Obituary.

MR. W. GREEN, H.M.C.

With profound regret we record the passing of Mr. William Green, of H.M. Customs, whose death occurred at his late residence, Parade Street, last night. The deceased had been in failing health for some time past, but his condition was not considered serious until yesterday when he was stricken with apoplexy. Though the best medical skill was availed of the end was not long delayed. Mr. Green was a printer by trade, having served his time with the late Francis Winton, of the Morning Chronicle. Later he worked with the Proprietor of the Telegram after which he secured a position in H. M. Customs in which department he had been employed for 34 years. For several years past he had acted in the capacity of Sub-Collector at Rigolette during the summer months. He is survived by a widow and seven children; five sons, Harold, of the Royal Stores, Ltd.; Randolph, Inspector with the Evening Telegram; Gordon, serving with the Newfoundland Regiment; Charles of Steer Brothers, and Frank at home; two daughters, Mrs. S. G. Forbes, of Moose Jaw, Saskatchewan, and Miss Isabel Green of J. T. Lamb's Jewelry Store. Capt. C. Green is a nephew of the deceased. To Mrs. Green and family and the other relatives of the deceased the Telegram extends sincere sympathy. The funeral will take place on Sunday afternoon.

Shepherd's pie.—Mince half pound cold meat finely, season it with pepper and salt, put it into a greased pie-dish, and pour quarter pint gravy over it. Partly boil and chop an onion or two, and add it to the meat. Mash the potatoes very well, add a little milk and a little salt. Spread this over the top of the meat like a crust, finish it with a fork, and put into a hot oven for about twenty minutes or until nicely browned.

From Reservist W. Taylor.

R. N. Barracks, Chatham, Eng., Oct. 25, '15.

Dear Mother,—Just a few lines to let you know that we arrived in England safe and well, and I hope this will find you the same. We were 17 days from the time we left home till we got here. We had a rough time coming across. It was not fit to go on deck. There were about nine hundred passengers on board beside us. We enjoyed ourselves fine, nothing to do but eat and sleep. The women were very fond of us, and cheered us when we landed. We were landed at Plymouth and boarded the train. We changed trains several times before we reached here. The trains here are not much like those that we have home. They go like smoke. This is a beautiful country. The houses are all made of brick and farms and cattle are worth looking at. We have had no leave yet, anyway it is not much good to us here as everything is darkened in the night. I don't know how long we will be here. I would sooner be on the sea any time than on the land. Tell father that I am not far from Somerset where he was born. If we stay here long, I expect to go there. I hope you are not fretting about me. I am alright and will see you all again some time. This is all for this time. Remember me to all.

Good Bye—From

WILL.

Drug Clerk Tells How to Cure Indigestion.

Recommends to Sufferers the Best Stomach Remedy in St. John's To-day.

"It is a wonder some of us have stomachs left," remarks a well-known drug clerk recently. "While all drug stores sell a score or more of stomach remedies for which there is a wide demand, most of them are just pepin pills which aid digestion of the food that is in the stomach at the present time. They have no curative or strengthening effect on the stomach at all, and of course do not reach or cure the cause. So the same people keep on coming here and buying and using them until they are real chronic dyspeptics. When anyone really asks my advice, I swear by and recommend ordinary bisulphated magnesia, which doesn't digest the food at all but acts as an antacid and sweetens the sour, fermenting contents of the stomach. That stops the pain, heart-burn, sour rising, wind, bloating, fullness, etc., in just a few minutes, and the stomach digests its food without help or trouble, which is the proper way."

"Doctors make mistakes sometimes, too," he continued. "My own aunt had all kinds of trouble with her stomach for years. She bought and used several styles of digestive pills but got worse right along, as naturally she would. Finally she went to a doctor, who nearly scared her to death by telling her she had cancer of the stomach. She came to me with his prescription and told me what he said. I thought it was nonsense. I sent her to another doctor whom I knew very well and he didn't tell her anything, but just gave her this same thing, bisulphated magnesia. She took it two weeks and never has had any stomach trouble since and that's three years ago. She's my own aunt and I know this for a fact. Yes, a lot of bisulphated magnesia is sold in St. John's. All the druggists have it I suppose, and all you take is a teaspoonful after every meal. It's all right."

A Child's Tongue Shows if Liver or Bowels Are Active

If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her child "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic, remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."
