For several years Brownie Cameras have helped thousands of boys and girls all over the world to enjoy themselves.

The exceedingly low price, \$1.00 and \$2.00, makes it possible for anybody who has the least inclination towards photography to take pictures. We have seen any quantity of really fine photographs taken with these Cameras.

To put the brake on the wagon going down the hill is a help to the horse, when the wagon is heavily loaded. But what driver would think of applying the brake to a loaded wagon going up the hill? If he did, his sensible horse would probably balk. Many a man is in the condition of pulling a load up hill with the brake set against him. When his stomach is out of order, and the allied organs of digestion and nutrition impaired in their functions, a friction is set up which has to be overcome in addition to the performance of daily duties. A foul stomach makes a foggy brain, and the man with a disordered stomach has often to grope his way through the day's business like a man in a fog. He forgets appointments, problems seem presented to his mind "wrong end to." This condition is entirely remedied by the use of Dr. Pierce's Golden Medical Discovery. It puts the stomach and digestive and nutritive system into a condition of perfect health, and gives a clear brain, a steady hand and a light step for the day's duties. When constipation clogs the channels of the body, Dr. Pierce's Pleasant Pellets will work an effectual cure of that disastrous disease.

**Gaol Physician Dr. Charteris' Position On The Myers Case**

### HE HAD NO APPLIANCES

In view of the publication in this journal of a report from the Toronto World in reference to the Myers case, it is only fair to Dr. Charteris, the gaol physician, to give publicity to the following information which has come out later in reference to the matter. In the previous report, it was indirectly insinuated that the doctor might have been in some measure responsible for the circumstances surrounding the death of the unfortunate man. This, however, is quite erroneous, the correct facts in reference to the case being quite different to those thrown out in the World report.

Dr. Charteris being the gaol physician, has no power over the removal of lunatics. This unfortunate man being put in the gaol, the doctor was called in to see him. It has been shown that Dr. Charteris did all in his power to assist the man, and did all that could be done under the circumstances. He has nothing to do with the supplying of harness for holding violent patients. This is entirely out of his jurisdiction. These should be supplied for use in the gaol by the proper authorities.

Dr. Charteris reported the condition of affairs to Dr. Bruce Smith, Inspector of Prisons, and pointed it out as an urgency case. The man was in a serious condition. As a result, he received the following letter from Dr. Smith, only a portion of which, unfortunately, appeared in the World report.

Toronto, June 25, 1906.  
Re Prisoner Chatham Gaol:  
Dear doctor,—I beg to acknowledge receipt of your letter of June 23rd calling my attention to the delay in removing an insane man from the gaol to the asylum. In reply I beg to state that the reason for this delay was entirely due to the fact that papers were not sent to the department in proper form. The Inspector of Asylums informed me that the papers in this case only came to hand on Saturday last.

I note with some surprise what you say in regard to not having the proper appliance for feeding a patient who refuses food. Surely you do not mean to tell me that you are not equipped with a stomach tube and a soft rubber catheter, the former to be used through the mouth and the latter through the nose for feeding insane patients who refuse food. If this method of treatment is not to be used, the fault must not be charged to the department, for there has been no delay here whatever in expediting this man's mission to the asylum.

I have the honor, etc.,  
R. W. BRUCE SMITH, Inspector.

Dr. C. R. Charteris, Chatham, Ont.

It looks as though an attempt was being made on the part of the Toronto authorities to place the delay where they have no right to, in order to shield themselves.

Dr. Charteris by way of illustration can say there is an insane woman in gaol now, who has been there for a month, and has been reported five times without any result. The difficulty rests with the unfortunate way in which matters are administered in this respect. People who are mentally irresponsible are placed in the gaol to wait the pleasure of the department, and virtually treated as criminals although they have committed no crime. This method of conducting business should be thoroughly investigated and remodelled.

**Better Than Spanking**

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the child can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

**Other Deaths.**

Miss Harris, 355 East Barton street, dressed herself in her brother's clothes and threw herself into the lake on Friday. It is supposed on account of disappointment in a love affair.

Monday morning the body of John McKellar, 11 East Barton street, was found near the Turbine Steamship Co's wharf at the foot of John street. He had wandered away from his home last Thursday. He was 74 years of age, and had suffered two paralytic strokes lately. A widow and nine children survive him.

Frank Wright, a youth, whose home is on Sumach street, Toronto, was drowned off the Turbine wharf Monday evening. He had been employed as a waiter on the Turbine, and got into a rowboat in the dock with three fellow-waiters. They started rocking the boat, and succeeded in capsizing it. All could swim but Wright, who sank in 25 feet of water, and was drowned.

**Choked Under Wheel.**

Dunchurch, July 3.—While teaming on the James Bay Railway, about thirty-three miles from Parry Sound, Jas. McEwen was thrown from his wagon; his neck caught between the wheel and a stone, killing him to death.

**Boy Killed on Track.**

London, July 3.—Harold Wren, ten-year-old son of John Wren, this city, was struck and killed by a G. T. R. flyer last night while attempting with two other lads to cross ahead of the train. He was thrown to one side of the track with both legs and an arm broken, and jaw and skull fractured. He was taken to the hospital and died a few hours afterward.

## CHARGE OF THEFT

W. A. Thrasher, a Former Chathamite, is in a Pretty Serious Trouble.

Walter A. Thrasher, Collector of Inland Revenue, of Sarnia, was arrested in that place on Saturday. He was brought to this city yesterday by P. C. Tom Groves to answer to a charge of stealing \$200 from Robert Winters, of Leamington. The case came up this morning in the Police Court and was adjourned until next Monday. Thrasher is out on \$1,000 bail. N. H. Stevens went his security.

The charge dates back to 1898, when Thrasher was in the law business here. He acted for Winters in taking out two mortgages, one for \$200 and the other for \$500. When the second one, the \$500 one, was drawn up, Thrasher had instructions to send \$300 to Winters and pay off the first, \$200 mortgage. He sent the \$300 to Winters but neglected to pay off the other mortgage. It is understood Thrasher was warned of what would happen if he did not settle up.

Thrasher was formerly secretary of the West Kent Liberal Association, and it was as a reward for his services to his party that he was appointed Collector of Inland Revenue at London, and afterwards moved to Sarnia.

Before Judge Houston, this morning, James Simpson was charged with using grossly insulting language to his wife and was fined \$3 and costs, \$8 in all.

There was also a charge of assault against the prisoner, but it was not proceeded with, it being understood that the prisoner and his wife intend to obtain a separation and that, providing the separation papers are drawn up this afternoon, the prosecution will withdraw this charge.

The recent prosecution of bookies in Toronto has aroused a strong feeling against gambling on race-courses throughout the Dominion, and lately the police have been unusually active in fighting this evil.

At the Chatham races yesterday a gang of bookmakers from Detroit and other places in the States, were carrying on the usual game when the police got wind of their tactics. The men, however, were not caught on the ground, the information against them off being the bookies skipped back to Detroit. As they are practically out of the law in that place the police will probably drop the case, although they believe their action on this occasion will convince the smart Americans that they mean business and will not let them escape so easily next time.

The names were secured and prosecutions seemed likely to follow, when the races for to-day were called off and the bookies skipped back to Detroit. As they are practically out of the law in that place the police will probably drop the case, although they believe their action on this occasion will convince the smart Americans that they mean business and will not let them escape so easily next time.
