

about him. The two sgt's would bring him up. I tried to follow him after he left NAAFI - but couldn't find him. I wasn't very sober myself. I didn't know any tables over. I paid for food - and brought food for 4 back to the table. Alcohol and I were drinking was up to the time I left him. I know effects of alcohol - not used to this wine - never had wine before. I went cooking for him - saw truck at main road jumped on & went home. I left him for $\frac{1}{2}$ hr. The English sgt didn't turn up. I didn't know any place to get liquor in Philippeville after 7:30 pm. I didn't know the accused was going any place later.

I know the accused. I was in Philippeville on night of 14 Jul 42. I saw accused at round about at the end of the business section. I saw accused between 8:15 and 9:00 o'clock. I got a lift back as far as English Camp. As far as I could see he was very drunk. He didn't recognize me when I spoke to him. We were in the same platoon. I lost him in the crowd getting into the truck.
