A. R. Gould's Statement to Con-
servative Meeting in Centreville
—Hazen Speaks of Contract
About to Be Let

Centreville, Carleton county, Sept. 16.—A Conservative meeting was held here this evening and was addressed, among others, by Premier Hazen. Evidently with the hope of making some capital for the provincial government, Mr. Hazen had A. R. Gould, president of the St. John & Quebec Railway Co., present. Referring to Mr. Gould as the contractor with whom the provincial government was about to enter into a contract for the building of the St. John Valley Railway, the premier called upon Mr. Gould to speak regarding the Valley railway situation.

Mr. Fleming was announced as a speaker at this meeting but he did not turn up. Mr. Hazen said that he expected the contract with Gould would be signed within ten days. Many of those present remembered that Mr. Fleming made exactly the same statement some weeks ago, and they wondered why Mr. Hazen should spring the same old story.

The audience realized that the dominion government, while ready to carry out its part of the Valley scheme, had in referring to the Valley railway, while giving credit to the provincial government for agreeing to guarantee the bonds, he was very emphatic in stating that when he went to Ottawa and saw the Minister of Public Works he received all possible assistance. The Ottawa authorities, he said, seemed exceedingly anxious that there should be no delay in commencing construction and showed no hesitation in agreeing to give the dominion subsidy for the line, and also assistance for the large bridges, and to lease the line, operating it in sections as completed.

The audience seemed pleased to hear that the provincial government had at last, after months of procrastination, decided to enter into a contract with the St. John and Quebec Railway Co. for the building of the line, but more so that it was to be operated as part of the Intercolonial Railway, thus carrying out the views of Mr. Carvell and those of the Minister of Public Works.

Mr. Gould did not touch upon the political situation in Canada, and in referring to the Valley railway, while giving credit to the provincial government for agreeing to guarantee the bonds, he was very emphatic in stating that when he went to Ottawa and saw the Minister of Public Works he received all possible assistance. "THE MAN BETWEEN"

The Canner, the Packer, the Prepared
Food Manufacturer

He Is the One Who

IS FIGHTING RECIPROCITY

Tooth and Nail

The Tariff Protected "Interests" Want to Keep
Up the Cost of Living
AND THIS IS WHY

Because they know in their hearts and souls that the removal of duties on food-stuffs will force them to sell cheaper.

That Millions of Dollars Will Be Saved the Family Man when Reciprocity cuts into their enormous profits.

That little trusts and combines among canners, packers and others will become reasonably impossible with cheapened materials. The public will know better.

That the unfairly wide margin of profit between producers prices for the raw goods and grocery store quotations on the manufactured article will be exposed and "nalled."

In a word, the present tariff arrangement covers a multitude of manufacturers' sins. It is a protecting shield that makes the family man pay up, shut up and look pleasant.

RECIPROCITY WILL GIVE

- Cheaper Eggs when our own hens are not producing.
- Berries and other Early Fruits and Garden Produce when snow is on the ground here—at American prices.
- Cheaper Bacon and other Pork Products.
- Cheaper Canned, Salted, Smoked and Pickled Foods.
- Cheaper Prepared Cereals and Dessert Preparations.
- Etc. Etc. Etc.

Not Mentioning Many Other Articles Under Reciprocity.

It's High Time Canada Squirmed Out of the Tightening Grasp of the Food Pirates.

STRIKE YOUR BLOW THURSDAY

MAJORITY OF 1,000 IS PREDICTED FOR MR. TURGEON IN GLOUCESTER

Hon. Mr. Pugsley Addresses Great
Meeting and Wins Conserva-
tives to Support of Reciprocity

Bathurst, Sept. 16.—The people of Bathurst were privileged this evening to hear one of the finest states of the campaign delivered in the Opera House to a record attendance by Hon. Wm. Pugsley, minister of public works.

Several Conservatives who attended the meeting tonight spoke to members of the Liberal committee afterwards and announced their intention of voting for O. M. Turgeon, the late member, in this election. This was caused primarily by the minister's exposure of false canvases by which Conservative speakers have sought to mislead the people, the statement having been made, for instance, that American fishermen would be allowed within the three-mile limit and also that the reciprocity agreement was as binding as a treaty and could not be terminated at any time.

Mr. Turgeon was not present at tonight's meeting as he has been campaigning in the eastern extremity of the county, at Carleton Place, and was unable to make connection in time to arrive to meet the minister. His cause was well looked after, however, by J. D. Byrne, the chairman of the meeting tonight; P. J. Veriot, collector of customs at Bathurst; Angus Maclean, the manager of the big mills at Bathurst; J. Leggett, M. P. P., and other gentlemen who are taking a prominent part in the winning fight for the return of the Liberal member.

The prediction is confidently made here that Mr. Turgeon will double his majority of 400 odd in this election and may possibly lead his opponent by 1,000 votes.

DEATH OF WM. PETERS

William Peters, one of St. John's oldest and best known citizens, passed away Saturday. Mr. Peters, who was the grandfather of the late Mr. Peters, was born at Upper Hamstead, Queens county, on Sept. 20, 1821. He was, therefore, 90 years of age.

He lived for some time at Indian town, where he carried on a grocery business. Later he conducted a business in Charlotte street. At one time he had the tannery on the site that is now occupied by the Opera House. He erected the building now occupied by Gilling Bros. as a candy factory; and here he carried on his tannery business for twenty-one years.

Societies had no claim for Mr. Peters. His only membership was that of the Grand Division of the Sons of Temperance. He was alderman of the city for Wellington ward for seven years about the time of the great fire, and it was under his direction, as chairman of the police committee, that the present central police station was built.

Mr. Peters was very active in connection with the work of the Waterloo street Baptist church, and for a long time was superintendent of the Sunday school. For the last few years he has been the honorary superintendent of the school.

On May 27, Mr. and Mrs. Peters celebrated the sixty-fourth anniversary of their marriage. There are about thirty living descendants of the pair today. Mrs. Peters survives and the children are Mrs. Hamilton, in Victoria (B. C.); Mrs. Charles Baker, Mrs. W. Peters, jr., and Mrs. De-Mille, in St. John; Frederic A., in Denver (Col.); and George B., in Worcester (Mass.).

The funeral will take place from the Waterloo street Baptist church on Tuesday afternoon at 2.30.

His wife, who is ten years his junior, was born at Wickham. Her parents, Mr. and Mrs. Benjamin J. Underhill, moved to St. John when she was still a child.

Although a Free Baptist, his wedding ceremony was performed by Rev. Mr. Rice, a Methodist clergyman, as his own pastor was unable to be present. The wedding took place in a little cottage which stood on the site now occupied by the Bishop's Palace.
