**Remember THIS!**  
 YOU CANNOT DRIFT TO SUCCESS.  
 It's a good deal easier to drift with the stream than to swim against it. But there's neither glory nor safety in drifting; the world reserves its applause for the man that opposes the current and forces his way to the Harbor. The stream of life has always crowds of drifters trusting to currents of luck to float them to the Harbor of Success. That's why so many bachelors wear looks of disappointment. Their bright dreams of youth have faded with the years, their age has no refuge. Not a pleasant prospect to think about, is it? But you'll do well to think about it now while there is still time to provide for the future; it is not too late to catch up with the crowds of House Furnishers; begin to-day. Secure your partner, visit our store and you will certainly buy.
