Manitoba Maintains Mowat.

Premier Mowat, in behalf of the Province of Ontario, has taken possession of the disputed territory on our eastern boundary, and lively times are now in progress at Rat Portage, owing to the conflict of Manitoba and Ontario autkority. Public opinion, it is safe to say, fully endorses Mr. Mowat's action. [Manitoba Mountaineer.

Ontario is no Usurper.

Ontario has exercised jurisdiction in the disputed territory since 1878, as the grants for education to schools at Rat Portage and elsewhere testify. It is absurd to contend that, because the accompaniments of civilized life are not so plentiful in the territory as in fullysettled districts, the Ontario Govern ment is not alive to its responsibilities, and determined to exercise the powers conferred upon it by the abrbitrators. -[Hamilton Times.

Some months must pass before the Ontario Legislature meets, but the chief train, but by the regular one, and the tickets were good for the day, without specifying any train, but the principal question, which has been legally settled, is that a conductor has no right to put a passenger off the train at any other place but the station, except for disorderly conduct. At the first station come to, a non-paying passenger can be put off and given into the hands of a constable, and then summarily dealt with by a magistrate. The Lake Shore R. R. Co. has given its conductors special instructions in this matter, and one of the points is never put a passenger off the train except at stations, only in extreme cases.

SEE HOW TO Preserve 256 Pounds of Fruit, Tomatoes, &c. FOR ONE DOLLAR. ONE (81) PACKAGE OF THE American Fruit Preserving Powder & Liquid Will Do It. [Fitle copyrighted, and Preservatives patented in United States, August, 1837. Also patente l in various foreign countries.] The Preserving Powder and Liquid are together in package; the Liquid in bottle with the powder packed around it. Both the Powder and Liquid are antiseptic. Used together as directed, they combine to form the Cheapest, Best and Most Reliable Antiseptic in the world, being instantaneous in its action and permanent in affect, and warranted to be a both following the combine of the effect, and warranted to be as healthful as common table salt. It will effectually allay or prevent fermentation and preserve all kinds of 3

Fruit, Juices, Syrups, Sauces, Marmalades or Compotes of Fruit, Spiced Fruits, Tomatoes, Vegetables, Cider, &c. The Preserved Fruit, etc. may be kept the year round, or for years, in Glass,

Earthen or Stoneware Jars of any size, simply corked with a common cork, or with strong paper, or oiled cloth tied over the top, or they may be kept in Wooden Kegs und Barrels. No need to keep the vessels air-tight.

The Fruit, etc. may be used or removed from large vessels as wanted from time

o time during weeks or months.

The Fruit, etc. may be transported over land or water, involving weeks or months

The Fruit may be kept without sugar, or any quantity of sugar may be added as One (\$1) package will preserve two Barrels of Cider; it will keep as still cider in

parrels; as desired it may at any time to made into sparkling cider.

The Preserving Powder and Liquid is not a new and untried experiment, but has been extensively used throughout the United States and Canada, and to considerable extent in foreign countries during several years past, and as can be shown by thousands of testimonials, it has preven itself reliable and satisfactory in every climate—in fact it has given such universal satisfaction, and grown into such demand as to warrant the belief that it will supplant all other methods of saving

Acting upon such assurance and belief, the package of Preserving Powder has been enlarged to the extent of making one (one dollar) package, to preserve 256 pounds of Fauit, etc., or two (2) barrels of Cider.

Also in place of publishing the manual or circular pamphlet giving twenty-eight pages of testimonia's as formerly published, a small package of the Powder and Liquid is made (as a trial package) to sell at retail, for 25 cents. Try the Preserving Powder and Liquid—you will like it—you will find itseless than half the trouble and expense of any other method, more reliable and accommodating, and the Forserved Fruit, etc. even Superior to the Best "Canned or Preserved" Fruit, etc. For Cider it is cheap and decidedly the best known method

Full directions in English, French, German and Spanish accompany each pickage. Agents wanted in every Town, County and State.
