The summer meeting of the Women's Institute, which was held on Monday afternoon, was a big success. Dr. Anna Ross, of the O. A. C., formerly of Glencoe, addressed the ladies on community work. The need of more association and co-operation among the rural people was advocated. Dr. Ross also gave some information on the different courses of the O. A. C. We were pleased to see a number of Glencoe ladies, and hope they will come again. Over fifty ladies were present. Plans were made to go to the June convention at No. 9, Mosa. A splendid luncheon, with ice cream, was served by the members.

Dugald and Misses Mary and Lucy Pollock and Mrs. John Bryce, of Forest, were Sunday visitors at Dan McColl's.

George Gates and Frank Essey were London visitors on Friday. Special Father's Day service was held in the Methodist church last Sunday evening. A large crowd gathered and listened with interest to a splendid address by the pastor, Rev. M. C. Parr on the subject "Father." Special music was rendered by a young people's choir. Appin lost one of its pioneers in the passing away last Friday of Mrs. Angus McMaster. She was getting ready for church a week ago Sunday morning when she was seized with a paralytic stroke, from the effects of which she died at her home on Friday, May 19. Mrs. McMaster was the eldest daughter of the late Dr. and Mrs. McFarlane, and was married to Angus McMaster 51 years ago, and settled on the farm where she died. To them were born one son and one daughter—John, who is on the home farm, and Margaret (Mrs. MacLeitch), of St. Thomas. Mrs. McMaster was an earnest member of the Presbyterian church, and was a very interested worker in the W. M. S., of which she was a life member. She was of a very genial disposition and will be greatly missed by a large circle of friends. Much sympathy is extended to her husband and family. The funeral service was held at her late residence on Sunday afternoon, conducted by Rev. H. D. McCulloch, assisted by Rev. M. C. Parr. Interment was made in Eddie cemetery. Congratulations to Rev. and Mrs. M. C. Parr—a son, Wednesday, May 17th.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will provide a very effective medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

MELBOURNE

The members of Anna Rebekah Lodge held a successful birthday party on Monday evening. The lodge has been organized ten years and has had a most successful period. Mrs. Edwards, who was president of the assembly at that time, organized, with Stella Lodge of Mount Brydges putting on the work. Mr. Monger was captain of the degree staff at that time. Since then both Mrs. Edwards and Mr. Monger have passed away. Anna Lodge has passed through deep waters at times and many of its members have moved to other places. The first one of the order to be removed by death was the youngest member, Miss Laura McLean, sister of Mrs. (Dr.) Cornett, formerly of St. Thomas, although a Melbourne lady. Then Mrs. Sponenburgh, one of the past noble grand, was taken. H. D. A. Mackenzie was the next to pass away. He was always a leader in sports and amusements in the lodge room. L. W. Beach was the next, then W. G. Robinson. These men were charter members and instrumental in the lodge being organized. At the birthday party these men who have been so greatly missed were not forgotten, and many were not as gay when the charter members recalled the splendid social times that had been held in the early days when these brothers and sisters were present, always taking an active part. The first N. G. Mrs. Hattie Robinson, and the present N. G., Mrs. Anna Cavan, were given the seats of honor while the members served tea to any friends who wished to call. The decorations were pink and green. A cash donation was made for the benefit of the I. O. O. F. children at the home in Toronto, in which all true members of the order are interested.

Melbourne, May 23.—The I. O. O. F. lodge of this village attended service in the Methodist church on Sunday afternoon, the pastor, Rev. Dr. Brown, preaching a suitable sermon from Jeremiah 51. The text was "Man Wanted." Special music was furnished by the choir. W. Reid, S. Carruthers and W. Lewis sang a trio, which was much appreciated. Members of the Mount Brydges, Strathroy, Kerwood and Dutton lodges were present at the service.

A number from both the Presbyterian and Methodist Sunday schools attended the Caradoc Sabbath School Association, which was held in Delaware Methodist church, and report a splendid convention. Wm. Lewis, superintendent of the Methodist Sunday school here, was appointed president of the association for the coming year. The next convention will be held in May, 1923, in the Methodist church here.

Next Sunday, May 28, will be observed in the Sunday school as "Go-to-Sunday-School Sunday."

KILMARTIN
 Washington Hillman leaves shortly for Sandusky, Mich., for the closing of his brother's estate.

 If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

The Point to Consider When Buying a Used Car

Whatever you buy, whether it be clothes, furniture or household necessities, you buy on good faith.

Faith that the manufacturer has made a good product—faith that the concern that supplies you will stand squarely behind it.

When you buy a used car from a McLaughlin-Buick dealer, you can do so with absolute confidence.

For the McLaughlin Motor Car Co., Limited, insists that McLaughlin-Buick dealers must typify and reflect McLaughlin-Buick standards; that they must be men of strict integrity, of financial standing—men who will live up to every promise made to a customer in consummating the sale of a car.

So when you buy from us, you know exactly with whom you are dealing—you'll know what you are buying.

Canada's most Popular Car The Chevrolet 490

PUBLIC favor changes when reasons for a change are obvious. Public opinion as to the most popular car of the future is changing.

Users of low-priced motor transportation are demanding completely equipped automobiles, modern in every respect, with nothing left to buy but the license plate. The new Superior Chevrolet is fully equipped, including modern 3 speed forward and reverse, sliding gear transmission, standard service and hand brakes, electric starter, demountable rims, water and oil pumps and speedometer. In addition to completeness, buyers insist on real economy in four important essentials. They demand low initial cost; low gasoline consumption; low repair costs; and long tire life. The new Chevrolet excels in these particulars. Twenty-five to thirty miles on a gallon of gasoline is not uncommon. It excels in oil economy as well. Repair costs are low, because every Chevrolet part is built to give long life under hard conditions.

You owe it to yourself to examine the new Chevrolet, the car which is establishing a new standard and has become Canada's most popular car.
