A HELPLESS CHILD,

A weak and puny child is badly handicapped in the battle of life. It is isolated from the healthy enjoy-ments of its little fellow-beings. It cannot partake either of their play or

their stardy work and progress in the world; its whole life is embittered by incapacity and weakness.

Any woman who expects to become a mother ought to know what Dra Pierce's Favorite Prescription will do both for her own health and safety during her time of trial and also to insure her in bequeathing a fair measure of health and strength to the prospective little one.

Czar Signs Manifesto Embodying All Popular Demands.

Duchy Still Belongs to Russia, But Its Diet Has Now Control of the Budget and Is Authorized to Pass an Election Law Providing for Universal Suffrage-Military and Other Laws of Russification Abrogated.

St. Petersburg, Nov. 6.-The whole structure of the autocratic regime is falling, and Emperor Nicholas no long-witnessed the abdication of absolutism before a political strike demonstration extending throughout the confines of the Empire and reducing the Govern-

the Empire and reducing the Government to impotency and the birth of a new and popular regime amid scenes of disorder, pillage, bloodshed, and worse, ends in a complete surrender to the aspirations of the Finlanders.

The sad story of the "Russification" of Finland began under the regime of Emperor Nicholas' father, with the introduction of the Russian postal system and attracted the sympathy of the world. One by one the Finnish grand world. One by one the Finnish grand duchy was stripped of ancient privi-leges by the Russian administration, including the gendarmerie and military conscription and the use of the Russian lawages was introduced. When the conscription and the use standard Finally sian language was introduced. Finally emasthe Finnish Diet became wholly emaculated and was nowerless except to protest. The Finns fought sturdily, but Russian troops garrisoned every town, and hundreds of prominent Finns were driven into exile.

Finland Given Freedom. Last week the Finlanders struck and tied up the railroads over which troops could be despatched, and compelled the Emperor's appointed Senate to resign. They organized a militia in Heisingfors, practically drove out the Russian gendarmie and sent a deputation to Prince John Obolensky, the Governor-General, and also one to Peterhof to demand the immediate convocation of the Diet in extraordinary session and the obliteration of the whole Russi-fication policy. The situation was so threatening the Government was oblig-ed to send warships to Helsingfors and on the guns of the fort on the city.

On the advice of Count Witte and
Prince John Obolensky Emperor Nicholas has signed the manifestos, not
only convoking the Diet, but giving it control of the budget and authorizing an election law providing for universal suffrage. Another manifesto abrogates the military and other laws of Russification. These have been despatched by fast torpedo boat to Helection of the control o

Massacres Continue.
Fatal encounters between the soldiers and the populace and anti-Jewish excesses are reported from many places in the provinces. Saturday and yesterday at Kremenchug twenty persons were killed and eighty injured. At Kutais, a military train was in collision, and nine soldiers were killed. collision, and nine soldiers were killed. After the collision the revolutionaries opened a rifle fire on the trains, and the troops replied in kind. There were several killed or injured on both sides. At Berdicheff several persons were kille dor injured. At Minsk serious rioting arose through the troops preventing a meeting of citizens. The troops fired volleys into the crowds, and there was intermittent firing for a long time. A hundred were killed and long time. A hundred were killed and wounded. Indescribable horrors

are being witnessed every day.

The massacre and pillage of Jews continues at Kishineff.

Troubles at Irkutsk.

Troubles at Irkutsk.
With the resumption of telegraphic communication with the army, news of the serious state of affairs at Irkutsk and other stations in Transbaikala has arrived here. On receiving the first information of the disorders in Russian and the result of the disorders in Russian and the result in a mob rose at Irkutsk, took possession of the town and seized the 'railway.' Other towns followed suit, and Gen. Linevitch, without waiting for orders Lipevitch, without waiting for orders from St. Petersburg, sent 50,000 troops to Irkutsk to put down the rising and restored order and at other stations. Slaughter at Tiflis. Tiflis, Nov. 6.—Patriotic demonstra-

tions yesterday were participated in by 50,000 persons. While a procession was passing along Golowinski pros-pect, firing began. Bombs were thrown at the troops, and were answered with rifle shots. The dead numbered ten, and there were many wounded. In another place four were killed and sevenounded.

Demonstration at Warsaw. Warsaw, Nov. 6.—Great patriotic monstrations were held in the streets yesterday by crowds estimated as nun bering 200,000. Processions headed by clergy and singing "God Save Po-land," paraded the principal streets. A citizen guard kept order, and the military massed in the side streets had The funerals of the victims of the disorders at Lodz, which were held yesterday, were attended by 40,000 persons.

disorders at Lodz, which were held yesterday, were attended by 40,000 persons.

Peasants Repulsed.

Odessa, Nov. 6.—A tour of the city and part of the suburbs yesterday found all quiet. Whole rows of shops that were pillaged have been boarded up. The poor Jewish quarters suffered worst, and the principal streets with a few exceptions were untouched.
Peasants armed with knives and scythes tried to enter the city Saturday having been inflamed by the possibilities of looting, but where driven back by the soldiers.

Awful Indignities.
The casualties in Saturday's disturbances exceed 140, and those of the preceding three days, which have been verified, number nearly 5,600.
The latest accounts of the devastation in the Jewish quarter add horror to the situation. Besides numerous mills, all the bakeries, shops, and nearly 600 homes have been destroyed. The Jews killed, in every circumstance, were treated with revolting barbarity. Skulls were battered with hammers, nalls were driven into the bodies, eyes were gouged out, and ears severed over the sick found hidden in cellars, and they were burned to death.

It is alleged that the police and sol-

diers everywhere marched at the head of mobs, exciting them to destroy the Jews by crying, 'The Jews have kill-ed our Emperor, and similar expres-

Places Killed at 3,500. London, Nov. 6.—The Odessa correspondent of The Standard, under the date of Nov. 5, 5 p. m., says:

"There have been more horrifying assacres and fiendish cruelties, but the districts where these took place are now cordoned by troops. Prob-ably the totalled killed will number 3,500 and the wounded 12,000. Two private doctors attended more than 306 children who had been horribly gash-ed about the head and shoulders with

sabres.
"Heaping insult upon injury the civil governor to-day, when the butchery was ended, asked the householders to subscribe \$100,000 to pay the police in-*reased wages."

Anti-Semetic rioting is reported to be going on-in Kherson, Ekaterinoslav,

WITTE SETTLES STRIKE.

Practically Surrenders Government's Demands and Give Men Everything

St. Petersburg, Nov. 6.—Count Witte Saturday solved the railroad strike at a conference with the strike leaders, at which he did not hesitate to make a practical surrender of the Govern-ment's demands. The basis of settle-

Grants an Assembly.

Cettinje, Nov. 6.—Prince Nicholas has issued a manifesto announcing that

he had decided on his own initiative to grant to the people a representative assembly, and, therefore, orders the holding of free elections for deputies on Nov. 27. The first session of the new assembly will be held on Dec. 19.

NOBODY IS EXEMPT

New Preparation Which Everyone Will Need Sooner or Later.

Almost everybody's digestion is dis-rdered more or less, and the com-nonest thing they do for it is to monest thing they do for it is to take some one of the many so-called blood purifiers, which, in many cases, are merely strong cathartics. Such things are not needed. If the organs are in a clogged condition, they need only a little help and they will right themselves. Cathartics irritate the sensitive linings of the stomach and bowels and often do harm than good.

do more harm than good. Purging is not what is needed. The ruging is not what is needed. The thing to do is to put the food in condition to be readily digested and assimilated. Stuart's Dyspensia Tablets do this perfectly. They partly digest what is eaten and give the stomach just the help it needs. They stimulate the secretion and execre-tion of the digestive fluids and re-lieve the congested condition of the glands and membranes. They put the whole digestive system in condition to do its work. When that is done ou need take no more tablets, unless you eat what does not agree with you. Then take one or two tablets—give them needed help, and you will have no trouble.

It's a common-sense medicine and a common-sense treatment, and it will cure every time. Not only cure the disease but cure the cause. about it in a perfectly sensible and scientific way.

We have testimonials enough to fill a book, but we don't publish many of them. However—Mrs. E. M. Faith, of Byrd's Creek, Wis., says:
"I have taken all the Tablets I got of you and they have done their work well in my case, for I feel like a different person altogether. I don't doubt if I had not got them I should have been at rest by this time."
