

CLIFTON BRANCH OF
WOMEN'S INSTITUTE

Membership—Twenty-two and Good Progress Reported—Ice Poor this Year.

Clifton, Feb. 2.—Agriculture Society No. 23 will hold farmers' social in the hall at Long Reach, on Friday, February 6th. Mr. R. P. Gorham, assistant horticulturist for the province, will speak on apple culture and on the powdery mildew on potatoes.

On the following Friday, February 13th, another social will be held at this place in the hall. Mr. C. W. McDougall, provincial superintendent, will speak on dairy work on the farm, and the growing of alfalfa. Tea will be served from 6 to 8 p. m.

Canon Smithers held the services throughout the parish on Sunday last. At St. James' church, in the morning at eleven; in Trinity, at three o'clock, and in St. Paul's at seven-thirty.

Mr. Chapman has several teams of horses hauling out the lumber from the woods at Moss Glen.

On Friday while Mr. Edwin Peters and son, Charles, of Elmhurst, were removing some hay from Hog Island, Mr. Edwin Peters was struck by the binding pole and thrown off onto the ice, breaking his leg in three places. He was removed to his home, where he is doing as well as can be expected.

The ice this year is very poor. On Wednesday Mr. A. R. Wetmore, secretary of the Agriculture Society, had several teams hauling the fertilizer from Rothessy. Mr. N. N. Puddington got in with a load of fertilizer, barely escaping drowning.

The local branch of New Brunswick Women's Institute held its regular monthly meeting in Clifton Hall, on the evening of Tuesday, February 3rd. Routine business and a light refreshment of songs, recitations, dialogues, etc., was provided to the pleasure of a large audience who contributed generously to the silver collection levied for the new organ fund. Light refreshments were also served, the receipts of the evening totalling fourteen dollars. This branch institute has now a membership of twenty-two, and has recently received the yearly grant of five dollars from the Department of Agriculture, Fredericton.

Just One Application
And the Hairs Vanish

(Helps To Beauty)

Here is a very simple and effective way to banish objectionable hairs or fuzz: Mix into a stiff paste enough powdered delatone and water to cover the undesirable hairs, apply and after about two or three minutes remove the paste, wash the skin and every trace of hair will have disappeared. This method is quite harmless and leaves the skin soft and spotless. Be sure, however, to get the delatone in an original package, otherwise it may not be of the desired strength and purity.

ESTEEMED RESIDENT
OF GAGETOWN DEAD

Gagetown, Feb. 2.—The funeral of the late John McKinley, a respected farmer of this place, who died quite suddenly on Saturday morning, took place this afternoon from his late residence at St. John's church, and was attended by a large concourse of friends and neighbors. The pastor, Rev. Mr. Smith, conducted the services at home, church and grave. He spoke very feelingly of the loss all had sustained by the demise of one so much respected by all in the community.

Mr. McKinley was 78 years old. About 50 years ago he came up from the old home in Petersville and bought the well known Parson Clarke, or Mount farm, so called. There he made his home and has lived ever since. His wife, Isabel McKinley, died two years ago, and now he is laid to rest by her side in the churchyard. He leaves two daughters, Mrs. Mary Nelson of Philadelphia, Mrs. Fred Cooper of this place and an adopted son, Herbert McKinley, on the home farm; also one brother, Francis A. McKinley of Petersville, and two sisters, Mrs. Margaret Howe of Boston and Mrs. John McEwen of Vancouver, B. C., and 11 grandchildren and a large circle of nephews and nieces. Six nephews from Petersville carried the coffin to the grave.

Still Going
Brigs—"What did your wife say about your staying out so late the other night?"
Grigs—"Don't ask me yet. When she gets through with the subject, I'll condense it for you."

The Secret of
Good Digestion

In perfect health, with regular and healthful action of the liver and kidneys, you need not know there is such a thing as digestion or indigestion. Unfortunately, however, modern life is artificial, and not many people avoid suffering more or less from troubles of this nature.

The great secret lies in keeping the liver and kidneys in health and vigor, for then the food is passed quickly along the alimentary canal, the nutritious portions being assimilated in the blood stream and the poisoned waste materials are passed out of the body. When the liver and kidneys get wrong you will obtain relief most promptly and effectively by using Dr. Chase's Kidney-Liver Pills. If chronic indigestion is the trouble it must be by enfeebling the action of the liver and excretory organs. To persons who have thought only of the stomach as being the offending organ this may seem strange, but any competent physician will tell you this is correct.

HORTICULTURAL ASSOCIATION
REPORTS A PROSPEROUS YEAR

Hon. J. D. Hazen Re-elected President at Annual Meeting Yesterday—Many Additions to Zoo, both by Gift and Purchase—Several Changes in By-laws.

Hon. J. D. Hazen, Minister of Marine and Fisheries, was re-elected president of the St. John Horticultural Association, Joseph Allison and R. B. Emerson vice-presidents, J. R. Armstrong, treasurer, and H. N. Statson, secretary, at the annual meeting yesterday afternoon in the Board of Trade rooms.

In the absence of Hon. J. D. Hazen and J. D. Allison, the chair was occupied by R. B. Emerson.

Resolutions respecting the death of Hon. J. V. Ellis and Dr. G. Hay, were passed.

The following by-laws respecting the control and use of the premises of the association were adopted:

No person shall enter into or be within the premises of the association accompanied by his dog, and no person shall willingly permit a dog to enter in or remain with him on such premises.

No person shall feed to a bear in the association's premises pea or other nuts.

No person shall go down the toboggan slide in the association's premises except on a toboggan.

No person shall start a toboggan on the toboggan slide before the preceding one has come to a stop.

No person shall stand within a distance of ten feet from that portion of the toboggan slide which lies between the foot of the hill and the bridge.

No person shall walk with snow shoes in any portion of the grounds of the association other than on the paths.

The names of the employees of the park and garden were submitted to the chief of police and the magistrat and a request made that these men be appointed to act as policemen while at work in the park.

In consequence of the inconvenience of having all reports covering the fiscal year, which closes on January 31, ready for the first Wednesday in February, it was decided to have all future annual meetings on the second Wednesday in February.

A. Gordon Leavitt, Frank B. Ellis and A. B. Dean were added to the directorate to fill vacancies.

Report of Management.

The annual report of the management follows: Your committee deplores, in common with the members of the association and the community generally, the death during the past year of two prominent members of the association, the Hon. John V. Ellis, a long vice-president of this association, and always ready to give to his powerful assistance, and of Dr. George U. Hay, one who at all times took a deep interest in the affairs of the association and especially in its arboretum branch. By his last will he bequeathed the handsome sum of \$1,000, subject to his wife's life interest—then to the association, the interest to go towards the perpetual upkeep of the arboretum, a feature of the park which was in fact started and carried on by his own efforts.

Gardens.

The committee have to report with regret the death of Andrew J. Stephens, who for some ten years was the faithful head gardener to the association. During this long period he did much to bring the park to its present creditable state. His failing health necessitated his finally giving up his work last autumn. John Johnston, who furnished good recommendations, has been appointed in his place and so far has given every satisfaction.

Tilley Avenue

Elm trees from Mr. Good's nursery at Sussex have been planted on both sides, and the avenue has received a touch of the stone. When the work of the city of draining the Allison Playgrounds is completed, it is hoped that the stream from Lily Lake may be straightened, so that the avenue of trees may be completed, it being impossible at present to fill up the few gaps which exist on the eastern side of the avenue consequent upon the deep gullies made by the stream.

Buildings

Two necessary structures have been erected in the garden of slight appearance, the excellent designs of which were gratuitously prepared for Garnet W. Wilson, architect.

A small toilet shed which had proved of great convenience has been constructed between the barn and men's shelter house.

The shed for vehicles back of the barn was found to be too small; the roof sloping one way only gave it a homely look. An addition has been built entirely by the park hands—counterpart of the original set against it on the north side doubling the capacity and generally improving the appearance—the addition being 19x36, the whole area is now 35x56 feet.

Picnic Tables

Acting on the suggestion of Mrs. G. A. Kuhring, two tables with suitable seats were constructed for use by picnic parties and were frequently used and much appreciated during the summer.

Roads

The hill on the north of the south side of Lily Lake has been in part cut away, giving a view of the Lake from the drive-way, the material being used for filling up the lower spots on the road. Much additional work has been done on the drive-ways.

Toboggan Slide

Acting under the authority given at the last annual meeting of the association, a double toboggan slide has been constructed. Trees were cut down; stumps, humps and boulders removed and the ground levelled off by a plentiful supply of peat. A bridge was constructed across the Allison playgrounds towards the end of the slide—also a second one, as well as a separate path for returning tobogganers.

zangers—all of which is the work of the park hands.

The slides are pronounced to be excellently adapted for the purpose.

Animals.

Early in the past summer Frank E. Williams kindly donated to the Park two pairs of red foxes and a wild cat. J. Whitfield first followed with a raccoon. Rev. Mr. Sampson gave a large tortoise; John T. Benson, of Franklin Park, Boston, four gray squirrels; Mr. W. Benton Evans, of Minto, a young deer; Moses Callahan, an owl. Later Harry H. Tibbitts, of Andover, contributed a pair of European, commonly called Hungarian partridges, and several young people brought in white rabbits, etc., and the last gift was from Daniel J. O'Neill—two pairs of native hares. These additions to the wild animals of the Park as acquired from time to time created so much interest that the committee decided to make such further additions as their means would permit and as opportunities offered.

Without any artificially heated buildings the selection was naturally confined to native, or other animals accustomed to a northern climate.

Including the above gifts, the remainder having been secured by purchase, or exchange, the additions to the wild animals and birds in the Park during the past year are as follows:

Red fox, (*Vulpes fulvus*).

Raccoon, (*Procyon lotor*).

Wild cat, (*Felis catus*).

Turtle, (*Chelonia virgata*).

Bush wolf, (*Canis nubilus*).

Coyote, (*Canis latrans*).

Prairie dog, (*Cynomys ludovicianus*).

European partridge, (*Perdix cinerea*).

Great horned owl, (*Bubo virginianus*).

Hare, (*Lepus americanus*).

Bald eagle, (*Haliaeetus leucocephalus*).

Porcupine, (*Erethizon dorsatus*).

Grey squirrel, (*Sciurus carolinensis*).

Red squirrel, (*Sciurus hudsonicus*).

Deer, (*Cervus*).

White rabbit, (*Lepus caninus*).

Spanish rabbit, (*Lepus caninus*).

Hare, (*Lepus americanus*).

Belgian hare.

Besides the above the animals and birds which the Park had previously acquired consisted of bears, deer, gold pheasants, silver pheasants, peacocks, swans, wild geese and ducks, the whole making a very respectable collection of about two hundred specimens of twenty-five different species. The golden pheasants added to their number by hatching out a young pair.

To give an idea of the value of some of the Association's live stock it may be mentioned that golden pheasants are quoted in price lists at \$30 a pair, and white swans, of which we have four, are listed at \$75 a pair.

The wisdom of adding to the Association's Zoo has been shown by the large increase in the number of visitors to the Park—hundreds frequenting it compared with scores in previous years. It is estimated that about two thousand people visited the Park on several single Sunday afternoons in the past summer. At times the crowds surrounding the cages were so great that those on the outside could not get within viewing distance.

The street railway extended its lines to within reasonable distance, it even operated in summer time, it is probable that the rolling stock would be at times inadequate to convey the people to the Park.

It is hoped that further additions to the animals may be had during the coming year by gift or purchase. While still somewhat in the experimental stage the animals look exceedingly well. Too much praise cannot be given to John Henry, the head keeper of the Park, and his assistants, for their kindness and intelligent attention.

COAL.—Coal mining rights may be leased for twenty-one years, renewable each year for five years. The tract must be at least 2,560 acres and be located in unincorporated territory. The tract must be staked out by the applicant in person, and personal application up to the Agent or Sub-Agent of Dominion Lands and the rental for the first year must be made at the office of any Local Agent of Dominion Lands (not sub-agent) on certain conditions.

QUARTZ.—A person eighteen years of age and over, having made a discovery may locate a claim 1,600 feet by 1,600 feet, or a smaller area, on the claim a fee of \$100, or paid to the Mining Recorder. When \$50.00 has been expended in exploring the claim, the claimant may, at his option, have the claim surveyed and the survey fee of \$100.00 paid to the Mining Recorder. If the claimant does not so elect, the claim may be purchased by the Government for \$100.00 per acre. If the claimant does not so elect, the claim may be purchased by the Government for \$100.00 per acre.

PLACER MINING CLAIMS are 500 feet wide and 660 feet long. The claimant must, at his option, have the claim surveyed and the survey fee of \$100.00 paid to the Mining Recorder. If the claimant does not so elect, the claim may be purchased by the Government for \$100.00 per acre. If the claimant does not so elect, the claim may be purchased by the Government for \$100.00 per acre.

DEEDING.—Two leases of five miles each of a river may be leased to a person for a term of 20 years. The claimant must, at his option, have the claim surveyed and the survey fee of \$100.00 paid to the Mining Recorder. If the claimant does not so elect, the claim may be purchased by the Government for \$100.00 per acre. If the claimant does not so elect, the claim may be purchased by the Government for \$100.00 per acre.

NOTICE OF SALE. There will be sold at public auction on Thursday, Feb. 12, 1914, at Chubb's Corner, Saint John, N. B., in suit Lancaster Loan, Limited, vs. William G. Lee and others, all the interest of defendant in leasehold premises situated in Saint John on Wall Street adjoining St. Paul's Church, having 62 feet 6 inches on Wall Street, 75 feet in the rear, 148 on Burpee Avenue and 121 feet on its southern line. For particulars and terms apply to undersigned solicitor.

Dated 24th November, 1913.

INCOME SHUT OFF, WORK
ON UNPELOD BOATS STOPS

Construction on Number of Boats at Genoa Yards Closes—Believe Money Came from Europe.

Genoa, Italy, Feb. 4.—Work was suddenly stopped today on several torpedo boats under construction in the Ansaldo-Armstrong private ship-building yards. It was generally believed they had been ordered by the Mexican government. The funds for the work have heretofore been paid regularly but ceased today. The origin of the money was not definitely known but was supposed to have come from a European source.

tion to and the care of the animals, and for the general excellence of their work.

The report also dealt with the gifts received by the association and several recommendations were adopted.

New drains are to be constructed from some of the fountains; a proper shed for the storage of lumber is to be secured; dogs are to be prohibited from entering the grounds and park at all; a suitable place for devotees of the ski is to be provided; the feeding of nuts to the bears is to be prohibited.

Backache
Banished.

Thousands of men and women are suffering from weak, lame and aching backs, and many of them unable to do any work for the pain.

The stitches, twinges and twinges are bad enough and give enough misery, but backache, and the cause of it, all are the disorders of the kidneys, crying out in warning through the back.

Backache is kidney ache, and there's serious trouble ahead for you if you neglect it.

Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.

Mrs. Jack Mason, Springfield, N.B., writes: "I have been suffering from backache for a very long time. I tried everything and did everything, but still I would suffer. One day I was looking over your Almanac, and saw your advertisement for Doan's Kidney Pills, so I got 5 boxes and I am glad to say that they brought me back to life again, and from now on I will never be without them."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

M ordering direct specify "Doan's."

PUBLIC NOTICE. PUBLIC NOTICE is hereby given that a Bill entitled "AN ACT RELATING TO THE GENERAL PUBLIC HOSPITAL IN SAINT JOHN" will be presented for enactment at the next session of the Legislature of New Brunswick. The objects of the Bill are to empower the Commissioners of the General Public Hospital at Saint John to build a new Hospital, and Municipal Council of the City of Saint John to issue bonds to the extent of \$300,000, to pay for such new hospital.

Dated 26th of January, 1914.
JAMES KING KELLEY,
County Secretary.

PUBLIC NOTICE. PUBLIC NOTICE is hereby given that a Bill entitled "AN ACT TO AMEND THE MUNICIPALITIES ACT" will be presented for enactment at the next session of the Legislature of New Brunswick. The objects of the Bill are to fix a date for filing voters' lists in Municipal Elections; the enlargement of the term of Councilors to 3 years; and an indemnity of \$100. The Bill is in the County of Saint John.

Dated 26th of January, A. D. 1914.

CALAIS A.O.N. WILL
OBSERVE ANNIVERSARY

Occasion of Passing of Twenty-eighth Milestone in History of Division will be Fittingly Observed.

Special to The Standard.
Calais, Feb. 4.—Prominent members of the Ancient Order of Hibernians, from various parts of New Brunswick and the State of Maine will be present here on Tuesday evening, Feb. 17, when Division No. 1 of Calais will celebrate the 28th anniversary of its organization at its hall on North Street.

The programme will include a concert, speeches, refreshments and an elaborate ball. A number of New Brunswick members of the order will be among the speakers. The committee on arrangements has announced the following programme:

Opening remarks, John Rigley, county president; introduction, Rev. N. J. Horan, master of ceremonies; address of welcome, R. J. McGarrigle, president; overtune, orchestra; A.O. H. T. Doyle, treasurer; vocal solo, Miss Flanagan; remarks, John Brennan; solo, M. Purcell; remarks, visiting clergy and visiting members; selection, orchestra; solo, Lawrence Murphy; remarks, J. M. Burgess, county president; solo, Miss Clara Ryan; Home Rule, Rev. C. F. Shea; solo, James D. Rigley; closing remarks president.

Same Old Way
You'll find the same old twisted ways
Wherever mankind flocks;
We hand the same old bouquets,
And hand the live ones knocks.
