Private.

Ottawa, July 23, 1925.

My dear Senator:

I am only too glad to receive the suggestion made in your letter of the 21st instant. About ten days ago Senator Fisher wrote me supplementing the interview which he had had previously and urged action along the lines described in your letter.

I wrote in reply that I thought I should see the Governor as soon as ~~possibly~~ could, and this is my intention. I am also anxious to see your good self and when I do will discuss some phases of this subject as well as others.

Yours very truly,

Honourable Geo. G. Foster, K.C.,
