## OUR THEATRES

### AT THE NICKEL

There is another elaborate programme at the Nickel Theatre to-day. The great attraction is Charlie Chaplin, the world's greatest comedian in the wonderful funny story entitled "Police." Charlie is the best-paid actor on earth and he is certainly one of the funniest. "The Diamond from the Sky" will be continued, the chapter being entitled "The False Friend." The Essanay players present the interesting drama—"The Despoilers." It is a beautiful social melo-drama in three acts. Warda Howard, Bryant Washburn, Darwin Karr and Edwin Arnold are in the principal characters. There will be the usual big matinee for children this afternoon and all should attend.

### AT THE CRESCENT

The Crescent Picture Palace presents to-day a grand variety programme. "The Man in Him" is a strong social drama produced in two reels by the Essanay Company, featuring G. M. Anderson; "Fate" is an emotional drama by the Biograph Company with Mae Marsh and Lionel Barrymore; "Microscopic Pond Life" is an Edison laboratory picture of the strange life unseen in ponds; "The Selig Tribune," the world's greatest news film, to-day's issue is full of interesting items; "The Suffering Baby" is a sky-hitting comedy with Bob Walker and a bunch of Edison comedians. The musical programme by Professor McCarty is of the usual high class order. Send the children to the big Saturday matinee; extra pictures.

### OPORTO MARKET OUTLOOK

The Board of Trade are in receipt of the following message from Oporto dated August 3rd:—"The first arrivals of the new cure of codfish did not enliven the market as we had expected. The initial demand being satisfied with a comparatively small quantity the consumption has again fallen off. There is a good deal of the old cure now in the market and to arrive, and prices will likely suffer considerable reduction which will in time affect the prices for new cure. No further cargoes of old cure should be landed here."
