

LAST DAY'S EVENTS AT BELLEVILLE FAIR

Races Occupied Attention of Crowd —Shannonville Defeated Foxboro Team—Fairly Large Attendance.

The third and last day of the Belleville Fair drew a much larger crowd than either of the two preceding days, as the weather was ideal. The attendance, however, throughout the exhibition was not what was anticipated. The receipts will, however, be much increased as a result of the double admission of fifty cents, which the management saw fit to charge this year.

The features of Wednesday afternoon were the horse races. Crown Attorney William Carnew handled the bell as starter in his usual efficient manner, and had twelve heats in three five races pulled off before six o'clock. The judges were Dr. J. U. Simmons, of Frankford, and Geo. L. Thompson, M.P., of Madoc, and Geo. L. Thomas, of Belleville, while the timekeepers were Harry T. Ketcheson and Allen Clapp, of this city. The free-for-all, the 2.15 class, and the 2.25 class satisfied the most exacting of the race-track fans. The events were well contested, the 2.25 class requiring five and the free-for-all four heats. The summary follows:

2.15 Class

Hooper Boy (J. Thomas, Colborne) 1 1 1
Dolly Patch (W. Orr, Belleville) 4 2 2
Leona McKinnay (G. Powell, Belleville) 3 3 3
Miss Charlotte M. (W. Rose, Belleville) 3 4 4
Time—2.20 1/4, 2.19 1/4, 2.18 1/4

2.25 Class

Bab (H. Jones, Port Hope) 2 2 1
Billy Patch (G. Powell, Belleville) 1 1 2
Sunny Jim (C. Allen, Colborne) 3 3 3
Todd McGregor (J. Cooney, Cobourg) 5 4 4
Steve Ayers (R. McNaught, Tweed) 4 5 5

Laid to Rest

MRS. MARY ANN HINCHY.

The funeral of the late Mrs. Mary Ann Hinchy, wife of Mr. William John Hinchy took place from the family residence, 142 Church St., yesterday afternoon. There was a very large attendance of sympathizing friends, many having come from a distance to pay their last tribute to one whom they had so favorably known and respected in life.

Rev. A. S. Kerr conducted the religious service at the home after which the cortege formed and proceeded to Belleville cemetery where interment took place in the family plot.

The bearers were Messrs. Wm. Baker, Albert Johnston, J. W. Walker, Wm. Walker, W. J. Campbell and Jno. Penn.

There were many exceedingly beautiful floral tributes affording mute testimony of friendly regard.

Shannonville and Foxboro staged a ball game for the benefit of a large part of the crowd. Shannonville used the stick freely on the ball and totalled twenty-five runs in seven innings, when the game was called. Foxboro was then the possessor of eight runs. The Shannonville lads were heavy hitters. Foxboro was supported by a group of lady fans. The lineup:

Foxboro—Lacey p., G. Ketcheson lb., Z. Palmer rf., J. Gossell 2b., C. Massie 3b., G. Hamilton cf., H. Gardner ss., H. Ketcheson lf., M. Rose c.

Shannonville—H. Bennett p., A. McWilliams lb., E. Cole rf., R. Stewart 2b., L. McWilliams 3b., J. Kennedy c., R. Gilligan lf., R. Fuller cf., J. Huard ss.

Umpires—P. Farnham at plate, R. D. Munning on bases.

In the farmers' best single-roster half-mile heats, best two in three, Blake Collins' "City Patch" won two firsts; his "Nellie Patch", two seconds, and Sidney, owned by Col. Ponton, two thirds. Mildred C., driven by P. Clarke, came in first in the first heat but was disqualified for wearing hobnails.

The concessions did a fair trade. The exhibits in the various lines were visited by many of the visitors to the fair.

Have Purchased New Rectory

Christ Church has taken a forward step by the purchase of a new rectory. Up to the present their presiding pastor has lived in rented homes. They now propose to create a more satisfactory condition by giving to their clergyman and his family their own home. They have for this purpose purchased from Mr. E. R. McBride his fine home at the corner of Everett and Catherine streets. The dwelling is very substantial in structure with heavy, solid brick walls, hardwood floors and all modern improvements. It is also situated in the immediate vicinity of the church. The price paid is considered moderate in view of present building costs, and the debt incurred will not prove at all formidable to so enthusiastic a congregation as that of Christ Church. The church property itself is now entirely free of debt.

PURCHASED NEW HOME.

Mr. Harry Morgan the well known Front Street tailor, has purchased a new home from the executors of the estate of the late Rev. R. N. Adams.

The dwelling is a well built frame structure nicely situated on the west side of Cedar St. Mr. Morgan at present resides in part of the Dunnet house at the top of Murney's hill. He will make considerable alterations to his new purchase before moving in.

NEW SIDEWALK.

Britton Bros. are making satisfactory progress with the construction of the new sidewalk at the south side of the roadway up Murney's hill. Owing to the difficult nature of location progress has necessarily been slow. A number of trees had to be removed and much excavation work done before the proper level could be reached. At the base of the hill considerable filling was

necessary. But the job, as it approaches completion, presents a very creditable appearance and will afford a grade for ascending and descending pedestrians that will be much appreciated in comparison with the street ascent necessary to reach the summit by the old board walk.

Mrs. David Sword and little son, Pope street, have gone to England on an extended visit with her parents.

Mrs. F. W. Dawe and Walter T. Alford motored down from Toronto and will be staying at Mr. and Mrs. Wm. Alford's, Church St. for a week or ten days.

GIVES SCHOLARSHIP TO PORT HOPE SCHOOL.

Mr. S. R. Parsons, of Toronto, formerly of Port Hope, has given a general proficiency scholarship for pupils standing highest at the Junior Matriculation examinations. Mr. Parsons still takes a deep interest in Port Hope High School and his gift is much appreciated both by the Board and the pupils.

IS IN KINGSTON HOSPITAL.

Suffering from a compound fracture of the right leg below the knee, Bruce Matthews, aged twenty-three, Napanee, a trackman in the employ of the G.T.R., was brought to hospital in Kingston on Thursday. Matthews was at work at the diamond crossing, lorrying rails. The lorry was not heavy enough to open the frog with a result that it was derailed. This caused a rail to fall, striking Matthews' leg and breaking it.

TRAIN AND AUTOMOBILE HAVE COLLISION.

An accident which might have been followed with fatal results occurred on the G.T.R. crossing on John street, Port Hope, on Saturday afternoon. Mr. Percy Lingard was hurrying to the station in the Baby Grand Chevrolet and did not notice the 4.15 train for the north coming down the Midland Division. Just as his auto reached the centre of the tracks the train, a double header, crashed into it. The right side of the car was completely demolished; both seats were smashed, the right wheel broken to atoms and the top of the car was carried a considerable distance down the track. Fortunately the car was sufficiently over the tracks for the driver to escape and he did not even receive a scratch.

GOOD SIZED TOMATOES.

Deputy Corv. C. S. Nesbitt, a member of Cornwall council, picked a couple of nice tomatoes to have their avoirdupois tested. The smaller one weighed exactly sixteen ounces, and Mr. Nesbitt said that he had plenty on his vine that looked as big or a little bigger. The other weighed two pounds three and one-half ounces flat. It had broken open on the way up town and had lost some of its weight through leakage, as when weighed at Mr. Nesbitt's home it tipped the scales at one pound, five ounces.

JAIL BREAKER ON TRIAL.

Elphège Corneau, the Hull young man, recently brought to Perth jail from which he escaped in May, 1918, appeared before Judge Scott on a charge of jail breaking and was given two years suspended sentence but will have to serve the remaining fifteen months on the original charge of house breaking. Judge Scott in allowing suspended sentence told him that his army record and his good conduct since demobilization were responsible for the sentence. Corneau's escape from Perth jail, as revealed in the evidence, was ingeniously simple. While working in the grounds at the jail, he secured a pair of overalls, secreted them in a tea-pot donned them while the warders were engaged upon other duties and coolly walked from the jail.

NOW A RICH MAN.

Mr. George Sander, Port Hope, went to Clarke township fifty-four years ago, a poor boy six years of age. He worked for six years in Dyers woolen mill at Garden Hill, and also for the farmers a few years in Clarke township. He went to Michigan at twenty years of age and was engaged in the lumber business. Fifteen years ago he went to Wyoming and is now a wealthy cattle rancher and has extensive oil interests. He has the past week been visiting Mr. C. J. Thornton and his other Cousins at Orono.

A FINE RECORD.

At the Napanee collegiate institution in June forty-six pupils tried the different departmental examinations, and were successful in passing the examinations, quite a number of everything possible for him. He is

them with honors. The management committee reported that it had filled Miss Hamill's position in the collegiate staff by engaging Miss O'Reilly, B.A., Miss Mary McEachern, B.A., takes Mr. Forbes' place and Miss Leah Gillard takes Miss Locklin's place.

HORSE FELL INTO WELL.

On Thursday last quite an excitement was caused in Kingston when a horse, belonging to Alex. Barr, Hall's Mills, fell through the covering of a well about twelve feet deep. Help was soon telephoned for and in about half an hour twenty men were on hand and the horse was brought to the top with ropes and pulleys. The horse seems none the worse for its fall.

RESIGNED POSITIONS.

Miss Newton and Miss Wylie having resigned their positions on the Tweed High School staff. Their places will be taken by Miss M. Quinn, Barrie, and Miss E. Truscott, B. A., Sydenham.

DOGS KILL HENS.

A few days after 21 hens had been killed by dogs on Queen Street Oshawa on Thursday morning, Aug. 26, a dog or dogs visited the hen house of Mr. and Mrs. W. H. Hewson, Oshawa, which is directly north of the Albert street school, and killed 14 of their 17 hens. This happened on Tuesday night. Of the 17 hens 14 of them are now dead, two of them are very poor while the remaining one, while still living, has a bad bite on the back.

Mr. Hewson went down to the hen house on Wednesday morning and opened up the hen coop to let his hens out for a while on the school grounds, which he does every morning. After a while he noticed that no hens had come out. Upon looking inside he saw the hens lying on the ground, most of them dead and some of them so mangled that they were in a dying condition. They were pretty well "chewed up" on the back. The hens' owners do not know as to what time the raid could have taken place. The fowls were valued at about \$2.50 a piece.

OPENED THE COLLEGE.

Sunday a fitting religious ceremony took place at St. Mary's College, Augusta. This new college is situated just east of Brockville and is in charge of the Redemptorist priests. The dedication ceremony was performed by the Most Rev. Michael Joseph Spratt, Archbishop of Kingston, in the presence of a large number of clergy and laity. The celebrant of the mass was Very Rev. E. M. Weigel, provincial of the Redemptorists in the United States. He was assisted by Very Rev. A. Lomieux, provincial of the French-Canadian Redemptorists, and other priests. The sermon was preached by Rev. Father Connolly, C.S.S.R., of Regina, a pulpit orator of eminence.

FORMER LANDSOWNER FAMILY KILLED.

Their automobile struck by a railway train at a level crossing in Indiana, George McRae, aged 45, Mrs. McRae and their daughter, Miss McRae, aged 18 were all killed on Wednesday last, according to a message which has been received by relatives at Lansdowne, of which vicinity Mr. McRae was a native and a former resident.

STOLE BUSHEL OF OATS.

William Nietuk, a Rumanian, was taken to the Counties Jail at Cobourg the other day to serve a fourteen days' sentence. He is twenty-one years of age, and a married man, and was sentenced at Campbellford on a charge of stealing a bushel of oats.

PAINFUL ACCIDENT.

While in the performance of his duties in the bottle washing department at the Wampole laboratory, Perth, Albert Wilson had his hand cut by a bottle which caused a profuse bleeding necessitating medical attention.

ENTERTAINED BISHOPS.

During the course of the recent Lambeth Conference, members were entertained by Mrs. Travers Lewis at her residence, Knightbridge, in memory of the late John Travers Lewis, first Bishop and Archbishop of Ontario, and promoter of the first Lambeth conference, held in 1887.

FELL FRACTURING HIP.

Tuesday morning David A. Hogan, residing in Elizabethtown just north-east of Brockville, met with a painful accident. He fell in his bedroom and fractured his left hip. He was attended by Dr. N. Horton, who did, of course, everything possible for him. He is

92 years of age and his advanced years make it extremely doubtful as to his ultimate recovery.

FIRE CHIEF EXONERATED.

At a meeting of the Peterboro Fire Water and Light committee, the dismissal of three men from the fire department was confirmed. The committee also exonerated Chief Grange, of Peterboro, of all charges of inefficiency, as alleged by the firemen. It was recommended that more time be devoted to drills.

WHILE IN DEMENTED STATE.

Richard Garratt, Wellington, on account of advanced age, upwards of 90 years, committed suicide by hanging himself to a tree in the garden at the rear of his son's residence. Wallace Garratt, sometime during Sunday night, Aug. 29, his body being discovered early Monday morning. The deceased had been showing signs of a weak mind, which accounts for the rash deed.

A GIFT FROM SIR HENRY.

Among the many beautiful wedding gifts to Mrs. Henry Hill, Kingston, was a verandah set in rattan, table, chairs, lounge and fernery, from Sir Henry Drayton and Lady Drayton. It was manufactured at the Kingston Rattan works, and was splendidly made. It was a compliment to the works that Sir Henry should give the order to a home concern. He had previously visited the plant and was greatly impressed by the work turned out.

LOOKING FOR INDIANS.

G.T.R. Detective Haslam of Brockville spent Monday night on the look-out for two Indians named Edwards and Thompson, who are badly wanted in Cornwall for attempted murder and who escaped Monday at noon. Advice from Chief of Police W. H. Howard, Cornwall, state that the men are dressed in pants and blue shirts and are supposed to have left Cornwall on a freight train.

TO SPEAK AT PICTON.

D. B. Hanna, president Canadian National Railways, has accepted an invitation to address Prince Edward County Board of Trade, on Oct. 8th. The address will be delivered in the Parish House.

FOUR HOGS WEIGHED 1800.

The four heaviest hogs that have passed over the Peterboro market scales this year were weighed by Market Clerk Mahood last Saturday. The four totalled 1,880 pounds, and one of the porkers went over 600.

BLIND, MINUS HANDS, CAN DRESS AND SHAVE.

Blind, with both hands gone, Carl Bronner, of Washington, a sailor, is able, after a few months' training in Washington, to dress, feed and shave himself with a minimum of assistance. Bronner's injuries were inflicted by a hand grenade which exploded. His case became known to Louis Young, New York, who eighteen years ago lost both hands, also in an explosion. Young came to Washington, and, removing artificial hands that had been given Bronner, adjusted a small strap to his wrists. That evening Bronner combed his hair.

NOT MUCH TO CAN.

The Wellington canning factories had their first run of corn and tomatoes, last week. Owing to the continued dry weather these crops will be practically a failure thereabouts.

LANDED MASHINONGE.

Mr. W. H. Dundas, of Cobourg, who has been enjoying a fishing outing at Rice Lake, pulled in a maskinonge, weighing 24 pounds and measuring about 45 inches in length, and safely landed it in the canoe.

DROWNED IN THE RIDEAU.

While fishing in company with his grandmother from a bridge near his home at Kilmarnock, Monday evening, the eldest son of Mr. and Mrs. Charles Matland, aged eight years, fell into the waters of the Rideau and was drowned. The body was recovered in less than half an hour but all efforts at resuscitation by Dr. Anderson, of Jasper, proved unavailing. An inquest was deemed unnecessary. Besides the parents a brother and sister survive.

DERAILMENT ON G.T.R.

Extra east-bound freight train No. 559 was derailed Tuesday morning one and a half miles east of Lansdowne station, causing a complete tie-up of traffic on the main line of the G.T.R. Six cars left the rails. No one was injured. The train was

in charge of Conductor Robert Bell, Brockville, with Alfred Calcott, Belleville, as engineer. The Brockville auxiliary wrecking crews were despatched to the scene of the wreck.

NOW MANAGER OF THEATRE.

I. F. Kane, Perth, has secured the management of the Strand theatre, Napanee. Mr. Kane was an operator at the Balderson theatre some time ago.

YOUNG BURGLAR STOLE AUTO TRUCK.

A week ago Sunday a young man from Hamilton drove a large Master auto truck into Low's garage on Ontario Street, Port Hope. He paid for twenty gallons of gasoline and arranged to have the truck stored there. Last Saturday the same young man returned but this time was accompanied by two detectives. The youth had stolen the truck from a Hamilton garage, and evidently was tired of motoring when he reached Port Hope. He was more considerate than the majority of auto thieves and instead of abandoning the car he stored it in a garage and purchased a supply of gasoline. The truck, the detectives and the youthful burglar returned to Hamilton on Sunday and he will be given an opportunity of explaining his actions to the Police Magistrate. The truck has a capacity of five tons and is valued at six thousand dollars.

WILLIAM MELLEEN SHOT IN ANKLE.

William Mellen, of 499 Stewart street, Peterboro, was accidentally shot in the ankle on Sunday afternoon by like "hard times" they will be artificially produced. There is abundance of potatoes for everybody if distribution can be made properly. But for all that, at the time and Jewell attempted to change the cartridge in his rifle in order to shoot at a squirrel. He was holding the gun pointed toward the ground when it accidentally discharged and the bullet entered Mellen's ankle.

Jewell carried Mellen for about 100 yards and then his strength gave out and he went on for help. He attempted to get help at neighbouring farm houses but the farmers in the district were so incensed at the shooting, which has been going on every Sunday, that it took some time to get aid. Mellen was at last taken into the city to Nicholas' Hospital. The bullet lodged against the bone in Mellen's ankle, splintering it and an operation was necessary.

SUNDAY TRAIN IS DISCONTINUED.

The G.T.R. Toronto-Haliburton week-end train was discontinued on Monday. This train was splendidly patronized throughout the summer, and it is felt that next season, as a result of the advertising which the Northland is bound to receive, that the tourist traffic will be greatly increased.

PINNACLE STREET PAVEMENT.

The Standard Paving Company is making rapid progress in the construction of Pinnacle Street's permanent pavement. The concrete base is now completed from Victoria Ave. to a point about midway between the market square and Dundas St. By the end of the week the foundation will be completely laid. Those engaged in the construction of the curbs are quickly following along. They now have their part of the work practically done between Victoria Ave. and Bridge St. A concrete retaining wall along the boulevard in front of the bank of Montreal and extending to Patterson St. makes a serviceable improvement and one that is very presentable in appearance. The low level of the sidewalks between Campbell and Bridge Sts. is causing some concern as to drainage. It may be necessary for the city to change the level of the old walks in order to have them more nearly conform with the level of the pavement. These, however, are minor details that do not affect the general plan and that will be worked out satisfactorily as the job progresses.

VAGRANCY.

The police, in response to a call to Doyle's terrace last night, arrested Elizabeth Jordan, a 17-year-old girl, on a nominal charge of vagrancy. The girl was this morning handed over to Capt. Ruston so that he might make inquiries as to her previous record.

TRIED TO SUICIDE.

Peter Mrovnchuk, a Pole, and a returned soldier, attempted to suicide on Friday morning, in Ottawa, by trying to jump into the Rideau Canal, over the bridge at the Plaza. Two men grabbed him in time, and succeeded in pulling him off the railing. He was afterwards arrested, but report from Ottawa states that he will be sent to Kingston, to undergo treatment at one of the military hospitals. Despondency over ill-health caused the man to make the attempt on his life.

EXCEEDING THE SPEED LIMIT.

At 10 o'clock last night the number of a car was taken and the owner will be asked to answer a charge in police court of having exceeded the legal speed limit along Front St. The owner dwells in the country.

CONGESTED CONDITION AT BELLEVILLE H. S.

An extremely congested condition is presented at Belleville high school by the unprecedented attendance. Several of the forms are so overcrowded as to make effective work impossible. In the commercial department over 50 are already en-

rolled and the head of the department, Mr. James, is obliged to consider a division of the class. The total enrolment to date is 320 which is equal to the top-notch enrolment at the later periods in other years. It is anticipated that at least 50 more will offer themselves as students before the term is far advanced. The class rooms are fitted to accommodate only 300 pupils, therefore the interesting proposition facing the staff is readily understood.

A SALE OF PROPERTY.

Miss N. H. Casler, Cape Vincent, N.Y., has sold to Charles Shafer, of Chicago, the Burnham residence for \$12,000. This is one of the finest pieces of property in the village. It is located on the shore of the St. Lawrence river, and is equipped with all modern conveniences. This house was built by Mr. Burnham, a prominent grain dealer, about sixty years ago. It is reported that Mr. Shafer will make a number of improvements to the property.

PREDICTS A HARD WINTER.

It is years since we had such splendid crops, says the Port Perry Star. Not only here, but wherever you care to go—north, south, east or west—there is the same story of abundant plenty. The potato crop should be the salvation of poor families this winter. The hope is that it shall neither suffer from rot nor be wasted. Beech nuts, walnuts, butternuts, and hickory nuts are a very heavy crop, and, according to Indian lore, this means a hard winter. There is probably no need for worry about next winter. If we have anything like "hard times" they will be artificially produced. There is abundance of potatoes for everybody if distribution can be made properly. But for all that, at the time and Jewell attempted to change the cartridge in his rifle in order to shoot at a squirrel. He was holding the gun pointed toward the ground when it accidentally discharged and the bullet entered Mellen's ankle.

WHY THE FEATHERS DID NOT FLY.

A Lindsay shoe merchant hiked himself to the Sturgeon Lake waters on the holiday with visions of a big bag of ducks looming up before him. When rounding Kelly's Point and coming toward Thurston's, he spied what was thought to be a number of ducks skimming along the smooth lake's level brim. With the agility of a true marksman he brought the gun to his shoulder and pulled the trigger. Not a feather flew, and the "birds" remained in the same position. "Bang!" went the gun a second time, and the objects in the water refused to move. During these operations the members of a party on shore were shaking with laughter, as the ducks shot at were decoys set out to entice the real thing.

Leach Wants Chance.

Bobby Leach, the Canadian devil, who electrified the 1911 by going over the metal barrel, is said to be with the movie outfit planning a project, and may partly go to go over the falls again. The same barrel that he used providing he is paid \$2500, it was said, had considered over the falls in the boat over September 18th, and ing to jump to safety by parachute. This, however, declared, is practically impossible.
