

MEN, YOUNG MEN AND BOYS WILL FIND THEIR EASTER SUIT AT THIS STORE.

This is the home of the 20th Century and C. N. & R. Clothing. There is no better clothing made in Canada and we doubt if you can equal the values that we are showing for spring.

MEN'S SUITS, made to fit every type of man, tall, stout or regular, showing all the popular cloths and the staple blues and blacks, \$10.00 to \$32.00.

YOUNG MEN'S SUITS—made in English or athletic types and the two-piece Norfolks. We are proud of this range, which includes many variations of the black and whites that are so popular the present season.

BOYS' AND YOUTHS' SUITS—Norfolk Suits are correct for boys and youths this season, and we are showing an exclusive range for 24 to 35. The fabrics are of the same high quality as shown in our men's suits and you will find the style and tailoring as near perfect as possible.

SPECIAL MEASURE DEPARTMENT.—This is an important factor in our Clothing Department; over 500 patterns of the latest suitings from which to choose; a 20th Century Suit or Overcoat made to your special measure in one week's time—fit and satisfaction guaranteed.

S-W Inside Floor Paint

S-W Family Paint

S-W Kopal

It is wonderful what a little money spent in paint, and a little time in applying it, will do in the way of improvement around your home.

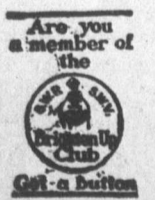

Floor boards can be made to look bright and fresh—dingy furniture made as good as new—cupboards and shelves made clean and sanitary—dull woodwork and doors, bright and clean—and the walls instead of being covered with faded, dust-collecting wall paper or streaky and shabby kalsomine, can be made artistic and sanitary.

For your floors use S-W Inside Floor Paint for a durable painted finish, or S-W Floorlac for an attractive finish imitating all the popular hardwoods such as Oak, Mahogany, etc.

Refinish your furniture with a coat of S-W Varnish Stain, a combination of a permanent pigment stain and a durable varnish, which renews the old furniture in such colors as Mahogany, Oak, Rosewood, Walnut, etc. S-W Floorlac can also be used for the same purpose.

Cupboards, shelves, painted baseboards, doors, and wainscoting can all be finished handsily with S-W Family Paint, a durable oil paint made in twenty-one attractive colors, easy to keep clean.

The best finish for walls is Sherwin-Williams Flat-tone, a durable oil paint that dries with a soft, velvety flat effect. It is made in 24 colors that are the choice of expert decorators. It is very durable and will last for years and can be washed with soap and water, without injury.

The Hydro-Radial Deputation

Reeve Stapleford, Councillors Doan and Brown, and Town Clerk Fuller, representatives on the Hydro-radial deputation which waited on Premier Borden at Ottawa on Thursday last, returned home Friday evening, well pleased with the reception they received and their trip to Ottawa. The speakers for the deputation were attentively listened to and in reply Mr. Borden said:—"Be good enough to realize that we have some pretty large questions which must be taken into account by the Government in the near future. It may be that we have been a little too ambitious for transcontinental railways, but conditions have been created which must be taken into consideration by us as trustees of your affairs. It is needless to say that we see no reasons in principle why assistance should not be given provincially or municipally owned railways as well as to private companies, but you must bear in mind that there is a clause in the B.N.A. act which would seem to provide that purely local railways are not entitled to subsidies. That clause has not been fully lived up to in the last twenty-five years and I am not prepared to say at a moment, without consultation with my colleagues that there should be a further departure from that principle in the future. We, who are responsible for the Dominion as a whole, cannot confine ourselves to what may be of benefit to Ontario alone. We are in an amazing period of development, unparalleled in any country and we have tremendous things in hand for the next quarter century. In giving consideration to such a suggestion we must look at all these things." The deputation brought many far-reaching proposals he said, but as they had not been submitted in advance, time must be given the cabinet for consideration. He could do no more than tell them that the proposals would receive the very grave consideration they demanded.
