It is estimated that in some parts the work will run up to \$60,000 a mile, and it may take twelve months to compete the grade. The tenders have all to be in by September 6th.

In connection with the line along the shores of Cameron lake, it is said the company has not finally decided upon which side of the lake it will follow. Surveys have been made on the same side as the present wagon road and also on the opposite shore. The de-

At present the E. & N. has the grading of the road practically completed from Wellington, the present ter-minus, to French creek, a distance of 24 miles. A heavy rock cut, not far from Wellington, is the only portion emaining incomplete.

Eight miles from the 100th mile post to the 108th mile post at Camero lake was recently let to Moore & Dickson. The section which is now to be let ONE MAY SUCCUMB takes the remaining 271/2 miles of th
