Itching Skin

Distress by day and night—That's the complaint of those who are so unfortunate as to be afflicted with Eczema or Salt Rheum—and outward applications do not cure. They can't.

The source of the trouble is in the blood—make that pure and this itching, burning, itching skin disease will disappear.

Hood's Sarsaparilla

It cures the blood of all impurities and rids all eruptions.

"I was taken with an itching on my arms which proved very disagreeable. I concluded it was salt rheum and bought a bottle of Hood's Sarsaparilla. In two days after I began taking it I felt better and it was not long before I was cured. Have never had any skin disease since." Mrs. Ida E. Ward, Cove Point, Md.

and is not on the line of that Railway. The Prince Rupert at the terminus of the Grand Trunk Pacific Railway is now being surveyed, and it is expected the lots will be placed in the market in September or October next, due notice of which will appear in the public press.

Any further information the public may require can be obtained by addressing the Land Commissioner of the Grand Trunk Pacific Railway at Winnipeg.

(From Hansard.)

A MINISTER WHO STOOD BY HIS DUTY.

"I must say this much to the credit of the Minister of Justice, (Sir John Thompson). From the moment that the Minister of Justice perceived that I had a case he sent me to the two counsel for his administration, Messrs. Henry and Osler. They came to me and to my lawyer and they said: 'It is better not to say publicly that we will work together as much as we can, but we have been authorized to come to you.' I asked them, 'by whom are you authorized?' They told me they had been authorized by Sir John Thompson. I asked them: 'are you going to take your orders from the Minister of Justice or from Sir Hector Langevin?' Osler and Henry said: 'we are taking our orders from the Minister of Justice and we are prepared to work with you and find out the truth as much as we can.' I say that they have helped me, and my lawyer, Mr. Geoffrey, will tell you the same thing. They have helped me as much as their delicate position of the Minister of Justice allowed them to do. I think, sir, it is well that we should know, and that the world should know, that when a grave and momentous question like this is thrown upon Parliament, the representative of Justice is prepared to stand by his duty, however delicate and difficult may be the position in which he is placed."

A COMPARISON.

According to present appearances and the record of two Sessions, it will be a long time before Mr. Ayesworth will earn such a tribute as this.

This Government paid Mr. Tate's own counsel as well as the counsel who helped him. It followed up the finding by criminal proceedings against the offenders and by civil action to recover the over payments. Yet the total profits in the transaction involved in the McGreevy inquiry, including the salaries of the partners, political contributions and all doubtful expenses, were less than 30 per cent of the cost of the work, while the Marine Department, in 1906, gave profits of 187 per cent. to Merwin for purchasing articles common to the trade, 900 per cent. profit was paid to the Canadian Fog Signal Company, and perhaps equal profits to the International Signal Company on nearly a million dollars. If the statement of the Grand Trunk Pacific engineers is true, the over payments on the Transcontinental contracts are many times greater than the total gains of the Larkin Conolly firm.

A Warning to the Public Re Prince Rupert.

A notice with the above heading has appeared in the Vancouver World, signed by the Prince Rupert Townsite Company, 43 Fairfield Building, Vancouver. A statement is therein made that their property is the original and only legal Prince Rupert, and the Railway Company 4,000 to 5,000 acres of arable land immediately surrounding the same.

The above statement is misleading and incorrect as the only townsite are: South Prince Rupert, owned, it is understood, by the Company who signed the above warning, and the Townsite of Prince Rupert at the terminus of the Grand Trunk Pacific Railway situated at the North West portion of Kelen Island. The distance between these two townsites is over eleven miles, and the Grand Trunk Pacific Railway Company is not in any way interested in South Prince Rupert, nor is it the intention to have a station at that place.

East Prince Rupert, so called in various reports which have appeared in the press, is not registered; the subdivision referred to is situated over 16 miles from the terminus of the Grand Trunk Pacific Railway

minister says that 500 feet is to be built for \$2,500.

Mr. Pugsley—This is not a wharf at all; it is ballasting cribwork costing \$5 per lineal foot.

Mr. A. Martin—Does the minister think that he will complete the work for \$2,500?

Mr. Pugsley—Yes. Rustico harbor—breakwater on Robinson's island, south side of entrance to harbor, \$1,500.

Mr. A. Martin—I know something about all these harbors. I would like to know the condition in which this harbor is, how much money has been spent, the depth of water at the head of this breakwater at present and the depth of water the department expect to have after spending this small sum of \$1,500.

Mr. Pugsley—The department has completed, under contract, a breakwater there \$750 feet in length, extending from the island shore in a northeasterly direction so as to leave a clear space of \$1,400 feet between its outer end and the northern breakwater. What we propose to do is to protect the outer end of the breakwater. The work which has been done is very important and it has cost a considerable amount of money.

Mr. Taylor—Will this complete it?

Mr. Pugsley—This will complete it. Mr. Taylor—What depth of water is there?

Mr. Pugsley—I do not know the depth of water in the harbor.

Mr. A. Martin—I want to know the depth of water at the head of the breakwater?

Mr. Pugsley—I do not know the depth in the harbor. The hon. gentleman should know that better than I.

Mr. A. Martin—Has the minister any idea at all from his department what they are doing there?

Mr. Pugsley—Yes. Mr. A. Martin—Surely the department could tell him the depth of water at the breakwater.

Mr. Pugsley—I can get that information but I do not have it now.

Mr. A. Martin—My information is that the money you are spending there will be of very little service unless you extend the work very much further. The idea of coming before this House for a 'penny ha'penny \$1,500 when you require about \$15,000 before you can make a satisfactory harbor there is absurd. Surely the minister's officers can tell what depth of water there is at the head of the breakwater?

Mr. Pugsley—The hon. gentleman professed to know all about Rustico harbor, and if he does he will know what the depth of water is.

Mr. A. Martin—I am not performing the duties of the Minister of Public Works.

Mr. Pugsley—I know what the duties of the Minister of Public Works are just as well as the hon. gentleman does and just at the present time the hon. gentleman is not giving evidence of very close study of the Public Works Report as to what has been done at Rustico, because, as I have said today, we have just completed a breakwater 750 feet in length at a cost of about \$2,900. That is not a 'penny ha'penny matter and this small amount that we are asking for today is to protect the outer end of the breakwater.

Mr. A. Martin—Surely the minister can tell me what service it is to be when completed, what water there will be at the head of the breakwater?

Mr. Pugsley—The service is to protect the harbor.

Mr. A. Martin—You must have a harbor into which vessels can go.

Mr. Pugsley—Does the hon. gentleman say that vessels cannot go into the harbor now?

Mr. A. Martin—The information is that there is not very much water and I would like to know actually what water there is.

Mr. Pugsley—I am told that over the bar there is a depth at the lowest water of about 7 feet.

Mr. A. Martin—Does that refer to where the breakwater is located or to some other harbor? There are two harbors there.

Mr. Pugsley—I am speaking of the Rustico harbor and my information is that there are seven feet over the bar.

Mr. A. Martin—At this breakwater?

Mr. Pugsley—Next item, Mr. Chairman.

An Unscrupulous Druggist Will Try and Sell You a Substitute for DR. FOWLER'S EXTRACT OF WILD STRAWBERRY Why?

Because "Dr. Fowler's" is the oldest and best known cure, having been on the market for 63 years, for DIARRHOEA, DYSENTERY, COLIC, CRAMPS, PAIN IN THE STOMACH, CHOLERA INFANTUM, CHOLERA MORBUS, SUMMER COMPLAINT, SEA SICKNESS, AND ALL FLUXES OF THE BOWELS.

Mrs. Thomas Miller, Altondale, Ont., writes:—"I suffered terribly with diarrhoea and asked the druggist for something to cure it. He gave me a small bottle of medicine of his own manufacture, but I got no relief from it. A friend advised me to get Dr. Fowler's Extract of Wild Strawberry and I was cured after taking a few doses."

The genuine is 25 cents, and manufactured by The T. Milburn Co., Limited, Toronto, Ont.
