THE ALASKA CO. ASKS DAMAGES. Limitation of the Seni Catch Causes an Alleged Loss of \$190,000.

Washington, April 25.—Secretary Carlisle has fixed upon Monday as the time when he will give a hearing to Mr. J. C. Carter of New York, counsel for the North American Commercial Company, on several questions now pending in regard to Behring Sea matters. One of the questions to be argued is the liability of the Government for losses sustained by the company by reason of the scaling down of the number of skins that might be taken under the existing contract. This contract authorized the taking of 100,000 skins per year, but since the of 100,000 skins per year, but since the complication arose with the British Government over the question of pelagic sealing this number has been reduced from year to year until last year, when the maximum number was fixed at 7500. The company, by reason of this arbitrary action of the Government, claims to have been damaged to the amount of \$190,000.

Discussing Canada's Demands, WASHINGTON, D.C., April 25.—Sir Julian Pauncefote, the British Ambassador, Sir G. Baden-Powell, the Canadian representative, and Capt. Robbley Evans, of the U.S. Revenue Marine, were again in conference with Secretary Carlisle at the State Department this morning as to licenses and regulations in regard to sealers in Behring

Canada asks more than the United States can accede, but the negotiations are approaching a harmonious life.

Hippolyte Decapitates and Maltreats
Prisoners.

BUENOS AYRES, April 25.—Despatches
from Rivera give details of alleged atrocious
treatment of prisoners taken by General
Hippolyte after his victories in Rio Grande
do, Sul. It is charged that they were decapitated. A newspaper published in
Livramento asserts that when a sister of
Carlos Laust, a 12-year-old drummer boy
for the rebels, pleaded that his life might
be saved, his head was struck off in her
presence and she was maltreated. Decapitation of prisoners is said to be carried on
in both sides in Parana. After Gen. Saraiva in both sides in Parana. After Gen. Saraiva occupied Lapa he executed Col. Zerrs. Martino and several other of Peixoto's officers who had violated their paroles.

Georgia Whitecaps in the Toils, ATLANTA, Ga., April 25.—Eleven men, supposed to be White Caps, are on trial in the United States Court for several recent outrages. It is alleged that the prisoners are members of a secret league having a membership of 700, the object of which is membership of 700, the object of which is to protect illicit distilling. Within the last two weeks eight whippings and one assassination have been reported. During the fall and winter incendiary fires and attempts to murder deputy marshals were credited to this league. The Government has undertaken to break up the organization. The defendants have 100 witnesses.

The U. P. Has an Enormous Deficit, The U. P. Has an Enormous Deficit.
Boston, Mass., April 25.—The fourteenth annual meeting of the stockholders
of the Union Pacific Railroad Company was
held to-day. The report of the year 1893
shows a deficit on the whole system of \$2,095,841, compared with the surplus in the
previous year of \$2,069,757. The heavy
decrease was due to the silver crisis, the
failure of the Kansas wheat crop and the
general prostration of business.

ASBURY PARK, N.J., April 25.—An attempt was made last night to wreck the theatre train from New York on the Long Island branch railroad between Welmar and Coe. The local freight train, which was behind time just ahead of the theatre train, ran into the obstruction. The engine was much damaged and the rails were torn and twisted by the force of the blow. Had the train been running at full speed several lives would have been lost.

DR. COOK HAS FOUR WIVES.

Package of Letters Gets a Former Toron Dr. Bennett H. Cook was taken seriously ill about five weeks ago at Buffalo, and a lawyer was called in to draw his will. He told the lawyer that his insurance papers could be found in his trunk. In searching for them Mrs. Cook discovered a bundle of letters dated Detroit and signed, "Your loving wife, Mrs. Dick." She set a lawyer investigating. Meanwhile Dr. Cook slowly returned to health. The lawyer, after two weeks' inquiry, reported that Dr. Cook had been married four times.

His first wife, a native of West Virginia, had been divorced from him, and he married a widow named Brown in Toronto, where he had been fined for lilegally practising medicine. After two months he deserted Mrs. Brown and married a Detroit woman named Mrs. Dick. who, on discovering his crime, had him arrested for bigamy, and in December, 1891, he was sentenced at Toronto to two years in the Kingston Penitentiary.

at Toronto to two years in the Anigeton Februariany.

He was released last December and went to Buffalo. Mrs. Dick, who still entertained some affection for him. continued to correspond with him. In January he was married to Mrs. Sarah B. Armstrong, a well-to-do widow of Batavia, and they took up their residence in Buffalo.

Buffalo.

When Mrs. Armstrong, or wife No. 4, discovered the condition of affairs she made application to the Supreme Court for an annulment
of the marriage and an order was granted yesterday by Judge Childs, the letters written recently by Mrs. Dick figuring in the evidence.

Street Car Accident.—Mr. Thomas Sabin says:
"My eleven-year-old boy had his foot badly
injured by being run over by a car on the street
railway. We at once commenced bathing the
foot with Dr. Thomas Eclectric Oil, when the
discoloration and swelling was removed, and in

Grangers' strong. London bought St Paul.

Ryan & Co's gossip: The Wormsers are bullish, especially on Atchison, which they believe will be taken out of receivers' hands within four months. Earnings of St Paul for third week of April decreased \$37,003. Mo P decreased \$37,003 same time. A decision adverse to Chicago Gas has been given and insiders sold.

Hannya Wite & Colorance from Michael Paul. CAUSING A SLIGHT RALLY IN

same time. A decision adverse to Chicago Gas has been given and insiders sold.

Henry A. King & Co's., special from Hubbard, Price & Co., New York:

The sales of Chicago Gas during the first hour of business to-day were over 4300 shares. This stock absorbed the attention of the room at the opening; of the balance of the list only a few scattered lots were traded in for the first minutes. The cause of the decline is rumors regarding Maloney's actions. Attorney-General Maloney, in the petition for quo warranto proceedings, handed down after the close of business last night, It is now stated that the quo warranto proceedings to annul the charters of the companies will be begun at once. There is also talk of enjoining the payment of monies by the Gas Company. The Industrials made the market. Sugar and Distillers were the only stocks, outside of Gas, in which any considerable amount of trading was done. In Whisky after an opening of weakness the stock rallied on the the news that a stay of 30 days had been granted the company, during which time the company may file a bond and take an appeal. Lead was firmer on the good report of increasing business. Annong the raliroad shares St Paul was the leader, London bought moderately. B Q was also taken by shorts, but the stock is for the moment the heaviest of the Granger shares. -Wheat Rose a Cent, But Did Not

JOHN STARK & CO Schwartz, Dupes & Co. wired Dixon: The feature in to-day's wheat market was the advance in the May option. At the start it looked like the shorts were nearly all in, but light offerings developed a demand that resulted in the rise mentioned. The buying was principally by elevator people, although local traders wanted considerable to clean up their outstanding interests. The premium on July decreased at the close to 1½ cover May. The weather and crop bulletins to-day continue favorable, except in California. Outside business was much smaller than yesterday. There was no cash business reported here and only a light trade at the seaboard. The very small stocks of oats are compelling shorts to liquidate and offerings are so scarce that May shows great strength. To-day's the seaf that May shows great strength. To-day's advance was a cent a bushel. Provisions not active, but ruled firm and higher. There was a buying of July and September lard for foreign account, also by packers. Offerings of both rios and lard were quite moderate, May ribs and lard were quite moderate in ligher prices all round.

R. Cochran received the following from Kennett, Hepkins & Co.:

CHICAGO, April 25.—The opening was slightly lower on easier cables and some rain in California. The market was duil with a downward tendency until Armour began to buy May and sell July. This frightened the shorts in May and they rushed up the price one cent. Partridge changed over some of his short line from May to July. It looked as if the May shorts had carried quite generally. After the excitement subsides the selling of July will probably be pretty heavy. Conditions are getting more bearish and the speculative situation will adjust tiself to these after a little. There is nothing in sight to prevent considerably lower prices.
