LOCAL NEWS.

CARBON.—These animals are becoming quite numerous in the vicinity of Lower Queensbury.

Blew Down.—The bill-board which the city authorities erected on Phenix square blew down in a gale of wind on Thursday.

FIRE.—A dwelling occupied by James Higgins, near Marysville, was burned Wednesday morning. Loss, \$500; no insurance.

SPECIAL SERVICES.—Rev. Joseph McLeod has been holding evangelical meetings at Lincoln, and has met with considerable success.

WATERING THE STREETS.—The watering cart made its first appearance this season Thursday afternoon, and laid the dust in good style.

AN ERROR.—In last week's issue, it was stated that the Musketeers would be in this city on the 24th of May; it should have been the 4th.

LECTURE.—Rev. Jos. McLeod delivered a lecture at the Marysville hall on Monday evening last to a large audience on the subject of Temperance.

THE UNIVERSITY.—This year's graduating class will number 12. The boys are a "plugging" desperately, causing a big rise in the tea and towel market this week.

LAWYERS.—Some of the I. S. corps men have been busy during the week cleaning the square behind the officers' quarters and preparing it for lawn tennis.

RELIEF.—Petitions were filed with the clerk of the House of Representatives for the relief of G. H. Gilmer, M. D. for Charlotte and G. G. King, M. P. for Queens county.

IMPROVEMENTS.—A new siding has been built by the C. P. R. at two miles east of Waasa, to facilitate the loading of about 1,000 cords of fire-wood for the river steamers.

BUILDING.—J. C. Risten & Co. are erecting a single tenement house on government road, above Smylie street. The building will add greatly to the appearance of that part of the town.

GETTING READY.—The Fredrickton band has resumed practice, and having obtained some new talent, hope to have a band second to none in the maritime provinces this summer.

MINSTRELS.—The world-renowned Gordon's minstrels will appear in this city some time soon, and will doubtless be given a good house. They bring with them their celebrated gold band.

FREDECTION'S SHARE.—By the will of the late M. P. Black of Halifax, his sister, Mrs. E. H. Wilmot, of this city, falls heir to about \$50,000. His niece, Mrs. R. D. Wilmot, of St. John, receives \$10,000.

HIGH JINKS.—The marriage of Joseph Sands and Miss Cox, employees of the Queen hotel, furnished the boys an opportunity for a bonfire celebration on the court house square Wednesday evening.

IMPROVEMENT.—Queen street is receiving a much needed cleaning and is beginning to look respectable. If the authorities would have the others cleaned in the same manner it would be a great improvement.

HARD LINES.—The warlike soul of quartermaster Lippert is bowed down with anguish. He sheds tears of ink in the Parker this week over what he terms "those very antiquated knapsacks which were used in the days of the Brown Bed."

MUSKETEERS.—This description of game has been plentiful this spring and many have been trapped and shot along the river since the thaw went out. Among amateur sportsmen, Harry Atherton takes the lead with a score of fourteen pelts up to date.

A HOPE ON.—The largest ox that ever was seen in the city came down on a raft from the Tobique river the other day in charge of a man by the name of Williams. It was twelve feet long from the tip of the horn to the tip of the tail, five feet high and girted nine feet.

THE QUEEN CITY.—Bangor is to have a big celebration in merchants' week, on the 26th, 27th and 28th inst. There will be baseball, a horse-trot and a regatta for which about \$2,000 have been raised. There will be an excursion from Fredrickton and other provincial points.

GLAZING.—The residents at McLeod's hill were astonished a few days ago at the bold appearance of a large bull moose, which came out into the clearings and seemed to have designs on Mr. Edward Brannen's clothes-line. He disappeared before five-arms could be brought to bear.

THE LUMBER KING.—Mr. Gibson has thirty million feet of lumber on the drive this season, which is fully up to the mark of other years. Owing to the falling of the water, the driving has been somewhat hindered. The mill at Marysville is now running night and day.

PROMOTIONS.—W. S. Hooper, the popular and efficient agent of the Dominion Express company here, has been appointed to the agency of the company in St. John, and leaves about the fifteenth of this month for that city. It is not yet known who will be his successor in Fredrickton.

A PATRIOTIC ACCIDENT.—Miss Monahan, while using a crocheting needle at the Regent street school on Tuesday, had the misfortune to have the implement impaled in her thigh. Medical attendance was summoned, and after the application of chloroform the needle was extracted.

A FAKIR ARRESTED.—Martell, who it will be remembered figured prominently in the Walton robbery case, was arrested on his return from St. John on a charge of selling a man a watch for \$25 that was actually worth only \$5 dollars. He was discharged next day on refunding the \$25.

NICK CURS.—W. Chestnut, of this city, is the possessor of a fine pair of curs, which he obtained from Thos. Evans, Cat's river. They are about six weeks old, and are very playful and tractable. John Gann has also two fine specimens of the junior breed which he obtained from the same source.

AUTOCHEUR WITHOUT.—Will sell all the articles contained in the government stables on Phenix square on Friday morning, May 24th, consisting of harness, wagons, slovens, sleighs, sleds, hobbles, horse clothing, lap rugs, buffalo robes, with a variety of other things. See notice in this paper and posters.

THE RIFLE.—On Thursday evening next the annual meeting of the York county rifle association takes place in the drill hall. Final arrangements will then be made for entering a team from York county in the Dominion league matches, which are to take place May 16th, May 20th, July 11th, July 25th and August 2nd.

A BAD ACCIDENT.—While Thomas Ross and James Minto were working at W. T. Whitcomb's residence, George street, on Monday last, the staging on which they were standing gave way and precipitated them to the ground. Ross had his left leg broken above the knee, but Minto only received a general shaking up.

A Misleading Report.

Once Fredrickton was all on fire in the temperance work, says the Rev. Job Shenton, but in the last three or four months there has been scarcely a word of temperance. It had five hundred of the electors of York before him, and it was not Sunday night, he would speak pretty plainly to them. He would tell them that he would not give a snap for their temperance if it were held subservient to their politics.

There is no man in the county could undo in four years.—Gleaner.

Rev. Mr. Shenton authorized THE HERALD to state that he made no such remarks as those attributed to him by the Gleaner. In his address on last Sunday evening he deprecated the use of liquor in elections, and declared that the temperance principles of men who would support candidates who were drinking men were of little value to the cause. He did not mention either Mr. Blair or Sir John in connection with the evil done by liquor in York, but named them as well as Mr. Laurier, Sir Charles Tupper and other public men, whose success in politics was of small importance compared with the general welfare of the country. There was, he said, more harm done to the temperance cause in one election, such as the last Dominion contest, than all the ministers in the county could undo in four years.

In closing he spoke of the prohibition petitions to parliament, the presenting of which he feared would accomplish very little.

The Fredericton Soap Co.

The Factory at St. Mary's will not be running with a full complement of hands until three weeks hence. The company expects to employ from thirty to thirty-five hands, of whom from ten to a dozen will be girls. The principal varieties of soap manufactured, will be toilet and laundry soaps; of the former description the company has about twelve gross finished and expects to turn out about four hundred gross during the season. A specialty will be made of toilet soaps, of which there will be manufactured probably five different brands. The factory is capable of producing when running in full blast about three hundred gross per week, for which quantity the company hopes to find a sufficient demand.

No visitors are allowed in between the hours of ten and twelve in the morning, as during that time the employees are particularly busy.

New Time Table.

The C. P. R. summer time table goes into effect on the 21st May. By it the Fredrickton train out leaves at 7 o'clock in the morning, one hour later than under last year's table, to arrive at St. John at 9:30. Leave St. John at 4:20 p. m., and arrive at Fredrickton at 6:55. This train will not stop at Welsford either way. Welsford will be served by suburban train from there. The Fredrickton train will connect at Fredrickton Junction both ways with train for St. Stephen. Connection will also be made at McAdam Junction for Hilson and Woodstock, arriving at Woodstock at 9:20 p. m.

The "Big Four."

There are no insects on the members for Northumberland, Tweedie, Birchall, O'Brien and Robinson. The Chatham World says that they have purchased a road vehicle, and they are now in the city to inspect it. It requires several miles to haul it and will turnpike some miles of road a day, cutting down all the ridges, filling all the hollows, and leaving a smooth and rounded surface. These roadmakers have been tried in other counties with good result, and our roads, comparatively free from stones, are especially adapted to them. The machine is to be delivered the 10th May.

ANTICIPATED.—The warlike soul of quartermaster Lippert is bowed down with anguish. He sheds tears of ink in the Parker this week over what he terms "those very antiquated knapsacks which were used in the days of the Brown Bed."

Mr. Gibson has chartered the tug "G. D. Hunter" to his deals to St. John. She will make three trips a week for New Brunswick, arrived over the C. P. R. yesterday with Mrs. and the Misses Lugin and went on to Seattle, where they purpose to reside in the future. They were met here by a number of old friends.—Vancouver World, 17th.

Harry Niles of Kingcarl has purchased James Carr's stallion "Richmond Bright." The price is rumored to be \$300.

The Fredrickton rifle association are making preparations for a programme of racing on the 23rd or 25th of May.

D. J. Stockford will have his training stable at Gov't barn going next week and expects to have about a dozen horses under treatment.

S. Murray of Spring Hill has purchased from Boston dealers a gray pacer horse which is said to be very speedy. It is now at the Barker horse stables and is being looked after by J. B. Orr.

Sad Accident.

A distressing accident occurred on George street, Wednesday evening, by which a young lad by the name of Moore was seriously injured. It seems that Moore, along with some other lads, was jumping over a sloven wagon, and Moore slipped and fell. A carriage driven by F. Carvell was sent behind, and one of the wheels passed over the boy. The boy remained unconscious for some time and two doctors had to be summoned. The latest reports were to the effect that he was doing as well as could be expected, and would likely recover.

The River.

The schooners Active and Water Lily arrived from St. John during the week, the former with a general cargo and the latter in ballast.

The schooner Glad Tidings, captain Gilchrist, which arrived early this week from St. John, sailed with a cargo of planed hemlock boards from Estey's mill.

Since last Sunday the water has been falling gradually. Unless there be heavy rains this month the drives will be seriously impeded on the upper St. John.

Church News.

To-morrow at the morning and evening services in St. Paul's church, Rev. Mr. McLean of Harvey will occupy the pulpit.

The Baptist church of Blissett, Docktown and Upper Blissett have secured as their pastor Rev. Mr. Randall of Nova Scotia. Some very successful revival services have been held.

Rev. Ralph Brecken after lecturing in Woodstock proceeded to St. John where he preaches to-morrow (Sunday) in the Carleton Methodist church.

The Fredericton Market.

The market prices this week are about the same as last. We quote: Beef, 7 to 9 cts; mutton, 6 to 7 cts; veal, 5 to 6 cts; Hams, 8 to 9 cts; butter, 15 to 17 cts; turkeys, 12 to 15 cts; chickens, 45 to 50 cts; ducks, 60 to 70 cts; eggs, 13 to 14 cts; potatoes, \$1.75 to 1.85; turnips, 60 cts; carrots, 80 cts; hay \$10 to 12; straw, \$5 to 5.50.

Mr. Crockett Speaks.

To the Editor of THE HERALD. Sir,—I have been pained during the columns in the press relating to the will of Tressi, to witness the unmitigated condemnation passed upon Mr. Creed and his son for having laid the information against the unfortunate young man. I feel assured that if the writers had been acquainted with the facts of the case they would have made their comments in a different spirit.

Tressi's offence was unfortunately of such a character as to render his removal from the institution a necessity in the interests of public morals and decency. His shameless exhibition of obscene pictures—so absent as to forbid any description in the public prints—on repeated occasions, once during the opening exercises in the assembly hall, and his reproduction of them during the hour allotted for drawing with such modifications as his vile imagination suggested, besides exhibiting them in public places outside—all of which he admitted—indicated the absence of that degree of moral sense which could warrant the institution to send him forth as an instructor of youth.

If the Normal school were a reformatory he should have been retained and dealt with according to the usages of such institutions, but an institution established for the training of teachers cannot with safety to itself, much less to the public schools, harbor such persons within its walls.

If such conduct was going on in the school without the knowledge of the principals, it was the duty of those who were aware of the facts to inform him. This is just what Mr. Creed and his son have done and for which they have been most unjustly held up to public obloquy and scorn.

Instead of ensuring they deserve commendation which he believes a public opinion would not withhold. They have performed what must have been to them under the circumstances a most unpleasant duty—the duty of bringing to the knowledge of those who were authorized to deal with it, the existence of conduct so pernicious to the interests of one of the most important services of the country.

Yours truly, W. CROCKETT, Chief Sup't. of Education, Fredericton, May 2nd, 1891.

Recent Fire.

Two fires within half an hour of each other kept the firemen of nos. 2 and 3 pretty busy on Thursday afternoon. The first alarm was caused by a slight fire in the Beckwith house, near Estey's mill, now occupied by Thos. McKenzie and Geo. Russell. The fire caught from the stove, and was extinguished without the aid of the hose companies. The other fire was at the building occupied by R. R. Carvell as a hotel, and R. E. Estey as a warehouse. This was caused by a spark falling on the roof, which was quickly in a blaze. It was, however, soon under control, and the firemen by their prompt attention, saved Mr. Carvell's home from being entirely destroyed. The damage to Mr. Carvell's house was about \$1000; the total amount of insurance, \$1100. Mr. Estey was insured in the Commercial for \$500, which will fully cover the damage to his property. Mr. Estey has removed his office to the building across the street, for the present.

The firemen were again called out on Friday afternoon by the burning out of a chimney in a house on Charlotte street owned by Charles Bywood of Woodstock, and occupied by Mrs. Sloan. No damage was done.

PERSONAL.

Concerning People Known to Most Readers.

THE HERALD returns thanks to hon. Mr. Blair for late New York papers.

John Gibson, of Marysville, is yet very ill from his grippe, but is gradually improving.

Fred. McMurray of Portland, Me., formerly of this city, is here on a visit to his uncle, J. F. McMurray.

Mr. Gibson has chartered the tug "G. D. Hunter" to his deals to St. John. She will make three trips a week for New Brunswick, arrived over the C. P. R. yesterday with Mrs. and the Misses Lugin and went on to Seattle, where they purpose to reside in the future. They were met here by a number of old friends.—Vancouver World, 17th.

The Y.M.C.A. base ball club to Arbor day at 2:30 p. m., on chosen later.

The Lone Stars are to have a good team in the fall this year, and the club that gets ahead of them will have to bustle. Parker and Haines have been engaged as battery.

There is some talk of an amateur league being organized with the following clubs—The Lone Stars, Alerts, Marysville B. B. club Potato-Peeler, Athletics and the L. S. C. club.

The Shamrocks, of St. John intend to have a good programme of sports on their grounds on Monday, 25th May, which will be observed as a holiday, the Queen's birthday falling on Sunday.

The Potato Peeler accept the challenge of the Athletics for a game of base ball on Monday, 25th of May.

H. McKen, Captain Potato Peeler.

The first game of Base Ball of the season was played here Friday afternoon, between the I. S. C. club, and a team from Atkinson, Cook's minstrel. The game was a five inning one and resulted in favor of the I. S. C. by a score of 83 to 7.

The grounds of the Fredrickton athletic club will be taken over on May 1st by Mr. Scully, the owner, unless some arrangement is made. The lease has not yet expired, but the club has failed to pay the rent of the grounds.—Moncton Transcript.

An effort is being made to get up a local team among the members of the St. John club to play the Maine State college nine here on May 25th. The movement so far is not meeting with much success, as the old players are rather adverse to going on the diamond again.

The members and friends of the Fredrickton base ball association have come to the front promptly with the funds necessary to refund the beautiful grounds for the coming season. The subscription list was circulated on Thursday and in an hour or two the necessary \$150 was obtained. Credit in Fredrickton is high.

Halifax will have at least two local teams this season, writes a Halifaxian to a friend in this city. One will have Graham and Doyle as a battery, and they will be backed up by members of the Social club. The other nine will have "Shorty" Power and White as battery, with seven men back of them, the pick of last year's amateur league.

Lawyer Hughes spent Sunday up river and his frequent trips in that direction have aroused the curiosity of his friends—Halifaxian.

Brother Mactut should not be jealous. There is no mystery about the movements of George up river last Sunday. He has signed a contract to play left-field for the Independents of New Brunswick. When the Independents come down to play the press nine on the 24th with George Mactut in the place of the batting list, Brother Mactut will request that he be released him so hastily last summer.

Opportunity.

Master of human destinies am I, Fame, love and fortune on my footsteps trail. Cities and fields I walk. I penetrate Deserts and seas remote. And passing by Hovel and mad palace, soon or late I kneel before my Maker's throne. If sleeping wake; if feasting rise before I turn away; it is the hour of fate. And those who follow me reach every stage of life's career, and conquer every foe. Save death; but those who doubt or hesitate, Condemned to failure, penury and woe, Seek me in vain, and uselessly implore; For I am not, and I return no more.

But fall not in this respect, Seize every opportunity to travel Over the Chicago, Milwaukee & St. Paul Railway.—Sin.

BRAIN ABLAZE.—A bear ran out of the woods below the mill of Kenwick this morning and undertook to swim across the river. By the time he had got well out into the current the "hook" of the Florence's whistle alarmed him and he endeavored to return to the shore. This he accomplished after drifting down the stream some distance. A man who was on the bank, being on a rock saw the bear emerge from a water and ran down the shore yelling vigorously. The bear then ran up the bank and across the fields and disappeared in the woods. He was a long, gaunt-looking customer and evidently much weakened by his winter's fast.

THE LATE Mrs. GIBBARD.—Many citizens attended the funeral of the late Mrs. Samuel Gibbard Tuesday afternoon. Rev. Messrs. L. G. Macneil and T. F. Pothringham conducted the services. The hymn, Lead Kindly Light, was beautifully rendered by a quartette, Mrs. Gregory, Miss Hos and Messrs. A. M. Smith and E. Macmichael. Floral gifts were present in profusion, and included a beautiful wreath of white and red roses sent by the officers of the bank of New Brunswick, and a wreath of white flowers from the trustees and congregation of St. Andrews church. The pall bearers were: Messrs John B. Magee, W. W. McLaughlin, R. C. Rankine, Horace King, A. Wishart and C. W. deForest.—St. John Telegraph.
