

PROVINCIAL HAPPENINGS

Fredericton is to have milk cans with labels stating their capacity, and the Labor Council have started an agitation to have all loads of milk brought into that city, measured by an official inspector, so that purchasers know how much milk they are buying. Mr. Arthur K. Limerick, inspector of weights and measures in York, Sanbury and Queens counties, has notified the local milk dealers that in the future it will be necessary to have a stamp placed on all milk cans showing the capacity, maker's name and the words "milk can." This move is the result of legislation which was enacted several years ago but up until the present time had not been enforced.

The annual report of the Hotel Dieu Hospital, Chatham, has now been issued, and among other things it shows that during the past year the number of patients treated was 308; number of surgical operations, 292; number of deaths, 9. Native places of patients: New Brunswick, 255; Nova Scotia 4; Prince Edward Island 5; United States 7; England 1; Ireland 4; Scotland 4; Austria 1; Russia 1; Belgium 2; Norway 2. Those from New Brunswick belonged as follows: Northumberland county 215; Gloucester 16; Restigouche 2; Westmorland 1; Kent 8; Carleton 4; St. John 2; Charlotte 1; Queens 1; York 1; Victoria 2; Madawaska 2.

John M. Curry, secretary treasurer of the Rhodes, Curry Co. Ltd. and who for twenty four years has been an important official of that company and of the Canada Car and Foundry Company, has lately been appointed to the sales department of the latter concern. His new position necessitates his removal to the head offices at Montreal, much to the regret of the citizens of Amherst. On Monday he was presented with an address from the citizens of Amherst, which was accompanied by a handsome sterling silver tea service. The presentation was made in the parish hall and about two hundred citizens were present over which Mayor Fago presided. Addresses were also given by a large number of citizens, all joining in expressing regret over the departure of Mr. Curry from Amherst. He was banquetted by his friends at the Amherst Hotel in the evening.

Hon. C. H. LeBlond of Dalhousie, in reply to the presentation of an address and a purse by friends throughout the province on Tuesday last said that in accepting the address and testimonial from the committee which represented his friends everywhere, he desired to thank them for their very kind expressions towards him for what efforts he has made in the best interests of the people. He was grateful to those who had contributed so generously to the testimonial. He saw there the names of former colleagues who sat with him in the legislature. Some of them stood by the bench, others did credit to the province in the Senate and House of Commons of Canada, others had retired from public life. To them and to others in the province and country he would be forever grateful. He said that it would be fitting on an occasion like this to say a word about the future of the province. He said that the members for Miramichi county had offered to resign his seat in his favor. He said that he was glad that Premier Manning would not be adverse to Mr. LeBlond accepting a seat opposite to him in the Assembly as their relations in parliament were always of a most friendly character. He felt, however, that after thirty long years of service, it was only fair to himself and just to his family that he would devote some time at least to business and social affairs that he had made up his mind that he would not make any great effort to return to Fredericton. However, he said that his long experience in dealing with public affairs would not be lost as he intended devoting some little time to the study of problems for the benefit of the people of his native town in which he lived, for the advancement of the county which had for so long a time honored him with its confidence, and he could not forget the County of Bonaventure, where he had so many friends, and where he had learned to speak the French language, after he had left Dalhousie at the age of nine on account of the illness and death of his parents.

PLUNGED INTO THE RESCUE

But When Mechanic Found 'Twas His Mother-in-law He Threw Her Back

Dubois, a young mechanic of Bellegarde, was returning home from work along the bank of the Rhone when he heard cries of distress, and seeing a woman struggling in the swollen stream he plunged in, and swam to her. As he was about to lift her, she discovered that her mother-in-law was in the water. Dubois, in a moment of panic, threw her back, and she was drowned. The woman was the wife of a man who had been killed in a recent accident.

CANADIANS NOW IN THE NAVAL SERVICE

Pugsley's Statement Shown to be Utterly False.

Figures prepared by the department of the naval service show that the number of Canadians in the navy is 1,200. This is a significant increase from the previous year, and it is a testament to the loyalty and service of Canadian citizens in the armed forces.

The number of Canadians who have enlisted in the navy is 1,200. This is a significant increase from the previous year, and it is a testament to the loyalty and service of Canadian citizens in the armed forces.

Against the picture drawn by Hon. William Pugsley, the other day, of many thousands of Canadians serving in the United States navy, because there was no opportunity of serving in Canada, are the departmental totals by provinces, as follows:

New Brunswick 162
Nova Scotia 5
Prince Edward Island 19
Quebec 44
Ontario 113
Manitoba 1
Saskatchewan 1
Alberta 52
British Columbia 52
Total up to Dec. 15 of 492 officers and men.

During the same period 65 English officers and 626 men have been employed on the ships. The statement shows that the number of men qualifying for service as seamen during the period up to Jan. 13 was 78, as follows: Boys 26, ordinary seamen 22, able seamen 29, and leading seamen 1. Those have completed their service in the training ship and are eligible for draft to a seagoing ship for advance in the training of seamanship, gunnery and torpedo.

Nineteen cadets are at present graduating from the naval college and will undergo one year's further training in a cruiser before being qualified to enter the naval service.

EMPIRE TYPEWRITERS

This short article only refers to the machine and its advantages in a general way. It is hoped that those receiving it will be sufficiently interested to write for fuller details, testimonials, location of the nearest representative, and information of a like nature.

The Six Important Essentials: Simplicity, Durability, Speed, Manoeuvring Power, Portability and VISIBILITY OF Writing are conceded to be the six most important essentials in a Typewriter. Machine of this type is the "EMPIRE" we present to the public the latest and most convincing embodiment of these features and the most radical departure from other methods of construction.

Points of Superiority: It writes more beautifully than any other machine without exception or qualification. The Touch is uniform and elastic. One-third of the number of parts. It is even simpler than this implies. It is perhaps better made, though its simplicity tends to obscure comparison.

Typing Perfection: It is hard to say at this late day to explain the merits of Type writing machines. The story of the Typewriter has been the story of improvement and the "EMPIRE" the ideal may be well said to have been attained.

That is why the favor of both Business and Professional men and all who seek it, attests to the fact that the claims made for it are real and tangible.

Life Insured: There are no complications in construction. It is therefore easily understood by beginners. Best materiality of construction and mechanical principles insure long life. The "EMPIRE" has a minimized keyboard with 34 keys and 84 characters and weighs only 17 lbs.

Manifolding: It is a powerful manifold, from one to ten or more carbon copies can be simultaneously made as desired, while the work accomplished is absolutely satisfactory to operator and employer alike.

Writing in Colors: Another special feature of this machine is writing in colors, which is done by drawing a slip of red or colored carbon paper between the plates and the ribbon. Writing headlines, cards and figures in colors can be done at will and practically without interruption of speed.

Visual Writing: The most distinctive feature of the "EMPIRE" is the VISIBILITY OF WRITING.

THE "EMPIRE" embodies so complicated movements while its MANIFOLDING, ALIGNMENT, MARGINAL FACILITIES, AUTOMATIC CONVENIENCES, DURABILITY, VISIBILITY OF WRITING, MINIMUM OF NOISE in operation make it the Typewriter par excellence.

Terms of Sale: Our Machines are sold on receipt of cash. Money will be returned promptly if any machine is found unsatisfactory after one year's use.

PRICE: No. 1, \$600; No. 2, \$500; No. 3, \$400.

THE CANADIAN PATENT RAILWAY BEARER OF THE "EMPIRE" Typewriter is a 20 cent stamp to a 20 cent stamp.

Adopted by THE BRITISH GOVERNMENT, THE FRENCH GOVERNMENT, THE BANK OF MONTREAL, THE MERCHANTS BANK OF CANADA, THE HOLLAND BANK, ALL EDUCATIONAL INSTITUTIONS OF CANADA.

THE PRINCE AT OXFORD

To Take the Undergraduate's Course of Living in College

There is to be one remarkable difference between the Prince of Wales' life in Oxford and that of King Edward when he went there as an undergraduate.

For King Edward a house was taken and during his time at Christ Church he lived, not in college, but at Frensham Hall, beside the Union. But the Prince of Wales is to live in college.

Magdalen has a Royal lodging, a set of rooms in the founder's tower which were the residence of the last Prince of Wales who went to Magdalen, the son of Henry VII., who died in his youth.

The Prince of Wales may have these rooms or one of the sets of Fellows' rooms in the new building overlooking the grove, which are large and light and, of course, more extensive than the undergraduates' rooms.

Living in college will give the Prince more of an undergraduate's life than his grandfather had. But he is not to join in college games.

Possibly that would be too democratic a step. It may have been felt that not taking a house specially for him is as far as can be gone.

Here's the first guide post on the road to success: Mind your own business.

ASSASSINATION OF TURKISH LEADER

Nazim Pasha shot dead While Addressing Crowd.

Nazim Pasha the former war minister, and commander of the Turkish army was shot dead during demonstrations at Constantinople on Thursday.

He received his death wound while expostulating with a crowd of demonstrators for having become embroiled in a conflict at the Grand Vizierate. According to the official version of the affray, which is termed a "regrettable incident," when the demonstrators headed by Enver Bey one of the leaders of the Young Turk party, penetrated the Grand Vizierate in an attempt to enter the council chamber they were stopped by Faiz Bey, aide de camp to the Grand Vizier, who drawing his revolver fired a shot at them. The aide de camp of Nazim Pasha also fired at the crowd, his bullet striking Nedim Nedjif, one of the demonstrators. The demonstrators thereupon replied and Nazim's aide de camp was instantly killed.

Nazim Pasha, who was in the council chamber, heard the shots and rushed outside. Facing the demonstrators he upbraided them, calling them ill-mannered curs. While he was speaking a bullet cut short his remarks and he fell dead. A special police agent and an attendant of the Shokul Islam head of the Mohammedan clergy also were killed. The leading ultras of Constantinople declared that the killing of Nazim was unpremeditated and much regretted, but under the circumstances unavoidable.

WHAT A REAL TONIC WILL DO

Strikes at the Root of Disease and Gives New Health.

If you look in your dictionary you will find the word "Tonic" defined as "a medicine that increases the strength and vigor of the system." That tells why Dr. Williams' Pink Pills are a real tonic. Thousands of men and women are ailing today, not sick in bed, but without strength and ambition, utterly tired out after a day's work. No one organ seems to be at fault, yet the whole system is lacking in health. They do not sleep well and are always tired and nervous, many have headaches, backaches and stomach trouble. All these people need the tonic help of Dr. Williams' Pink Pills. The beneficial influence of this medicine reaches the whole system. Dr. Williams' Pink Pills do more than relieve the symptoms, they actually remove the cause of the trouble. The care of Mrs. J. H. Sharpe, London, Ont., is in proof of the above statements. Mrs. Sharpe says: "I was so run down and weak that life was a burden. The best of food would not sustain me, and I was so tired that I could hardly breathe. It was going up stairs when I reached the top. My heart would palpitate until I felt as if it would choke me, and I was extremely nervous. I was so weak that I could not do any work. I was so tired that I could not sleep. I was so nervous that I was always trembling. I was so weak that I was always feeling faint. I was so tired that I was always feeling exhausted.
