MR. FOSTER GIVES AN ADDRESS AT AMHERST

Mass Meeting Held Last Night in the Interest of the Conservative Party.

AMHERST, N. S., Sept. 12.—A mass meeting in the interests of the Conservative party was held here in the Winter Fair building, T. S. Rogers, the Conservative candidate at the last election presided. There were about one thousand people present and the best of order and harmony prevailed throughout the meeting.

Mr. Foster delivered practically the same address as he has given at other points in the Maritime Provinces. His address was more of a lecture on the sacredness of the ballot than a political address. He made a brief passing reference to Borden's platform and gave most of his time to attacking the Liberal government for non-fulfillment of promises.

He claimed that the Liberal party had not carried into effect one pledge as laid down in its platform of 1893, and contended that as the leaders of the party had not carried their pledges into effect they had forfeited the confidence of the people.

He claimed that the prosperity and progress of the country was due to the national policy of the Conservatives. Addresses were also given by Mr. C. R. Smith, K. C., and J. C. O'Mullin of Halifax.

The meeting was not marked with any great show of enthusiasm.

Mr. Foster was quite up to the usual role as a platform speaker.

DISCUSSED DATES FOR ONTARIO BY-ELECTIONS; THE WESTERN JUDGES

OTTAWA, Sept. 17.—At a meeting of the government this afternoon there was a discussion of the question of fixing the date for the three by-elections to be held in Ontario in the constituencies of London, caused by the death of Edward Cochrane, and in North Wellington, caused by the death of Thomas Martin. It was decided that the writs should go out in about five weeks.

Regulations for the operation of the new mint have been adopted. The silver coins which are to be stamped are the same as those now current, viz., five, ten, twenty-five and fifty cents pieces. A copper cent will also be issued.

J. H. Lamont, attorney general of Saskatchewan, was today appointed judge of the court of appeal, and M. D. Beck, of Edmonton, was appointed judge of the court of appeal for the western provinces. Mr. Lamont was for a time in the federal house as representative of one of the western constituencies.

GRAND JURY FOUND TRUE BILLS

TORONTO, Sept. 17.—The Grand Jury at Walkerton found true bills against Agnes Thomas for manslaughter, and John William Walker and Robert Leggister, rioters, who on August 26th, raided the tent at Warton occupied by Agnes Thomas and Stella Lamont. During the raid Agnes Thomas shot and killed Philip Gilbert. The trial of the rioters commenced this morning.

COLORS AND THE EYES.

Green is the color most beneficial to the eyes in diffused light and reds and pinks the most harmful. In a strong direct light, however, blue and neutral tints are the best for the eyes and pure white the most harmful, as is proved by the phenomenon of snow blindness.

DASHED HIS CHILD'S BRAINS OUT WITH SICK OF WIFE

Terrible Deed of Honore Beaulieu, a French-Canadian Farmer of Madawaska County, Who Killed His Four-Year Old Daughter Before Her Mother's Eyes—Brought to Fairville Hospital Last Night.

With the arrival here late last night of Honore Beaulieu, a French Canadian farmer of Baker Lake, Madawaska county, came the story of a terrible crime.

Last Sunday morning while in a state of frenzy Beaulieu seized a heavy block of wood, and struck his four year old daughter a terrible blow on the head killing her instantly.

Beaulieu's wife and two men were present at the time and divined the crazed father's intention, but before they could disarm him the bleeding body of his child was stretched at their feet.

Beaulieu, who is a comparatively young man had been showing symptoms of insanity for some time and had been kept under a close watch, although he had not given indications of a homicidal tendency previously.

The unbalancing of the man's mind is attributed to excessive worry over business troubles.

Pathos is added to the terrible affair by the knowledge that Beaulieu was a very devoted father, the little girl killed in his irresponsible condition being his favorite child.

After the maniac's terrible deed the authorities at Edmundston were communicated with and Beaulieu was taken to the jail in that town. He gave the officers considerable trouble before they succeeded in incarcerating him.

On Monday, during his confinement, he savagely assaulted another prisoner, a comparatively named Octave Bossé, whose cries of pain and fright brought the jailor and others to his assistance. Bossé, who is an old man, was badly injured before being rescued from his infuriated assailant.

Beaulieu was brought to St. John last night by an officer from Edmundston and taken to the Provincial Hospital for Treatment of Nervous Diseases at Fairville.

MUCH BUSINESS TRANSACTED AT LOCAL GOVERNMENT MEETING; THE EXHIBITION

FREDERICTON, N. B., Sept. 17.—The local government met in session here all day today and did not adjourn until after midnight. The time was almost entirely taken up with routine work. This morning Messrs. Long-er and Sanford, the latter solicitor for Grand Falls Power Co., were heard. They asked that plan No. 3 be approved. The matter was left with the provincial engineer to report upon. This evening several delegations were heard. Col. McLean was heard in behalf of granting license for oil bearing hole in Albert County. A large delegation from Sucton's including Mr. Carré, M. P., James Reid, Jr., Edward Alexander and others were heard. A number of persons of local importance were heard for fishing in Quebec. The delegation asked the government to take the matter up with the master province.

A. F. Hannington appeared for the Empire Cream Separator Company, in asking for license to do business in the province.

A. S. White, on behalf of the Maritime Dairy Co., in asking for the request. The government will consider the matter. From what can be learned there will be no re-construction of the Quebec government at this session. Lieut. Government of this session. Lieut. Government of this session.

The judges today finished judging poultry, cattle and horticulture. In the Empire Cream Separator Company, the majority of prizes, while F. W. Black of Amherst won in the Horticulture. In horticulture, J. B. Bell and Son got most of the first prizes while A. Alward obtained also a number. W. B. Snowball of Chatham was awarded first in the sweet peas display.

WILL REMAIN IN PUBLIC LIFE

Hon. Mr. Emmerson Says He Has No Intention of Retiring, and Will be in His Seat Next Session.

Talking to a friend while in the city last week, Hon. H. H. Emmerson gave emphatic contradiction to the report that he intended to retire from public life. He could not imagine what had given rise to such a report. "The people of Westmorland," he said, "have elected me as their representative, and have expressed satisfaction with the way I have served them and I know of no reason why I should retire. As a matter of fact, I intend to be in my seat in the House of Commons during the coming session, to take part in the work of that body as far as the interests of my constituency and the country at large. If anybody is worrying over the fact that I will attend this year as a private member, while last year I was a cabinet minister, he may rest assured that none of the members of my party will be so foolish as to voluntarily, under conditions which I have fully explained. My constituents express their hearty approval of my action and have since given me many indications of the continuance of their support. Since the last session closed I have been very busy with my personal affairs, which, I may add, I find much more profitable than public service."

Mr. Emmerson is at present in the Opera House last evening by Robert B. Mantell and his talented company was in every way an artistic success. Mr. Mantell's interpretation of the title role, as compared with his former visit here, showed a richer development of his genius. His great ability and thorough understanding of the spirit of the play was especially marked in the stronger scenes. In the first act the audience was particularly struck by the murder scene. In the third act, and in the banquet scene in the fifth act, Mr. Mantell's delineation of Macbeth's terror was a superb piece of acting, and these were perhaps the strongest parts of the play.

Miss Marie Booth Russell took the part of Lady Macbeth in a most effective manner. Her scene with the murderer of Duncan, and in the sleep-walking scene in the last act, her acting was admirable. Through the play, indeed, Miss Russell's conception of the role was admirable.

Francis McGlin's Macduff fully sustained the high reputation enjoyed by him. In the scene in the wood, in the fourth act, particularly, he showed a strong Macduff, and this was one of the most impressive parts of the play.

The rest of the supporting company took their parts most capably, and the play as a whole was perhaps the most powerful that has been given here since the people of St. John. Especial mention should be made of the magnificent scenery used on the present tour. This, with the well-arranged light effects, added not a little to the success of the production.

Tonight, for the first time in this city, Mr. Mantell will give Shylock. There is great interest in his interpretation of this, probably the best known of Shakespeare's plays, and there will probably be a large audience present.

ASK THAT TREATY BE TERMINATED

Labor Congress at Winnipeg, Passes Resolution Dealing With Oriental Immigration Into Canada.

WINNIPEG, Sept. 12.—Today the labor congress had a busy session. The report of the committee on Oriental immigration was read by J. G. Odono-rucci, who, in his report, strongly condemned the influx of Japanese labor and concluded in the following terms: "And, whereas the continuance of the Japanese treaty act of 1906 means the depopulation of British Columbia of the white people and possibly the loss of that province altogether to the Dominion of Canada, therefore be it resolved that we respectfully but firmly ask the abrogation of the treaty so far as Canada is concerned."

2.—That as a necessary preliminary to that end the Dominion government be urged to immediately call upon the Imperial authorities to give the six months notice required to terminate the treaty with Japan.

3.—That pending the termination of the treaty, the Japanese authorities be called upon to restrict the immigration of Japanese in accordance with the alleged convention that not more than 400 or 500 be allowed to come to Canada during one year.

MEMBERS MUST BE VOUCHERED FOR

Everyday Club Re-organized Last Night With New Regulations—A. M. Belding President.

The Everyday Club met last evening at its rooms on Waterloo street for the purpose of reorganizing. The meeting was largely attended and enthusiastic. A. M. Belding was elected president; R. H. Cother, 1st vice-president; George McLaughlin, 2nd vice-president; J. W. McCosh, secretary-treasurer.

It was decided that the conditions of membership in the club be altered, only those who are vouched for by the membership committee are to be admitted to membership in the future. The privileges of the club, however, are still to be open to all.

The president was authorized by the club to nominate the membership committee and the officers were appointed an executive committee to deal with matters relating to the welfare of the club.

W. F. Hatheway and J. N. Harvey both addressed the club.

On Tuesday evening there will be another club meeting. It is expected that the rooms will be opened the first Monday in October.

MAY PURCHASE THE DOMINION ATLANTIC

BOSTON, Sept. 17.—It is reported here that President Miller of the New York, New Haven and Hartford Railroad, which is in control of the Boston and Maine, has made an offer of ten million dollars for the Dominion Atlantic steamship line. As the officials here refuse to talk it is impossible to verify the report.

"Tomorrow Charles W. Morse's new passenger line to New York begins its service with the Yale, late of the St. John route, and the Harvard, the latest acquisition to the Eastern Steamship Company's fleet. The project is apparently in opposition to the New Haven road, which owns several steamship lines to New York. It is expected that the attempt of the New York, New Haven and Hartford to purchase the Dominion Atlantic may be a move to threaten Morse in the provincial traffic."

BRITISH POSTAL FIGURES.

LONDON, Sept. 17.—The report of the postmaster general shows that during the year ending 31st March, 1907, letters and post cards dispatched to Canada and Newfoundland weighed 291,000 pounds; those received from Canada and Newfoundland weighed 249,000; circulars, books, newspapers distributed weighed 2,309,000; parcels dispatched numbered 209,690; received, 95,716.

PARTIES IN DEADLOCK OVER MILK QUESTION

BOSTON, Mass., Sept. 17.—A conference between the officials of the Boston Co-operative Milk Produce Company and representatives of the Milk Contractors over the prices to be paid the producers for milk the coming winter, which opened at the American House early this afternoon, was adjourned at a late hour tonight, the parties being in a deadlock. The farmers refused to accept less than forty cents per can. The contractors are understood to have offered from 35 to 37 cents. Any higher price paid the producers, the contractors claim, would necessitate charging 10 cents per quart for milk.

The conference adjourned to 12.30 o'clock tomorrow.

His Interpretation of This Great Part a Rare Piece of Acting—Miss Russell Also Scored.

AMUSEMENTS

Striking Pictures at Nickel Today

Today the Nickel's programme changes again. While there are no doubt many who have not seen the excellent pictures of yesterday and the day before, yet in justice to regular patrons of the big theatre the tri-weekly change must be made. Today at noon the following brand new views will be introduced: A Cage of Arson, being an old-time story of river pirates who rob a kindly old country gentleman, burn his home and try to escape. The chase in flat-bottomed boats down the winding river with only the glare of the burning buildings to guide them is not only weird and thrilling but is a triumph in photography quite remarkable. The picture aptly named Chrysanthemum is a charming elaboration of scenery and transformations in which pretty Japanese and blossoms take leading roles. The third picture is known as The New Stag Hunt, and presents an entirely new version of this sport, inasmuch as Frenchmen are doing the hunting. The stag is actually seen throughout the picture and is finally pulled down by the pack of hounds in mid-river. New illustrated songs and popular numbers by the orchestra.

Big Times at the Vic. Roller Rink

There was another big crowd at the Victoria roller rink, and all seemed to enjoy themselves. What more pleasant, more entertaining, more training exercise than the swinging, sliding, rolling on skates with the hum of many merry voices and the accompaniment of the band?

If you have not tried the rollers this season go down to the Vic tonight. Shake off that sad expression of yesterday. Put on the smile of today and enjoy yourself.

Miss Kathie Stockton held the lucky number 356 last night that won for her the ladies' door prize of a ticket for the Victoria roller season, including skates, and Herbert Rowley held the ticket 157 that secured a similar prize for him.

Two more season tickets will be given tonight, and every admission has a chance.

Queen's Rollways

A very large crowd of both skaters and spectators were present at the Queen's Rollways last evening, the occasion being the popular "ladies' night." There will be a band every night at this popular place of amusement. Tomorrow night the three mile race takes place, and those who want to see a close and exciting race should not miss it. All the doors are entered, and it should be skated in record time.

Happy Half Hour.

The present programme at the Happy Half Hour shows today. The pictures are Two Slates, The Easterner, Her Friend the Enemy and The Boss of the Kitchen, the latter one of the funniest ever seen in this city. The songs are When the Showbirds Cross the Valkyrie and North the Old Acon Tree, Sweet Estelle. The programme is a very excellent one and well worth a visit to those who have not yet seen it.
