings the activities for the Boy Scouts Association in Saint John for the last week included the season's first meeting of the Cub leaders' study circle.

The assistant district cub commissioner will be in charge and will be assisted by other experienced Cub leaders.

LECTURES GIVEN The lectures for the week were by Scoutmaster Boyaner at Mission church headquarters on Thursday evening.

She Could Hardly Do Her Household Nerves Were So Bad

Mrs. I. M. Parks, Concession, Ont., writes: "I had heart and nerve trouble, and became so short of breath I could hardly do my daily household work, and was so nervous I could not think of staying alone, as every little sound I heard felt like a shock to me."

I Saw recommended, so I tried a box, and after taking the second one I am feeling like a different woman."

RED PIMPLES ALL OVER FACE Also on Shoulders. Lost a Lot of Sleep. Cuticura Healed.

Stratford, Ontario. "After my first baby was born I started to work on the tenth day and did a big washing on the twelfth day. Being so young I was married and I don't know what was the matter, so let it go until I was all run-down, weak and nervous, and had a bad displacement. For nearly two years I could not sleep and I would always complain of having not a head-ache, but a pain-ache. My mother is taking Lydia E. Pinkham's Vegetable Compound and she recommended it to me. After taking two bottles I began to get a little sleep and to feel better and I have never left off since then, except for about three months. I can safely say I have taken thirty bottles since my second baby was born. I think it makes child-birth easier as I had terrible pains with my first three children and very few with my fourth as I was so much stronger. I am now able to do my work alone, but I am still taking the Vegetable Compound as I am nursing baby."—Mrs. Dora Pratt, 49 Cherry Street, Stratford, Ontario.

SHREWSBURY, Jan. 16.—A new scheme of educational insurance was discussed at the Headmasters' convention here. The object is to provide for the education of a boy whose responsible parent might be killed by accident. A well-known insurance company has offered to handle the scheme, guaranteeing a school payment of \$200 per term for the payment of a premium of \$5 per term. This premium would be paid direct to the school authorities in the same way as all other charges, and on the death of the parent payment of school fees would be continued, thus assuring continuation of the child's education.

Rebuilt City Asks For Population. PARIS, Jan. 16.—While the people of Paris are clamoring for houses, flats and apartments, there is within a few days' journey a newly rebuilt city begging for inhabitants. It is the city of Rheims, of which the war left very little, but which is now a city of fine houses, large stores and factories. The Cathedral, towards the reconstruction of which Mr. Rockefeller contributed some \$5,000,000, will be ready. It is anticipated, for the Easter season.

CANADIANS ENDORSE THIS MEANS OF RESTORING HEALTH

The Tonic Treatment for Building Up the Blood and Giving Strength to the Nerves Meets the General Approval of the Public

All over Canada people who have been run-down in health are finding new strength and vigor in a treatment so simple and so rational that it causes no inconvenience or disturbance of the regular routine of daily life, and so effective that words of commendation for it are being received from all parts of Canada. Rest out-of-door air and a good tonic to build up the blood and strengthen the nerves to get the best out of the treatment that is proving so successful.

When the body is weak and the blood thin it is sometimes difficult to find the cause, unless a wasting illness has preceded or the sufferer has been a girl in her teens when she will have less exertion. When I began using Dr. Williams' Pink Pills I weighed 95 pounds. In one month this came up to 107 pounds, finally I regained by normal weight. In my case Dr. Williams' Pink Pills did all that was claimed for them, and I have found them an ideal blood maker and tissue builder. I have and will recommend these pills wherever occasion offers.

His Indigestion Banished. The urgent need of all who suffer from indigestion is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food taken. New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood and this accounts for the speedy relief in stomach disorders that follow the use of this medicine. The following statement from Mr. Donald J. Latta, Lakeville, N. S., proves the value of these pills in cases of this kind. He says: "A couple of years ago I had a bad attack of indigestion. I had little or no appetite and what I did eat did not agree with me and caused me much pain. As a result of this trouble my general health broke down, and I finally had to give up my work. I had taken doctor's medicine but it did not give me any relief. Then a friend advised me to give Dr. Williams' Pink Pills a trial, and I got six boxes. Before I had taken the third box I found they were helping me, and by the time I had taken the fourth box I was in a badly run-down condition. My appetite was poor, I was constipated and suffered six boxes every symptom of indigestion had disappeared, my general health had improved and I have since been in the very best of health. I look upon Dr. Williams' Pink Pills as a wonderful medicine for all who are run-down."

A Rheumatic Sufferer. The most a rheumatic sufferer can hope for in rubbing something on the tender aching joint is a little relief. No lotion or liniment ever did or ever can do more than this. The rheumatic poison is rooted in the blood. To get rid of it you must treat it through the blood. If you want to get right to the root of the trouble in the blood, take Dr. Williams' Pink Pills. The whole mission of this medicine is to purify and enrich the blood, and when they do this all blood troubles, including rheumatism, disappear. Among those who have proved the value of Dr. Williams' Pink Pills is Mrs. Annie Wright, Woolchester, Ala., who says: "I was a sufferer from rheumatism for six years, and during most of that time my life was one of misery. I tried several doctors, and many remedies recommended, but never got more than temporary relief. The trouble seemed to affect my whole system and I was badly run-down and suffered from headaches as well. Finally I was advised to try Dr. Williams' Pink Pills, and through these I found complete relief and today I feel like a new person. I can therefore strongly recommend Dr. Williams' Pink Pills to anyone suffering as I did from this trouble."

Keep Your System Toned Up. Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now. If you will send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., a little book, "Building Up the Blood," will be mailed you prepaid. This little book contains many useful health hints. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
