## RACE FOR CANADA CUP

Seneca, the Defender, Wins First by Fifteen Minutes.

Was Found Within Her Class—Clever Jockeying at Start—Capt. Jarvis Had the Better of Capt. Hanan—Defender Mile Ahead When Buys Were Turned—Favored by Light Breeze.

Official time:

Start—Seneca, 1.00.31; Adele, 1.00.25.

First mark—Seneca, 2.35.30.

Second mark—Seneca, 3.34.30; Adele, 3.46.

Finish—Seneca, 5.53.22; Adele, 6.13.15.

Charlotte, Aug. 12.—After having been weighed Saturday morning, the Seneca was held to be in the required class, and the first of the series of races for the Canada Cup started in the afternoon, under conditions which assured a win to the boat whose fair weather sailing qualities were most pronounced.

After a drifting race, in which the Seneca led nearly all the way, the finish was made barely two minutes inside the time allowance. The first race is therefore a victory for the Herreshoff defender.

The schedule time arranged for the race was 11 o'clock, but at that time preparations had not been made for a start. The Seneca's alterations were not completed, and the judges had not finished the work of measuring and laying off the course; besides, the wind was not strong enough.

Saturday's race was on a triangular course of seven mile sides, the open being near the mouth of the Seneca River. It was arranged that the first leg should be a beat to windward that is N.N.E., so as to make the other two legs a reach and a run before the wind.

When the final preparatory whistle blew, at 12.50, the Adele and Seneca were jockeying about the start line, and their movements were watched with the closest attention.

At first, Seneca was to windward, but some clever manoeuvres on the part of Skipper Jarvis ousted her from this advantageous position, and the defender was kept to leeward, despite all Skipper Hanan's efforts to win back again.

The two boats reached back and forth across the line until the whistle blew at 1 o'clock, and then they passed each other so closely that the Adele's bowsprit outlapped Seneca's stern, and Skipper Jarvis claimed a foul.

The Seneca crossed the line about 5 seconds ahead, both boats getting away at the whistle.

The Seneca Leads.

In a quarter of an hour the Adele was leading by about 20 lengths, but the Seneca soon began to creep up, and at 3.30 was pointing higher than the Adele and outreaching her. The Seneca then had a lead of 3-4 of a mile, and seemed to be holding her own. Jarvis pointed out into the lake, endeavoring to get more wind.

At 3.50 p. m. the Seneca had increased her lead to about a mile, and had rounded the first stakeboat. It seemed as though the race would be Seneca's by a large margin, if the boats could finish in the time limit.

The Seneca gradually increased her lead during the run toward the windward buoy. Over this part of the course the wind held fairly steady, blowing at about five miles, and the defender passed the buoy 7 minutes and 8 seconds ahead of the Adele. The official time for both boats at this buoy was: Seneca, 2.35.30; Adele, 2.42.33.

Running for the eastern buoy, the wind dropped off and the boats were almost drifting over the course when they rounded the eastern buoy. The Seneca, by this time, had increased her lead to over 11 minutes, having gained 4 minutes on the run. The time at the eastern buoy was: Seneca, 3.34.30; Adele, 3.46.00.

From here to the finish Seneca held her lead and crossed the line at 5.53.22, or just 1 minute and 38 seconds ahead of time. The Adele did not finish. The only part of Saturday's race which can have any significance is that of beating from the sterling line to the windward buoy. It was here that the Seneca gained the lead, and she entirely outpointed and outfouled the Adele. The rest of the course was a mere matter of drift, and the winner got in with the aid of a few trifling breaths of air.

Outing Proves Tragedy.

Detroit, Aug. 12.—Frank Eden, aged 22, went for a ride with Nicholas Brand early Saturday evening, in a naphtha launch, and, according to Brand, without any warning, he leaped from the boat to the river and was drowned.

The launch was some 500 feet out in the river off the foot of Taylor avenue, Fairview, when the tragedy occurred.

Brand says he poked around in the water for some time, and then, unable to locate the body, put ashore and notified Eden's relatives.

There was more delay and some hours afterward the police were notified. Precinct Detective Repp of the Chene street station went to Eden's home, but could learn nothing that throws light on the situation.

Claw to Swindler.

New York, Aug. 12.—The district attorney's office believes that it has secured clues to a gigantic swindle which has been in operation here for a long time. It is said there has been discovered a clearing house for the handling of forged checks to city property, and that the officers of the county have signed a trunkful of these documents. The authorities believe the fraudulent deeds have been used for other purposes as well, and an investigation is being carried on.

Run Down by Tug.

Duluth, Aug. 12.—Seven Northern Pacific freight handlers were run down by a tug Saturday night while going home in a rowboat and drowned. They never came to the surface, and one who came up was so injured that he could not save himself.

## GEORGIAN BAY SCHEME.

Member of House Coming—Commons to Amend Patent Bill.

London, Aug. 12.—In the House of Commons an amendment was moved to the patents and designs bill, with a view of extending advantages to patents worked in the colonies.

Lloyd-George said this would give immunity to American patents, the owners whereof would only have to establish a factory across the Canadian border.

Besides in Canada there was a compulsory working law, which is in operation against British and American patents. He could conceive nothing more dangerous than the amendment, which was negated without discussion.

The British North America Act has received royal sanction.

The conservatism regarding divisions of the G. T. R. directors is meeting criticism. One paper describes the decisions as the latest G. T. R. freak.

R. W. Perks, prior to sailing, said he was going to Canada to further the Georgian Bay scheme, which is well advanced.

## DOCTOR FOWLER'S EXTRACT OF WILD STRAWBERRY

Diarrhoea, Dysentery, Orange, Colic, Summer Complaint, and Fluxes of the Bowels are recognized by everyone as exceedingly dangerous.

These diseases are too serious, too rapidly fatal, for you to experiment with cheap and dangerous imitations of the genuine Dr. Fowler's Extract of Wild Strawberry, a remedy that has been used in thousands of homes during the past sixty-two years.

When you ask for Dr. Fowler's Extract of Wild Strawberry, be sure you get it. Don't let some unscrupulous druggist palm off a cheap imitation on you.

Mrs. G. Helmer, Newington, Ont., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for diarrhoea and never found any other to equal it."

There are many imitations, but none so good as Dr. Fowler's.

## ATTACK FRENCH CAMP

Six Thousand Horsemen Beaten Off After Sharp Fight.

Rebel Tribesmen Loot Jubu—Many of Garrison Killed—Spanish Infantry Proceed to Morocco—Caid MacLean May Soon Be Free—Quiet Restored at Casablanca—Bravery of French Troops.

Casablanca, Aug. 10.—The Moors Thursday night renewed their attempt to invade Casablanca, but were repulsed with heavy losses by the fire of the warships. All the consulates here are now guarded by machine guns.

The total of the Moorish losses here is estimated at two thousand.

Paris, Aug. 10.—A message received here from Admiral Philibert, of Casablanca, Morocco, probably forwarded from his flagship by wireless telegraphy, and dated at 2 o'clock Thursday afternoon says:

"Gen. Drude's camp, outside Casablanca, was attacked to-day by 6,000 horsemen, who were vigorously beaten off."

Tangier, Aug. 10.—The town of Cape Jubu, on the west coast of Africa, has been attacked and raided by the Aituyusa and Aitidjmal tribes. A number of the garrison were killed, and the remainder were made prisoners. The governor escaped in a boat to a view of extending advantages to the Moors.

The latest news from Rabat confirms previous reports, and is most disquieting. The tribesmen threaten to attack Rabat, unless the French control of the customs is abolished, and all foreigners there are kept strictly within their own quarters.

Hope for Sir Harry's Liberty.

A Moorish official here has just received a letter from the Governor of Tetuan, stating that Sir Harry Macdonald is no longer in the custody of Raisuli, chief of the Knaass tribe, having demanded and obtained permission that he be turned over to their custody. If this be true, there is little doubt that the captive soon will be liberated.

Quiet at Casablanca.

Tangier, Aug. 10.—Tranquility has been restored at Casablanca, and the fanatics and hostile tribesmen who invaded the city had been driven out when the French cruiser Forbin, which arrived here yesterday, left that port. All the Europeans and others who sought refuge on the steamers in the bay have returned to their homes. Much of the City of Casablanca is practically in ruins as a result of the bombardment, even the European quarter being extensively damaged, the warships having directed the fire of their guns on that part of Casablanca, with the object of ending the extensive looting, in which the Moors were revelling. The bodies of those who were killed in the recent fighting have since been piled up in the streets, and are being buried as quickly as possible.

Four battalions of Spanish infantry, with rapid-fire guns, which have been stationed at Algieras, near Gibraltar, have been ordered to proceed to Morocco.

In response to the urgent request of the British consulate, a short distance from the southwest of Casablanca, a steamer was yesterday despatched from here to that port.

2,000 French at Casablanca.

The Spanish cruiser Rio de La Plata, from Cadiz, has arrived at Casablanca to reinforce the international fleet. Casablanca is now in complete possession of the French and Spanish forces. Of the former about 2,000 are ashore, and others are ready to land at short notice should it be necessary for reinforcements.

French Were Decidedly Brave.

Paris, Aug. 10.—Gen. Drude reports that Casablanca has been in possession of the French since Wednesday night. He pays high tribute to the defence of the foreign consulates by the sailors, who had two officers wounded, two men killed and ten wounded.

The report of the French charge d'affaires at Tangier contained a graphic description of the heroic conduct of the first French landing party under the command of Ensign Ballande. Upon disembarking, the party was divided into squads, with fixed bayonets, and with Ballande in front with a trumpet on one side and an interpreter on the other, they advanced to the water gate. As the party reached the walls, the gates were slammed in their faces, Ballande cried: "Open the gates," and his demand was repeated in Arabic by the interpreter. A volley from the Moors retreated, but continued firing. At every corner the sailors were ambushed and met attacks on their front, flank and rear, but they moved on, keeping up their fire and killing scores of their assailants. A subaltern named Labaste received a bullet in his breast, but he continued at the head of his squad and under continual fire until the French consulate was reached, and while its defence was being arranged.

The charge d'affaires adds: "Many of the foreigners who witnessed the gallantry of our men were unable to restrain cries of admiration."

Missing Two Weeks.

Ottawa, Aug. 10.—Sandy Miles, a Hintonburg man, disappeared from his home two weeks ago.

Search for him has proved futile. He has a wife and five young children. He was out of work and had been drinking.

Using Bombs in Persia.

Tehran, Aug. 10.—A bomb was exploded yesterday at the residence here of Ala Ed. Daulieh, ex-governor of Persia. No serious damage was done.

## The Nordheimer Permanency of Tone

As a rule when a person buys a piano it is not with the intention of replacing it with a new one next month, next year or within five years. It is regarded as a permanent fixture in the home, and the most important feature next to the owners themselves.

It is evident that great care should be taken to select a piano which will retain its original brilliancy, power and quality of tone for years and ears and years. And such a piano is the "Nordheimer."

It has a lasting, permanent tone, as you can prove for yourself if you play on one which has been in the home of a friend for ten, fifteen, twenty years or more.

The "Nordheimer" is perfectly constructed by experts from the finest grade of materials procurable. It is built with the idea of not only satisfying the most critical ear for tone-quality when new, but for retaining its original superb tone, so that it will still satisfy the critical ear in years to come.

Those who own a "Nordheimer" are the only ones who can really appreciate to the fullest extent the wonderful, pure, sweet, brilliant, yet powerful tone of the perfect "Nordheimer" piano. May we not have the pleasure of a talk with you, with the object in view of placing "Nordheimer" in your home?

Our Mr. R. V. Carter will visit Chatham frequently in our interest and will be pleased to furnish you with any information you may desire. Correspondence addressed to him in care of the Garner House will receive careful attention.
