INSURE YOUR HOUSES AGAINST TORNADOES

Fire Company Can now Write Tornado Insurance, but Local Agents do Not Expect Rush of Business.

License to write tornado insurance
has been granted the Scottish Union
and National Insurance Company by
the Canadian government. The com-
pany, which has added this line of
business to its list of insurance, has
added its interests through the West,
and such insurance will be written
largely in that part of the country.
Mr. Evans, of Edinburgh and Evans,
chief agents of the company in Can-
ada, stated that tornado insurance was
for the protection of persons who
resided in parts of the country
where wind storms occurred. It was
noted that fire insurance would not cover
loss in the case of a building which
had been blown down first and de-
stroyed by fire afterwards. He was
not sure whether the rates were high-
er or lower than fire rates. (Mont-
real Star.)

The firm of J. M. and C. W. Hope
Grant are agents in this city for the
Scottish Union and National Com-
pany and when asked about the tor-
nado insurance last evening, a mem-
ber of the firm stated that although
he had received circulars regarding
this class of insurance he had no idea
of writing any insurance up in this
line. It is not intended for the eastern
provinces, where we are not troubled
with such a thing as a tornado, but
that it is made for the western coun-
try in Canada and the United States.

County Taxes.
The amount of taxes for county pur-
poses paid to date this year in the
city of Moncton, is as follows: The
amount of Musquash, is considerably in
advance of the amounts paid in this
year. The total of county taxes re-
ceived so far by the county treas-
urer is \$39,859, as against \$77,810
last year. The following table shows
the amounts paid in the city of Mon-
cton in 1912 and 1911:

	1912	1911
City	\$73,500.74	\$66,522.96
Moncton	\$3,798.55	\$5,041.31
St. John	\$4,711.15	\$4,107.74
St. Martin's	\$2,977.43	\$1,771.12
Musquash	\$24.65	\$61.41
	\$89,859.52	\$77,810.54

The large increase in Musquash is
mainly on account of the Fairville
sewer system.

Innovation at City Hall.
The commissioner of finance and
public affairs has inaugurated a new
department at city hall with the view
of facilitating the work of keeping watch
over civic finances. Each department
hereafter will be required to make
monthly returns containing an item-
ized account of receipts and expen-
ditures. The commissioner is look-
ing into the matter of the county fin-
ances with a view of taking measures
to assure that the development of the
suburbs will bring some relief to the
city taxpayers who now pay 88 per
cent of the taxes levied for county
purposes.
