

## WHY DON'T YOU

Use the Long Distance Telephone Lines?

You can speak from your house or office to any place on page 3 of this Directory at the rates given.

Messages are received and repeated as understood by the Company's Operators, and the Company will not be liable for mistakes or delays in transmission or delivery, or for failure to transmit or deliver the same, beyond the amount of the charges paid to the Company.

The regular tariff rates will be charged for each connection made from a Subscriber's Telephone to outside points.

Subscribers will be held responsible for tolls over such lines whenever their instruments are so used. Refer non-subscribers desiring the use of the Telephone to the nearest pay station.

When a conversation on a toll line occupies over five minutes, one half the full rate will be charged for each additional five minutes or fraction thereof.

Accounts for messages sent will be collected monthly.

No message sent "Collect."
