GORDON'S GREAT FEAT.

THE NEWS OF HIS VICTORIES RE-VEALS KHAARTOUM CONFIRMED.

At the rate of Naples steadily diminishes - The Franco-Chinese War Drags Along - France Interferes in Egypt.

LONDON, Sept. 22.—Woleley has telegraphed to the war office to stop forwarding troops to Egypt for the present. The marquis of Hartington will hold a conference with the chief military officers to-day.

It is believed that the expedition for the relief of Khartoum will be reduced to a flying column, owing to the favorable news received from Gordon.

Cairo, Sept. 22.—A despatch from the French consul at Khartoum confirms the previous reports that the siege of that city had been raised. The despatch states that the country in the neighborhood of Khartoum is freed from rebels, and the obtaining of food supplies is comparatively easy.

The French consul was on the point of starting for Dongola with Colonel Stewart and Power.

It is reported that the Mahdi's intention is to reinforce his troops operating before Khartoum. The friendly Amarras again defeated the Hadendawas. The latter have appealed to Omar al-Nigra for assistance. The Amarras lost 30 men.

LONDON, Sept. 22.—Orders were received at Woolwich to-day from the admiralty for the shipment of stores without delay.

A PANIC IN SHANGHAI.

The Russian Fleet on the Chinese Coast. This Fleet is Getting Hot for European Residents.

FOO CHOW, Sept. 22.—A Chinaman who spent seven years at Yale and Harvard asserts that the Chinese refrain from attacking the French from lofty motives.

The Chinese could blot out the French fleet to-morrow if so disposed. The Chinese are beginning to refuse to discriminate between French and other foreign residents. The dislike is growing daily. In the event of an outbreak the native Christians will be the first to suffer, and after them foreigners. Cholera has decimated a village near here.

SINGAPORE, Sept. 22.—A serious complication has arisen in the Franco-Chinese difficulty. The blocking of the bar of the Wu long river has been ordered by the Chinese, although the passage for the ships of neutrals will be left. This action is due to Chinese inability in the province of the French. Veritable panic prevails in Shanghai. Merchants of neutral powers have asked the naval commanders of those powers to take no action. The British consul has advised the Chinese to obtain official foreign assistance, and to keep Chinese out of the matter. The British has been ordered to protect French interests wherever the French consuls have.

The Russian Fleet comprises one iron-clad, three cruisers, two corvettes and six torpedo-boats. Three other iron-clads are expected. This strength, in view of the smallness of Russian interests in China, is considered insignificant.

The Cholera still on the Decrease.

ROME, Sept. 22.—There were 305 new cases of cholera and 161 deaths in Naples during the past 24 hours, and 104 new cases and 65 deaths in other parts of Italy.

MADRID, Sept. 22.—There were 11 new cases of cholera during the past 24 hours, and 6 deaths. There were 3 deaths at the latter and 5 at the former place.

MARSEILLE, Sept. 22.—Six deaths from cholera occurred in the eastern Pyrenees to-day.

DUBLIN, Sept. 22.—Rev. Mr. Trickleman, a Presbyterian clergyman of Trillick, has brought a libel suit against the Freeman's Journal for \$50,000 damages for printing the statement that he had been instructed by the government to drop the case.

The Duke Has Some Contrasts After All.

LONDON, Sept. 22.—The Duke of Cambridge, commander in chief of the British army, will pay a visit to Ireland to-morrow.

Chinamen Give Trouble in Jamaica.

KINGSTON, Jamaica, Aug. 23.—The Consul who arrived lately from China continues to give their employers much trouble, as they prefer to return to China rather than work for small wages.

CABLE NOTES.

Robert Fowle, late manufacturer of Nottingham, has failed; liabilities heavy.

Letting give way for once to patriotism, said Michael D. O'Connell, a well-known Irishman, and then only shall we get home rule for Ireland.

SILEY LITTLE MADIE.

She Packs Up a Valuable of Diamonds and Tries to Escape with a Young Man.

Boston, Sept. 22.—A 19-year-old girl of Framingham on Friday packed a valise with diamonds and jewelry to the amount of \$75,000 belonging to her mother, a wealthy lady, and started for Boston to meet a young man and elope with him.

The girl's name is Sadie Robinson. She is the daughter of C. E. Robinson. Her mind has been filled with non-sensical ideas Friday morning that she took the valise when she went to school in Boston and gave it to a woman. She held a blood-curdling story of having her life threatened unless she complied with the demand for money. She said she had a valise containing valuables. The valise and valise had left them promising to call for her to-day. She confessed she loved a young man whose name she refused to give and had taken money with the intention of eloping.

CHICAGO'S CORN CORNER.

SOMETHING ABOUT THE BIG DEAL NOW IN OPERATION.

Kent and Armour Alleged to be the Manipulators—The Specie Likely to Last Until January.

CHICAGO, Sept. 22.—Eighty cents for corn and seventy-five cents for wheat was an anomaly presented on 'change to-day. Whether the relative value of the two commodities is not precisely known, but the present condition of affairs is acknowledged to be very unusual. Early in to-day's trading there was a strenuous effort made by the short interest to cover September sales, but there were no adequate offerings until the pinnacle of high prices was reached. Eighty cents, when there were offers to sell. The market then dropped to seventy-eight and rose again to seventy-nine. The present high prices are acknowledged to be very unusual.
