CIETY UNITED FISHERMEN. St. John's Lodge, No. 5,

St. John's, N.F., April 8, '14. or Evening Telegram. ar Sir,-At the meeting of St s Lodge, No. 5, S.U.F., held last a vote of deepest sympathy who lost their lives in the late g disaster. Also the sun Dollars towards the Marine Dis

AS THE CAMEL

is indispensable to the traveller crossing the African deserts, so also is SUNLIGHT SOAP indispensable to a careful housewife. A Camel can go for several days without drinking, but a good housewife cannot afford to let a single day pass without putting Sunlight SOAP to some use. The first duty of every housewife is to economise; the duty of

SUNLIGHT

is to help the housewife to economise. The daily use of SUNLIGHT SOAP is practical economy. It does the most washing in the

shortest time, with least labour, and with no discomfort. Use a piece in your next wash, and you will be convinced as to its value.

THE GREATER QUESTION.

At this season of the year for Farmers with up-to-date ideas is, what are the best means to use to get the best returns from the land.

if large returns are looked for. There are several good chemical fertilizers which may be recommended, but Sulphate of Ammonia has been proved to give the best returns, and is the most valuable and economical source of Nitrogen for agricultural purposes.

For vegetables, grass, and all lenfy crops, about one and a half cwt. per acre is the best quantity to use, and this should be applied when the plant is making it's growth, as well as be-If a liquid manure is preferred,

4 oz. of Sulphate to one gallon of

water should be used, and applied once a week for a month. This quantity should not be exceeded. It is a good plan to reduce the Sulphate to a fine powder, and mix with the purpose of diluting the manure,

which is very powerful. s strongly recommended:-26 lbs. Fine bone meal. 10 lbs. Carbonate of Magnesia.

15 lbs. Sulphate of Potash.
21 lbs. SULPHATE OF AMMONIA. Apply at the rate of 10 to 11 lbs. to 43 square yards.

in conjunction with Sulphate of Amis to get a large pruning knife and cut monia, is of great importance in po tato culture. For turnips use the following:-

The use of Carbonate of Magnesia

66 lbs. Superphosphate. 13 lbs. Fine bone meal 13 lbs. Sulphate of Potash.

20 lbs. Sulphate of Ammonia.

square yards.
Sulphate of Ammonia of excellent

quality is now made by the St. John's Gas Light Company, and may be obtained on very reasonable terms. Full particulars may be obtained at the Gas Works, or at the Board of Trade Building. Ask for special booklet on the use of Sulphate, it will be found of great value in securing the heaviest crops. mar26,tf

Kitchen Wrinkles.

To relieve tootache, rub baking soda round the tooth and rinse the mouth with hot water.

To polish a black marble clock rub over with olive-oil and finish with clean chamois leather.

Varnished paper on walls should be cleaned with a flannel dipped in weak tea and polished with a cry cloth.

A simple, effective glue that is harmless, colourless, and odourless can be made by adding ordinary tapioca to water and boiling.

When baking small cakes or bung four the tins instead of greasing them. The cakes will not stick to the tins and will bake quite as well. When plates and disnes have to h

varmed in the oven, if a newspaper

is placed underneath it will break the heat and prevent the plates from Frostbitten vegetables should b soaked in cold water for one hour be-

fore boiling. A piece of saltpetre should be added to the water in which they are cooked.

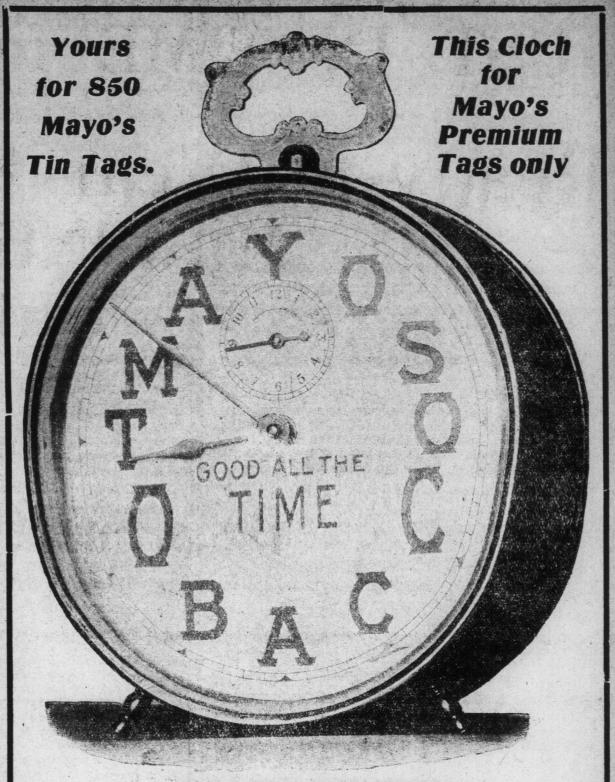

When making a fruit pie do not but the sugar on the top under the otherwise it makes the crust heav and is more liable to boil out.

Where screws are driven into soft wood and subjected to considerable strain they are very likely to work loose, and it is very often difficult to make them hold. In such cases the use of glue is profitable. Make the glue thick; immerse a stick about

without breaking, hold it before strong light and look directly through and the white surrounding it clear, the bad if it loats. The shell of a fresh egg looks dull, while that of a stale
