

Inflammatory Rheumatism Permanently Cured

**NEW BRUNSWICK LADY GIVES
FULL PARTICULARS OF
HER RECOVERY.**

There are many types of rheumatism, but none worse than inflammatory.

It was this kind that almost killed Mrs. Edw. Warman, of Kent Junction, N. B.

Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing she was at her wits' end when the remarkable cure of Thomas Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50 cents per box or six for \$2.50, sold by all dealers or direct from The Catarrhose Co., Kingston, Ont.

GERMAN SHELL DEPOT "BLOWS"

Where Canadians Were Reviewed Recently.

Many Killed and Wounded in Blasts.

Brussels, Cable—A depot of German ammunition, containing shells and bombs of every calibre, and many gas shells, has been exploding since Monday morning at the railway station at Groendael, six miles south of Brussels, where Canadian troops were inspected by King Albert eight days ago. The depot has been under guard of 150 Belgian soldiers, and 600 German prisoners have been at work near it. It is believed there are many killed and wounded, but the number of victims will not be known for several days.

Many houses in the neighborhood have completely collapsed, and windows and roofs for two miles around the scene of the explosion have been shattered. This is especially the case at Hoeysaert and neighboring towns, where there are thousands of hot-houses. The movement of trains over the Namur-Luxembourg line has been interrupted.

Away With Depression and Melancholy—These two evils are the accompaniment of a disordered stomach and torpid liver and means wretchedness to all whom they visit. The surest and speediest way to combat them is with Parmelee's Vegetable Pills, which will restore the healthful action of the stomach and bring relief. They have proved their usefulness in thousands of cases and will continue to give relief to the suffering who are wise enough to use them.

ENEMY MAY TRADE DURING PARLEYS

Official Details of Relaxation of Blockade

And Plans in Event of Foe Obstinacy.

Paris, Cable—The following official communication was issued this evening:

"The Supreme Economic Council held its sixteenth meeting May 5th, at 10 a.m., under the chairmanship of Lord Robert Cecil at the Ministry of Commerce."

"Propose blockade measures to be adopted in the event of Germany refusing to sign the peace treaty."

"The council considered plans which had been formulated to bring about the complete economic isolation of Germany in the event that the German delegates should refuse to sign the

preliminaries of peace. The blockade section was directed to draw up and submit for the approval of the Council of Foreign Ministers a plan of blockade measures to be immediately put into effect should the associated Governments desire to have recourse to economic coercion."

"Removal of financial restrictions of trade with Germany."

"Upon recommendation by the financial section, the council decided to make the following relaxations of financial restrictions of trade with Germany pending the signing of the peace treaty:

"First—The financial list to be suspended (if this had not been done already), and announcement to be made that neutrals are entirely free to extend credits of any kind to Germany or to its nationals."

"Second—That German-owned cash, balances and bills already in neutral countries, are freely available in payment for imports."

"Third—That the proceeds of exports from Germany may be freely available in payment for all kinds of permitted imports."

"Fourth—That the finance section shall have discretion to grant licenses for the export of gold and securities from Germany in payment for imports, on application from the German authorities."

"Fifth—That the above be communicated to the financial commission at Villette and to the committee of neutral financiers, and that their suggestions be invited as to what further relaxations are desired by them."

"Control of traffic on the Danube."

"The council considered again the question of the control of navigation on the Danube, and it was decided that this control should be placed entirely under one authority. A sub-committee was appointed to arrange the details with a view to expediting the reopening of commercial and relief traffic on the Danube."

Asthma Doesn't Wear Off Alone. Do not make the mistake of waiting for asthma to wear away by itself. While you are waiting the disease is surely gathering a stronger foothold and you live in danger of stronger and yet stronger attacks. Dr. J. D. Kellogg's Asthma Remedy taken early, will prevent incipient condition from becoming chronic and saves hours of awful suffering.

HOW THEY KNEW OF ARMISTICE

Paris, Cable—(Reuter Despatch)—Gen. von Lettow Vorbeck, commander of the German colonial troops in East Africa, in an interview stated that his army at the outbreak of war consisted of 200 whites and 2,000 Askaris, but the numbers increased to 3,000 Europeans and 13,000 natives. At the armistice the force was reduced to 250 whites and 1,200 Askaris by losses. The force covered nearly 4,400 miles in the course of the fighting, and for many months running no European news reached them. The news of the armistice was obtained from a motor-cyclist who started from the frontier, carrying orders to the British, but took the wrong road and was made a prisoner on November 13. The motor-cyclist's despatches contained the order to suspend hostilities.

There is no poisonous ingredient in Holloway's Corn Cure, and it can be used without danger of injury.

The Dunmow Flitch.

Among the little humors of the dictionary this from the Century Dictionary of Names perhaps deserves a place: Dunmow, Flitch, The.—A flitch of bacon awarded to any married pair who could take oath at the end of the first year of their married life that there had not only been no jar or quarrel, but that neither had ever wished the knot untied. The custom has originated in Great Dunmow, England, by Robert Fitzwalter, in 1244. The flitch of bacon has been claimed as late as 1876.

GENERAL DEBILITY FOLLOWS INFLUENZA

HEALTH CAN ONLY BE RESTORED THROUGH THE USE OF A BLOOD-MAKING TONIC.

Debility is a loss of vitality not affecting any one part of the body particularly, but the system generally. It is dangerous because it reduces the body's resistance to disease. When debility follows acute diseases, convalescence is slow, and one's strength does not return as it should. An attack of influenza often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood, because the blood goes to every part of the body, and any improvement in its condition is quickly felt through the system.

In cases of simple anaemia, or debility following acute diseases such as fevers or influenza, Dr. Williams' Pink Pills will be found valuable for growing children, and for men and women whose nervous energy has been overdrawn. They are worth a fair trial in every case where thin blood and weak nerves have started the trouble. The value of Dr. Williams' Pink Pills has been proved in the home of Mrs. John Fram, Owen Sound, who says: "My daughter Mabel was troubled with a bad cough; she was pale, weak and her appetite was very poor, indeed I feared that she was going into a decline. A friend advised the use of Dr. Williams' Pink Pills and after taking eight boxes she was again enjoying the best of health. Again last autumn Spanish influenza attacked our home, and after the acute symptoms were past, both myself and another daughter were left very much run down. My daughter was so weak that she could not walk to school and would tremble when she got upon her feet. I was so weak myself that I could not do my housework. Again we resorted to Dr. Williams' Pink Pills, and in each case we took five boxes, when we were as well as ever health than I am now doing, and am able again to do my housework. After our experience it is not possible for me to say too much in favor of Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

AN ADRIATIC COMPROMISE

As Suggested by the Italian Premier.

Hinterland and Dalmatia for Fiume.

Paris, Cable—"The last note signed by Premier Orlando and received in Paris embodied a scheme, which, according to the opinion of the Italian Ministers could be accepted as a suitable compromise on the Adriatic problem."

The gist of it believed to be as follows:

"It would renounce the annexation of the hinterland of Dalmatia, Fiume would be constituted a free town under the League of Nations, Italy being granted special responsibility in its administration and, at the end of a period of ten years the whole arrangement would be revised, probably by means of a plebiscite."

So writes the Paris correspondent of the Daily Telegraph.

Worms feed upon the vitality of children and endanger their lives. A simple and effective cure is Mother Graves' Worm Exterminator.

89 HUN SHIPS TO THE STATES

All German Vessels Seized in Their Ports.

Awarded by the Peace Conference.

Washington, Cable—All the Kaiser's and Kaiserin's and Der Grosses, the America, the Vaterland and other big ocean liners which belonged to Germany and were seized in American ports during the war are now the actual property of the United States, at a cost of about \$100,000,000 off the money the vanquished Government owes us.

Announcement was made here today that a cable message had been received from American sources at Paris that the Supreme Peace Council has awarded to the United States all the German passenger ships interned in American ports. This information caused an intense feeling of optimism to pervade at shipping board headquarters.

There are forty-one ships for passengers and freight, and forty-eight cargo ships. Chairman Hurley declin-

ed to make any comment, in the absence of official confirmation of the cablegram, but it was evident that he hoped there was no mistake about it.

The acquisition of the large passenger ships involved in the decision, is was pointed out by an official versed in shipping affairs, will advance this country ten years toward shipping supremacy of the world.

The present programme of the Shipping Board will give the United States in a very few years one-third of the ship tonnage of the entire world, and the acquisition of the German vessels is looked upon as a wonderful help toward attaining the goal sought.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subsist. Miller's Worm Powders will alter these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is not only a worm destroyer, but a health-giving medicine most beneficial to the young constitution, and as such it has no superior.

INSECTS THOUGHT.

Scientists' Experiment With an Ant Colony.

John W. Coghlin has demonstrated what patience and perseverance will accomplish, and has also exploded the old-time theory that it was impossible to teach insects to understand the human voice and action. Some time since he had the good fortune to discover a hill of Madagascar neuroptera, or marching ants, says the Pittsburg Press. They were about the size of the common June bug and of a dirty brown color, and he says that they are numerous in India and South Africa—that he can account for finding a hill of them in Maine by being brought there on some vessel. Mr. Coghlin invited some of his friends to his camp at Patten's Pond, where he amused them by putting the neuroptera (as he called them) through a course of sprouts. The way he caused the little army to go through their evolutions was a marvel to all present. Marching by twos and by fours, over inclines and bridges made of toothpicks, with the regularity of trained troops, he finally caused them to break ranks by lighting a match before the leaders. He says that artificial light will confuse them; therefore they can be made to perform only in daylight.

SPANKING DOESN'T CURE!

Don't think children can be cured of bed-wetting by spanking them. The trouble is constitutional, the child cannot help it. We will send FREE to any mother my successful home treatment, with full instructions. If your children trouble you in this way, send no money, but write me to-day. My treatment is highly recommended to adults troubled with urine difficulties by day or night. Address:

Conservé Enthusiasm.

Are you a boy or girl who becomes very enthusiastic about some nice thing you want to do? Be careful not to be so enthusiastic in starting a new undertaking that you have no energy left for carrying it through to completion. Enthusiasm is an important factor in success, but it must be a steady flow, and not burst forth like some of the geysers, which send a spout of water skyward, and then are quiet for 24 hours.

The promise of an early spring isn't always indicated by girls in bloomers.

GEE, I'M HAPPY MY CATARRH ALL GONE

Suffered Like a Boob For Years—Got Relief in Ten Minutes.

Catarrhose Did Cure

That's the way hundreds of the boys around town are taking since Catarrhose got into the drug stores. Nothing on earth like Catarrhose to really cure Catarrh, Colds or Bronchitis.

"Catarrhose"—it isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and Catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhose. Beware of dangerous substitutes meant to deceive you for genuine Catarrhose. All dealers sell Catarrhose, large size which lasts two months, price \$1.00; small size 50c; sample size 25c.

RECIPES.

PEANUT TAFFY.

Place in a saucepan two cupfuls of light brown sugar, half a cupful of New Orleans molasses, half a cupful of water and one-quarter of a teaspoonful of cream of tartar. Boil to the hard ball stage, 250 degrees, remove from the fire and add one teaspoonful of vanilla extract and one cupful of chopped peanuts. Pour out on a greased platter, and when cool enough pull as for molasses kisses.

SQUASH PIE.

One quart of sifted squash, one and a half cupfuls of sugar, add a little ginger and salt, four eggs to one quart of milk, and a whole nutmeg.

PLAIN PLUM PUDDING.

Three teacupfuls of flour, one of molasses, one of chopped suet, one of raisins, and a little salt, three teaspoonfuls of baking powder, one of cinnamon, one nutmeg and one of cloves. Boil or steam three or four hours. Excellent.

BIRDS' NEST PUDDING.

Peel and core as many apples as will stand in a dish, and fill the holes with sugar. Make a custard of a quart of milk, four eggs and a quarter of a pound of sugar. Pour it over the apples, grate a nutmeg over the top and bake one hour.

HOW TO COOK ARTICHOKE.

Artichokes are an acquired taste, but they find favor with all treated this way: Prepare the artichokes as for boiling, but select the biggest you can find. Simmer first for fifteen minutes, then drain and leave to cool. When required for table, dip in a batter and fry a golden brown.

FOR THE CHILDREN'S DINNER.

Nourishing vegetable balls for the children's dinner need an egg to make the dish really good. Boil some rice until tender, and chop up with any kind of freshly-cooked vegetables. Season slightly, bind with a well-beaten egg, and fry in boiling fat.

A Household Medicine—They that are acquainted with the sterling properties of Dr. Thomas' Electric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is cheaper than a doctor. So, keep it at hand, as the call for it may come most unexpectedly.
