## Fire!

While the contents of our office in Cabot Building were completely destroyed by the fire which occurred on Sunday morning, we are glad to be in a position to resume business to-day as our price lists and other information relative to Safe Cabinets and Victor Safes as well as our other records which were contained in a Victor Safe are undamaged.

**Your turn may come next. Are your Records Protected?**

Record protection is bought for one day—"The Day of the Fire". A Safe that protects your records at that critical time is cheap, no matter how much you paid for it.

We can supply a size for every business of a known, scientifically-proven protection against fire and prices are down to 1915-16.

We shall be pleased to call and advise you, and enquiries addressed to P. O. Box 302 will receive prompt attention.
