Winnipeg, Nov. 15.—Sir Wm. Van Horne, chairman of the board of directors of the C. P. R., is in the city with H. J. Whigham, of New York, and W. K. Whigham, of London, Eng. A. C. McDonald, of Toronto, and C. P. R. is also here. Sir Wm. Van Horne mentioned that he came west on his annual trip which had for many years been a regular feature of his life. He would go to Selkirk to look at his farm. On Monday he will proceed westward to the coast. He will be accompanied by his wife and two children. He had never before traveled over a line of the C. P. R. development. He was excited in referring to Sir Thomas Shaughnessy's recent visit to Selkirk. He said that he recognized the speaker of the road and no doubt he had covered the ground. He said that he was far from Selkirk, he was in Winnipeg. As far as he, Sir Wm. Van Horne, knew there was nothing immediate in preparation. He was hoping that the line was a very fine one and would be a great artery of the west.
