I inspected the street bent the 1st and 10th of February, and found two water closets connected with box drain. I served notices on the owners on 13th February, called about two weeks after and still found one closet connected. The plumber has got orders now to disconnect the closet and said this would be done forthwith. I have now inspected the houses and the closets are both disposed of.

2. Re application of Thomas Alexander for permission to keep 18 milch cows

The electric light committee reported as follows:

3. Communication from Noah Shakespeare complaining of stench at the outlet of the Work Estate surface drain at Rock Bay, I may say that in a report I submitted to your honorable body last year, I suggested that a box be constructed to carry discharge from the surface as far out as low water mark, and if this improvement were carried out, the ground filled in. which I understand is city property. I have not the least doubt but that would remedy the nuisance complained of, as at high tide the odor emanating from discharge of surface drain is scarcely perceptible.

Section 1 was adopted, and it was decided to send a copy to F. A. Jackson.

In connection with section 2, the petition of 25 against allowing Thomas
