**Government Control is People's Control**

THE people of Ontario—not any narrow or isolated section of them—but the people of Ontario as a whole—have certain ideals of public and private life. British traditions have given us these.

These ideals are well understood.

Lawlessness, disrespect for law, lack of self-restraint, and excesses of all kind find no approbation in Ontario.

Government Control, in the present plebiscite, is simply a mandate by the people to the Government to proceed with legislation which, while dealing with and as far as possible eliminating excesses in drinking, will restore respect for law, and recognize the right of the citizen to regulate his private life in accordance with the principles of moderation and sanity.

Prohibition is a denial of such a mandate. It consists of an absolute order of "MUST NOT".

That it undermined private and public life—that it made lawlessness profitable—that it took revenues which should be used for the public good—that it created evils harder to subdue than those it pretended to abolish—was the verdict of Alberta, Saskatchewan and Manitoba within the last year. They had tried Prohibition for seven years and found that period quite long enough.

Of course, the verdict was not rendered without a fight. Just as here, the people were told of the wonders of prohibition. They were told how rich they had become, how sober they were, how crime had vanished, how low taxes were and how happy and prosperous everybody was. "Impartial" writers wrote articles in the newspapers, "unbiased" speakers made speeches.

But the people were not moved. They knew better.

Then they acted. Just as soon as the opportunity arose they voted for Government Control. The Prohibitionists tried to prevent the people from expressing their views. Everywhere they said that a vote was unnecessary and sought to avoid one. Just as here.

But the people prevailed. They decided that, through their Governments, they would take control themselves.

Vote for Government Control as follows:

<b>1</b>	Are you in favour of the continuance of The Ontario Temperance Act?
<b>2</b>	Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?

**Here and There**

Sixty per cent of Hamilton's population own their own homes, a fact revealed by the figures of the 1923 assessment for the Ontario city, which, according to these figures, has 20,259 dwellings and 457 apartments.

The great flour movement over the wharves at Fort William and Port Arthur this season has been unprecedented, according to reports of the Canadian Pacific Railway, which, by the end of October, had shipped 239,055 tons of flour to lower Lake ports.

Port Arthur's building permits for the ten months ending October showed a total of \$2,632,055, which is the biggest building year in the history of this Ontario city, exceeding even the total for 1921, one of the real estate boom years.

Canada exported \$4,778,000 worth of cheese to various countries during the month of October, an increase of \$1,224,000, over the total value of cheese exported in October, 1922. The United Kingdom was by far the largest consumer, taking 215,000 cwt., valued at \$4,634,000.

According to an announcement of Hon. E. H. Armstrong, Premier of Nova Scotia and Minister of Mines, the coal production of his province for this year will reach at least 6,200,000 tons, an increase over last year's production of 4,642,196 tons of more than 1,500,000 tons. The outlook for 1924 is encouraging.

The Prince of Wales, unless interfered with by affairs of state, intends to make annual visits to his Alberta ranch, William Carlyle, superintendent of the E. P. Ranch, told the members of the Canadian Society of Technical Agriculturists in addressing them at Toronto recently.

Fur traders in the distant parts of Alberta, Saskatchewan and British Columbia, ordinarily weeks and months from mail service, are now getting regular quotations on furs from the Calgary Herald's radio broadcasting service.

The annual winter carnival at Banff, which is yearly becoming more popular and is attracting sporting enthusiasts from all parts of the continent, will be held February 2-9, 1924, while the Banff annual bonspiel will take place February 4-9.

According to estimates made by the Rt. Rev. Dr. G. Exton Lloyd, Bishop of Saskatchewan, that province has room for another empire north of Prince Albert and North Battleford. The bishop has just completed a six weeks' tour of the limits of settlement in his diocese, covering 2,400 miles, and estimates that homes and livings for 250,000 could be provided in the country referred to.

**Is next door to each customer**

A clever manufacturer in a small town found he often lost repeat orders from distant customers because he had no one on the ground to get them. So he supplied each of these good customers with a card reading:—

The H. W. Marks Co. of Deepdale is authorized to telephone orders to The Blank Mfg. Co., Springfield, and deduct the cost of the message from our next invoice. Call Springfield 156. Our telephone service is organized to give you as good service as if we were next door to your office.  
(Signed) John L. Black.  
He says it works fine. Try it.

Every Bell Telephone is a Long Distance Station.

**Locals**

The Poultry Association are holding a dance on Friday evening.

Messrs. Finnigan and Brown have leased Mr. Spence's Garage on Main street and intend doing a general garage business. The village now has four garages in operation.

The Rev. Mr. Elliott, of Appleby, will be the speaker at the Methodist Church on Sunday morning next. Dr. Irwin will preach at Nelson in the morning, and in his home church in the evening at 7 o'clock.

The 57th wedding anniversary of Mr. and Mrs. Robert Spence was celebrated at the home of their daughter, Mrs. Ed. Feilde, on Wednesday night, October 9th. About thirty children, grand-children and one great-grandchild were present and spent the evening in a very enjoyable way.

The adverse balance of grain shipments through Canadian as against United States ports is being steadily reduced, according to statistics compiled by the Marine Department. In 1916 only 91,082,702 bushels of Canadian grain were shipped through Dominion ports, where as 165,949,989 bushels were shipped through the States. The figures for 1923, up to September 1st, on the other hand, show that Canada now ships nearly half her grain through her own ports. During this period the amount registered has been 108,548,485 bushels despatched via Canadian ports and 120,628,438 via those of the United States.
