"RIVERSIDE," Woodburn, Oct. 28th, 1888  
Messrs. M. Wilson & Co., Hamilton.

Dear Sirs:—We used your Hay Loader during the entire season while haying lasted, and were well pleased with it—so much so that the work hands were unwilling to draw in hay without using it, even in limited quantities. There is no surer evidence that an implement does its work well than to find the work hands anxious to use it. We consider it a great saving in time and work when hay is loaded in this way. By cutting but a limited portion at once, and using the Tedder and Hay Loader judiciously, hay can be fairly well saved almost any season. We would not think of doing without either of those implements in future.

Yours, etc.,

**EPPS'S COCOA**

**BREAKFAST.**

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette*.

**ARE YOU GOING TO PAINT**

IF SO, USE JOHNSON'S PURE LIQUID PAINTS.

**DURABLE PAINTS! BEAUTIFUL PAINTS!**  
**READY TO APPLY**

No Mixing. No Difficulty About Getting the Right Shade. Always the Same.

Genuine old-fashioned Paints covering capacity  
Equal to Pure White Lead and Linseed Oil.  
They will last longer, look better,  
Work easier and give better satisfaction.

Good results only can be produced by the  
Use of good materials. The main expense  
In painting is not the cost of paint  
But the cost of labor and oil.

It costs more labor and more oil to apply inferior paint than to apply the best that can be obtained. We will re-paint, free of charge, any building or decoration painted with Johnson's Liquid Paints where results are not found in accordance with this guarantee. WE STAKE OUR REPUTATION ON THE PURE QUALITY OF OUR GOODS.

**MAGNETIC :- IRON :- PAINT!**

Oxide Iron, 92%; Hydraulic Cement, 8%.  
We guarantee that it will cover 50% more surface, pound for pound, than any other oxide in the market. Five pounds of this Paint mixed in one gallon of pure linseed oil will cover 900 square feet of dry pine wood.

It does not blacken the lead as other oxides do. It forms beautiful warm tints with white lead, such as grey stone, drab and brown stone, and these tints, thus made, are most lasting. It does not scale or peel off. It covers 15% more than lead.

It is not affected by change of atmosphere or temperature. It contains 92% of Pure Magnetic Iron; absolutely pure; a rich brown color; fire proof; uniform in color; economical, everlasting, unfaiding; free from grit and acids. It contains no sediment.

We guarantee that Johnson's Liquid Paints will cover a similar surface as well as Pure White Lead and Linseed Oil. They will look better, work easier and give greater satisfaction.  
The above goods are for sale by every first-class dealer in paints throughout the Dominion, where samples may be seen, or obtained upon application to the manufacturers.
