REWARDED

A certain firm in St. John's advertised and sold a large number of a certain article last Spring.-It was a new article, the first ever made for the purpose for which it was soldit was highly recommended by the manufacturers-after selling several hundred a great many of which were shipped to Labrador, the fears of the firm s lling the article were aroused in case it would not come up to repre sentations and that many through it might lose their summer's voyage. They therefore decided to send an expert to Labrador to see if all was going well and did so at a great expense. However, they were rewarded by finding every single one of the articles working most satisfactorily.-Nothing but praise was heard right down to Cape Harrison, the new arbought it, and hundreds of others were after it, and since, it has been imitated by a great number who when it was first introduced tried to

The firm who sent the expert to Labrador was Franklin's Agencies, Ltd., and the article was the famous FRASER kerosene adapter which runs the FRASER engine so successfully and cheapily on kerosene.-jo,tf
