Another New Store A Men's and Boys' Store

Where they may have no fear of coming in contact with the women folk—where they can come in their clean or soiled linen and always be welcome—and feel at ease. A store where your trade will be appreciated. A store where they will find goods represented as we believe them to be. A store that marks all its goods in plain figures and has but one price—no second price. A store that caters to serve you well and with only dependable goods reasonably priced—no seconds. A store that sells for cash—strictly for cash—that has no "other fellow's" debts to add to your cost price.

Men! we look for your trade-we work to deserve it-and only

If Value, Service and Dependable Goods are required to get your siness—we believe we will get a fair share.

A Separate Store for You, Men

Having outgrown our former quarters and requiring that space for Women's togs we have moved our large and well assorted stock to the store west of main store where we will greet you with a complete line of Men's and Boys' Clothing and Furnishings reasonably priced.

And Now to a Bumper Wind-up to August

A quiet month made briskly busy by the unusual values in timely items that have been offered. Now come the

Also Odiments

Grouped together at prices that may seem absurd, but to keep our stock perfectly clean we find it advisible. So we say again—get the habit of walking through Sutcliffes and keep in touch with the everday differences that make this a "different"—a live store.
