THREE TO WAIT ON COMMISSIONERS

To Ask for Liquor License Reduction.

Tenders Accepted For New Fire Station.

All Unemployed Have Evidently Registered.

President Thomas S. Morris, of the Central Temperance Executive stated this morning that it had not been decided yet just what reduction the temperance people would ask the License Commissioners to make this year.

Good Act Rewarded.

Chicago, March 25.—A despatch to the Record-Herald from Tacoma, Wash., says: To have saved the life of a fellow emigrant in a wreck in 1873 and 35 years later to have read in a newspaper plastered upon the wall of a home-stead shack an advertisement which led to his becoming the recipient of a fortune of \$375,000, is the experience of Peter Anderson, a farm hand who resides near White Bluffs, Wash. Anderson yesterday received a cheque for \$5,000 to enable him to proceed to New York to carry out the final legal forms that are necessary for the transfer of the fortune.

BECK HORSES.

Mr. Matheson Explains Who Got the Government Money.

Toronto, March 25.—Before the Public Accounts Committee of the Legislature this morning, Hon. Mr. Matheson explained what has come to be known as the Beck horse incident. He said the Government had promised money to help in the exhibition of horses in London, England, and that large entries had been promised from three other owners of thoroughbred stock besides Hon. Mr. and Mrs. Beck. The promise was verbal, however, and was not carried out.

MOUNT HAMILTON.

People are coming up from the city looking for houses for the summer.

There are no summer houses going up now. All winter houses now that are built, it has been found that the winter is the healthiest part of the year up here.

The linemen have been up this week tightening and straightening the wires on the poles. The telephone and electric light wires are quite numerous on the mountain now.

Chalmers' Presbyterian Church is growing fast. The congregation expects to have a regular pastor soon.

There is talk of the east end incline being kept running until 12 o'clock during the summer months.

The mountaineers will be glad when the city water is brought up to them. The district is growing so fast that city water has become a necessity.

An effort should be made this summer to have a sidewalk put down on the stone road from the head of the Jolley Cut to Dan Cotter's Hotel. It is much needed.

Mr. Harry Bryant has removed to Burlington and his son Alf is now in the old home-stand. Alf is the new township clerk.

Several new houses are being erected now and more to follow.

The Wentworth steps require attending to. When the Board of Works is at it, it might flatten out the top tier of steps. It is too much like a ladder.

The incline railway is doing quite a business at present. It has done a good business in the winter. In the early days it used to be shut down all winter, but that can't be done now.

The young evangelists from the east end of the city are still conducting evangelistic services in the old Union Mission, and are meeting with success.

VOTE FOR BRYAN. Indianapolis, Ind., March 25.—Instructions to the thirty Indiana delegates to the National convention to vote for Bryan for the Presidential nomination, were unanimously adopted to-day by the Democratic State Convention.

HIS FATHER A MILLIONAIRE.

An Echo of the Great San Francisco Earthquake.

Was Arrested Charged With Passing a Bad Cheque.

Now Placed Under Arrest For Desertion From the Army.

San Francisco, March 25.—The obscurity enshrouding the career of Max Jagerhuber, jun., the alleged scion of a millionaire New York manufacturer, relative of a United States Supreme Justice, a United States Senator and a New York Judge, who was placed in jail on the eve of San Francisco's earthquake, for passing a fraudulent cheque at the St. Francis Hotel, has been uncovered, and he is again thrust into notoriety by the efforts of United States army officials at the Presidio to apprehend him on a charge of deserting while awaiting sentence for court-martial. Jagerhuber, who was serving in the army for nearly two years before being placed under arrest for alleged desertion under the alias of Charles Lacey, escaped from the Presidio on Tuesday, and was accompanied, it is said, by a sergeant.

Jagerhuber is 32 years old. He is the son, according to his statement to the police, of Max Jagerhuber, of 172 Fifth avenue, New York, who is reputed to be worth \$20,000,000. He also, it is said, claimed relationship with United States Supreme Justice Fuller, Judge O'Gorman, of New York, and a United States senator.

PAARDEBURG.

Enthusiastic Meeting of the Chapter This Morning.

A most enthusiastic meeting of the Paardeburg Chapter, Daughters of the Empire, was held in the Y. W. C. A. parlour this morning. The Regent, Mrs. Atkinson, presided and the following business was gone through: Miss Rennie handed in \$7.17, the returns of the chapter's share in the living chess game. The "Feast of Blossoms" committee gave reports on the arrangement for their flower booth at the coming carnival, to be held in the Conservatory, which promises to be a success. The Paardeburg Chapter had been asked to assist in the movement for the acquisition of the Plains of Abraham for a national park, and it was proposed, seconded and unanimously carried, that this chapter assist the movement in every possible way.

A POOR SINGER.

London Lad in Detroit Wanted an Engagement.

Detroit, Mich., March 25.—Henry Cayes, a fifteen-year-old boy whose home is in London, is held at police headquarters awaiting the arrival of his stepfather to take him home. The boy arrived here yesterday with 15 cents in his pockets. He left London last Thursday, and walked the entire distance. He wanted to secure an engagement as a vocalist in one of the Detroit theatres, but a candid auditor of one of Cayes' selections advised him to return home and do the chore for his mother instead.

YOUNG FORGER.

Toronto Lad Pleads Guilty and is Remanded a Week.

Toronto, March 25.—"I wish to be tried summarily; I am guilty," said Arthur B. Merrill, a good-looking boy of 18 years, when arraigned in the police court this morning, accused of having forged a \$42 cheque upon the Metropolitan Bank. His father, who has several stationary and post card shops in the city, is the principal sufferer. "I'd like a few days to think it over," said the prisoner. A remand of one week was granted.

SAT BY THE WINDOW

But It Was Only the Corpse of an Old Windsor Man.

Windsor, March 25.—Robert Nolan, 80 years old, for many years a resident of this county, was found dead at his home yesterday. He was taken ill and went to one of the windows of his room, apparently for air. When found he was seated by the window. Mr. Nolan leaves a widow and one daughter.

THE MAN IN OVERALLS

Miss Munro had a pretty straight story to tell the Public Accounts Committee. This hunt for graft must be tiresome for the Tories. It's a case of nothing doing.

Mr. Whitney is depending a good deal upon his old friend, Gerry Mander, to help him out of the hole.

The Y. W. C. A. building fund is growing nicely. Have you subscribed yet?

Why should Mr. Collins' religion unfit him for Legislative honors? Do the North Westworth Tories draw the line in a religious way?

Now, gentlemen of the Board of Works, see that you make a good job of the Jolley Cut when you are at it.

It's not so much the gravel pit as Mr. New, Col. Hendrie seems to be after.

We might as well get a few hand-picked candidates of our own picked out for use in the coming political fight.

If Mayor Stewart were to buy out the street railway it would be run as an open shop, and the city would have to fight for what was coming to it in the open courts. That's my opinion.

And why not fire drill in the Sunday schools? There are no fire escapes on any of the buildings.

Score one for the unemployed—None asked for charity. All wanted work.

The Times asks for recognition on its merits as a newspaper. It has no fake schemes.

Why should Hon. Mr. Hendrie jump upon Mr. New? The gravel pit was no new thing.

We are running up a big bill for deputations. The Mayor and his officers don't live on crackers when they go down to Toronto.

That's a funny idea the Spec. has got into its head that the equinoctial gales are caused by the shifting of the Gulf stream.

That hunt for scandal down at Ottawa is a disgrace. Did Mr. Barker think he could prove that Mr. Turritt and Miss Munro were thieves?

In other words, the North Westworth Tories were unanimous that anybody but a Catholic would do for a candidate. No wonder Whalley is mad.

If Mayor Stewart buys the street railway it will be a continual fight in the courts for the city's rights. There's no doubt about that. It will be open shop, too.

What does Ald. Farrar think about this running down to Toronto every other day?

If the street railway people are to do anything about it, they might white-wash some of those Deering cars. They look like freighters coming up King street.

If you buy your bread by the pound, you know what you are getting. The legislators ought to know that.

Has the landlord lowered your rent yet?

Toronto is not exactly gerrymandered. It is worse. It is twice "as worse."

Farmers who need hired hands should come into the city and see if they can't strike a bargain with some of the men who have registered with Mine Host McMenemy.

If we are going to have Canada for the Canadians, what's the matter with Canadian tobacco for Canadians?

There is a lot of talk just now around town about the baseball prospects, the league and the magnates, but not a word about the fans. Now there would be no baseball if there were no fans, and they have rights which should be respected and legalized by the league. Call a meeting.

OUR TOBACCO ALL RIGHT.

Growers and Manufacturers Testify to Its Good Quality.

Advocate the Prohibition of Importation of U. S. Tobacco.

Teach Canadian Farmers How to Grow Tobacco.

Ottawa, Ont., March 25.—(Special)—The fine quality of Canadian tobacco was testified to at the meeting of the Agriculture Committee to-day. Lewis Wigle, Leamington, representative of the Empire Tobacco Company; D. Wigle, a grower of tobacco, Kingsville, and J. O'Brien, Chatham, a cigar manufacturer, were all examined and gave evidence in regard to the good quality of Canadian tobacco in Western Ontario, particularly in the counties of Kent and Essex.

Lewis Wigle advocated the prohibition of the importation of American tobacco except for making of fine cigars.

He said that Canada could grow the best kind of smoking and chewing tobacco and for medium cigars.

Mr. O'Brien, who used foreign leaf in his factory, admitted this. All of them favored the uniform stamp.

W. Baldwin, Colchester, a tobacco grower, suggested the government sending experts to teach young farmers how to grow tobacco. He spoke of the prejudice which existed in some quarters against Canadian tobacco, which had to be removed.

MORE WARSHIPS

Ordered by the United States to Haytien Waters.

Washington, March 25.—Two additional war vessels have been ordered to Hayti, following a conference of officials of the State and Navy Departments.

SILVER WEDDING.

Happy Anniversary at Mr. and Mrs. Henry Smith's.

The home of Mr. and Mrs. Henry Smith, 82 Wood street east, was the scene of a most interesting event last evening. This was the celebration of the 25th anniversary of their marriage, which took place in Wolverhampton, England, in 1883. Mr. Smith is in the employ of the Otis-Fensom Elevator Co., for which firm he has worked for many years. The esteem and respect in which he is held both in business and in private life, was amply proved by the large turnout of enthusiastic friends. Mr. and Mrs. Smith were the recipients of many handsome gifts, and the guests, who were lavishly entertained, will not soon forget this enjoyable occasion.

ALEX. DYNES

May be Legislative Candidate in East Hamilton.

Mr. Alex. Dynes, the well-known labor man and political worker, has been requested by many of his labor and liberal friends to allow himself to be nominated as a candidate in East Hamilton for the Local Legislature. Mr. Dynes is an energetic young fellow, well posted in all matters relating to labor, and labor men, is a fine speaker, has a reputation for honesty and integrity, and would no doubt distinguish himself in the Legislature. Although no doubt flattered at receiving the request, he has not made up his mind to accede to the wishes of his friends, and may not do so. This move is taken as an indication that some, at least, of Mr. Studholme's former supporters are tiring of the present labor member, and would like a representative who would be less of a hoodlum, and would have more sand than is usually credited to Mr. Studholme, and one less anxious to shake hands with the big chaps and make himself a good fellow with the out-and-out Tories.

ARRESTED IN BUFFALO.

St. Catharines, March 25.—(Special)—A woman giving her name as Sarah Young, and her place of residence as St. Catharines, and another woman who gave her name as Mary Normandy, and said her home was at Thorold were arrested in Buffalo yesterday for shop-lifting in the big departmental stores.

WILL CHARGE BOTH WITH THE MURDER.

U. S. Fleet.

Washington, March 25.—When the United States battleship fleet reaches Australia, according to information given out at the Navy Department, a squadron will remain at Sydney, and a second squadron, composed probably of the faster ships, will proceed to Melbourne. After the call at Melbourne is completed the ships going there will join those at Sydney, and the onward voyage continue. By this arrangement a considerable saving in time will be made.

A HAMILTON BOY

Going to Fitchburg as Y. M. C. A. Secretary.

Hamilton has occasion to feel justly proud of one of her old boys, in Mr. Reid Radford, who is in the city to-day, prior to going to Fitchburg, Mass., to take up the general secretaryship of the Y. M. C. A. in that city. Mr. Radford was formerly assistant secretary of Hamilton Central Y. M. C. A., and in 1906 went as general secretary of the Y. M. C. A. in Sharpsburg, Pa., where he proved very successful and was highly esteemed. While in Sharpsburg he declined several invitations to larger fields of labor, but finally accepted his present call. Fitchburg Y. M. C. A. is a very large one, being about double the size of the Hamilton Association. Mr. Radford carries with him to his new work sincere wishes for his success.

HUCKLE ENGAGED

For Special Work in Pennsylvania Conspiracy Case.

Detective William Huckle, of this city, is off for Philadelphia in the morning, in connection with the conspiracy and fraud charges brought against officers of the Standard Title and Trust Company. Mr. Huckle has been engaged by the shareholders for special work. A Philadelphia despatch says:

RECEIVED DEGREES.

Large Party of Beamsville Odd-fellows Here Last Night.

Freestone Lodge, I. O. O. F. of Beamsville, paid a visit to Unity Lodge, this city, last night, at a special meeting for the purpose of receiving degrees. The visiting party, which came by special car on the H. G. & B. Railway included about 20 candidates for the first and second degrees. Mr. O'Reilly was little to say in regard to his clients, but is quietly working on his case. It is expected more witnesses will be called at the preliminary hearing than at the inquest, and still more at the high court.

WON'T LOSE JOB.

Detroit's Chief of Detectives and the Gift of a Ring.

Detroit, Mich., March 25.—Captain James McDonnell, chief of the detective bureau, will retain his position, the commissioner of police having declared the ring incident in which he was concerned a closed matter. In a spirit of friendship a son of Mrs. Welch, for whom murder young Bowen, of Woodville, Ont., is now on trial, gave McDonnell a pawn ticket covering a loan of \$60 made to Mrs. Welch some time before her death. Capt. McDonnell repaid the pawnbroker the \$60, and secured the ring, which is worth about \$200. The deal was at first looked upon as an infraction of rigid departmental rules.

EARLY DEMAND FOR HOUSES HAS BEGUN ON THE BEACH.

People Getting Ready to Move Next Week--Lake Shore Clear of Ice To-day

Whether it is that "Grandpa" Morden is making a good acting Caesar, in the absence of Eli Van Allen, or that the merits of the Beach as a summer place of residence are becoming better known, deponent sayeth not, but it looks as if the coming summer would be a good one for the owners of Beach property. A great many enquiries are being made about cottages and already a number have been taken. Repair and fitting work is going on in a number of the houses and several families will move next week. Even though the winter was pretty severe, the "all year" residents who work in the city found the conditions healthful and enjoyable.

Such Is Decision of the Police Chief.

In the Case of the Greco Brothers.

Crown Disappointed at Inquest Evidence.

Chief Smith announced this morning that both the Greco brothers would have to face a charge of murder. The law in such a case as the present one is that an accessory before the fact is to be classed as a principal. From the evidence given at the inquest the police are not sure that they will be able to prove that Bruno Greco was an accessory before, but they think they can prove that he was an accessory, and is therefore amenable to the law, so they are satisfied. The evidence last evening was a disappointment. Crown Attorney Washington thinks, and the facts seem to justify him, Mendola is alleged to have told the police a different story altogether to the one he told at the inquest last night. The police do not know which one to believe, but the one last night was sworn to, and the other was not. Mr. Washington would not talk much of the case, and said he would go over the evidence in company with Chief Travis before he decided what his case would be. At present Mr. Washington is making inquiries regarding the two alleged confessions of Giuseppe Greco, and also in regard to the faded story of a local paper, that Greco confessed to Mr. Protich, the crown interpreter. The country police officials who did some talking, before the inquest, about confessions, are rather mum now, and none of them offered to substantiate the interviews they gave to various newspapers. The brothers did not appear at the court this morning at all, but a remand was made out and sent to the jail, which will keep them till Monday morning, when the preliminary hearing will be gone on with.

RAISED \$22,000

For the New Hall of the I. O. O. F.

Although it is but a few weeks since the active campaign was begun to raise funds for the building of a new hall for the Independent Order of Oddfellows, the joint committee has met with splendid success, and when that body meets to-night the reports will show that \$22,000 has been promised. This will encourage the workers to renewed activity, and the members of the committee feel that the success of the movement is assured.

OPEN WATER.

Hailed With Delight by Kingston Seamen.

Kingston, Ont., March 25.—(Special)—Clear water was sighted this morning for the first time at a point nine miles above the city. The terrific winds of the past ten hours have effected an opening in the ice. If the wind continues much longer the ice in the harbor will give way. The open water was hailed with delight by many sailors.
