porter," in a series of damaging leaders some months ago, boldly announced and affirmed that an enormous and unaccounted for expenditure of the public money had taken place, and by inference the Committee of Audit had not done their duty faithfully. This confident statement yet remains, so far as I know, unanswered, and it would seem unanswerable. Under such circumstances, Sir, it would be uncommonly interesting to the inhabitants of this electoral district to know how the Public Accounts are kept and cooked, if cooked; and if cooked, how, when, and by whom—of course our members can clear the Government from the dishonesty imputed to it. Let them not hesitate then to come before the country and state the truth, and at least exonerate themselves from blame; for, not only is THEIR public character, but also the character of THIS constituency deeply compromised. The people of this district wait for a reply.

Your's, respectfully,

CHIPS.

We are happy to notice the return in town, on Thursday last, of Captain CHEARNLEY, sound in wind and limb, and in excellent spirits, after an absence of several months on a pleasure excursion to the northward of this island. Capt. C. speaks very highly of the immense tract of country over which he has travelled;—the soil being excellent for agricultural pursuits, and timber for ship-building, and other purposes everywhere abounding. The rivers teem with fish, and there is game in abundance. The Captain fell in with a large quantity of deer, and, being a first-rate marksman, levelled very many heads of them. He likewise reports having seen a variety of valuable ore which could be turned to good account. The statements of this gentleman fully substantiate all that we have heard from time to time of the extensive and invaluable capabilities of the colony; and it is astonishing that little or nothing has been done to open up our internal resources and bring them into PRACTICAL OPERATION for the benefit of the place and its inhabitants. But, unfortunately, the old remark holds good—"Newfoundland will be Newfoundland to the end of the chapter."

We also learn from the above gentleman that the late gale has caused great destruction of property at Twillingate, making a complete sweep of wharves, stages, &c., and sinking several vessels with cargoes ready for market. On the 25th October, the Schooner BENJAMIN, of Ochre-pit Cove, Conception Bay, was lost at the Trading Islands, Badger Bay, on her way home from the Labrador. Crew, passengers, and cargo saved.—[Times, Nov. 22.]

MARRIED.—On Tuesday, the 16th inst., at 9 o'clock, by the Right Rev. Dr. Mullock, assisted by the Rev. Kyran Walsh, Daniel Green, Esq., merchant, Harbour Grace, to Miss Alice, eldest daughter of Pierce Grace, Esq., of this place.—[Patriot.]

DIED.—On Wednesday, 19th inst., after a short illness, Samuel W. Smith, eldest son of Alexander Smith, stone cutter, in the 15th year of his age.—[Ibid.]

A MARVELOUS REMEDY FOR A MARVELOUS AGE.
HOLLOWAY'S OINTMENT.
The Grand External Remedy.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part.—Disease of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.
Erysipelas and Rheumatism, Scorbatic Humours.

No remedy has ever done so much for the cure of disease of the Skin, whatever form they may assume, as this Ointment. Scurvey, Sore Heads, Scrofula, Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health. *Sore Legs, Sore Breasts, Wounds and Ulcers.*

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.
Both the Ointment and Pills should be used in the following cases:—
Bad Legs, Bad Breasts, Burns, Bunions, Bite of Mosquitoes and Sand Flies, Cocks-bay, Cheigo-foot, Chilblains, Chapped hands, Corns, (soft) Cancers, Contrasted and Stiff Joints, Elephantiasis, Fistulas, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Scalds, Sore Nipples, Sore Throat, Skin-diseases, Scurvey, Sore-heads, Tumours, Ulcers, Wounds, Yaw.

Sold at the Establishment of Professor HOLLOWAY, 244 Strand, (near Temple Bar), London, and 80, Maiden Lane, New York; also, by all respectable Druggists and Dealers in Medicines throughout the Civilized World at the following prices:—1s. 3d., 3s. 3d., and 6s. sterling, each Pot.
Sub-Agents.—John McCarthy, Carbonear; N. & J. Jillard, Harbour Grace; John Stentafor Brigus.

Wholesale and Retail by

T. McCONNON, Agent.

N. B.—Directions for guidance of patients in every disorder are affixed to each Pot.
