WARNING

To all whom it may concern: We are sole owners and licensees of all patents and rights on

The World-Famous TUBULAR CREAM SEPARATORS

In violation of our Canadian patents, an imitating cream separator called the "Uneda" has in some localities been offered for sale, and suits at law are now pending against the manufacturers thereof. Under the law a user of these infringing machines is also liable for all damages resulting to the patentee through his use thereof. We hereby inform you that in buying or using one of these so-called "Uneda" separators, you not only get a very inferior separator, incapable of giving you such results as you should have, but you buy a lawsuit with all its expensive attendance, and with a practical certainty of the early loss of the machine and a verdict of heavy damages against you.

That you may be fully informed on this subject before becoming involved, write to

The Sharples Separator Co., West Chester, Pa., U. S. A.

Inquiries may also be made from our solicitors,
Masten, Star & Spence, Toronto, Can.

20-PERCHERONS-20

Have just arrived with our new importation, Jan. 31st, 1905, direct from France, of 20 high-class Percherons and prizewinners in France, from the best breeders in France. They are descendants of such noted champions as Brilliant, Besique, Romulus. Have personally selected every horse ourselves, using extraordinary caution to select nothing but good, sound, serviceable horses that will do our customers and the country good. Colors, black and dark dapple grays. They are large and blocky fellows, 3 to 5 years old, and can go like trotters, weighing 1600 lbs. to 2000 lbs., with the right kind of feet and legs. We have a few choice German Coachers and Hackneys that are also for sale. We will sell you a better stallion for less money than any other importers in America, with a guarantee as good as gold. Intending purchasers should visit our stables before buying elsewhere. Inspect our stock and get our prices. Terms made to suit purchasers.

Mr. Sol. Shantz, Haysville, Ont., writes: "Please change my advertisement, as I have decided to keep Kinellar Stamp as my stock bull in my Shorthorn herd for another season, as I do not see that I can improve by changing. My stock is doing well, and I have still a few young things of Kinellar's get of either sex. Inquiries are good."

Messrs. Wm. Grainger & Son, Londres-boro, Ont., write: "Our Shorthorns are doing well. We have just made a sale of the grand young bull, Bobolink =51013=, by Golden Eagle =30943=, dam Lady May, by Beau Ideal =22554=, to Mr. Gordon Young, of Carlow, Ont. Our other young bulls are a grand lot of big, thrifty fellows and in nice condition, and we are offering them at hard-time prices."

Mr. John Racey, Jr., Lennoxville, P. Q., writes: "Amongst our recent sales, we may mention that of a good, blocky, roan Shorthorn bull calf to A. W. Laberee, of Bulwer, Que. This calf is by Nonpareil Victor 2nd, and out of a Strathroy cow, and should make his present owner an excellent stock animal. The young Berkshire sows we are offering are an extra nice lot, all are in fine order and safe in farrow to first-class boars. We recently shipped one to Mr. J. D. Manning, of Wales, Ont., who writes: 'The pig reached Wales safely in first-rate order. I am well satisfied. Accept thanks.'"

Mr. John T. Gibson, Denfield, Ont., near London, one of the best judges and most successful breeders of Shorthorn cattle and Lincoln sheep in America, writes: "The Shorthorn bulls and heifers I am offering are all got by imported Scotch-bred bulls, and some of them out of imported cows. They are a useful lot—not fixed up for sale—and are in nice condition—not stuffed or fed heavy rations of grain in a very warm barn—but have been fed so that when they are turned out on good grass they will grow. The heifers are in calf to imported Proud Gift (84421), one of the best bulls in the W. D. Platt sale of 1904. They will be priced so that the buyer can make money with them. I am overstocked; must sell; inspection solicited. I bought Proud Gift for a stock bull, not to speculate on; have not loaded him—in fact, he would perhaps fill the eye better with more flesh. In his present form he is very quick, very sure, and his calves are coming strong. 'Is he for sale?' is the question I am generally asked when he is led out for inspection."

Mr. Robert Miller, Stouffville, Ont., writes the "Farmer's Advocate": "Since writing you a few days ago, I have made the following sales: To James Brown, Norval, Ont., the beautiful red imported bull calf Butterfly King. He will be one year old on the 16th of March, and he is a big one, full of natural flesh, and one of the best handlers I have ever had. His mother is a splendid milker, and as the name implies, she is of the Cruickshank Butterfly family. The sire is Court Favorite (83196), a Marr Clara, by the great Bapton Favorite (76080), that sold in the Marr sale for \$6,000. Immediately after selling Butterfly King to Mr. Brown, I sold his dam, that was imported at the same time, to C. C. McAvoy, Atha, Ont. Before she was taken away she gave birth to a beautiful red C. C., a full sister to Butterfly King, and with not quite ten months' difference in the ages. Mr. McAvoy also purchased the Augusta heifer (now eleven months old, and imported in dam) Augusta Queen 2nd. I sold her heifer one year older when nearly nine months old for over \$300 by auction. Mr. McAvoy has now both dam and daughter, and, with the two Butterflies, has the foundation for a herd as great as that which made the name of Atha famous many years ago. I also sold to Messrs. William Porter & Sons, of Lloydstown, Ont., the splendid, short-legged, thick and smooth bull, Lord Byron, imported by me the past summer. He is a Broad-hooks of the finest kind, his sire being Watchman (71828), and his dam being by Royal Star (71502), that made the Lovat herd famous the world over.

"Have sold a great many Shropshires and Cotswolds, and have mentioned in my advertisement what I still have to offer."
