## BEAR RIVER CHERRY CARNIVAL

An Annual Event in a Progressive Town Which Always Draws A Crowd

As will be seen by our advertising columns, next Wednesday, July 21st, has been selected as Cherry Carnival Day in Bear River. This is an annual event in that progressive town which always draws a big crowd of people.

The public can rely on a good programme of land and water sports and everything takes place that is advertised.

If the weather is favorable the attendance this year will be larger than ever. The day is under the combined efforts of the G. W. V. A and I. O. O. F.

Every returned man and every friend of a returned man should make a special effort to get there. It is also up to the Oddfellows in this part of the province to assist their Bear River brethren in every way possible to increase their building fund for a public hall, so much needed in Bear River, and for a new lodge room for Friendship Lodge, whose willingness to assist other lodges in the conferring of the Third Degree and otherwise is well known throughout this jurisdiction.

Let us make the Bear River Cherry Carnival next Wednesday, July 21st, the banner day of the season.

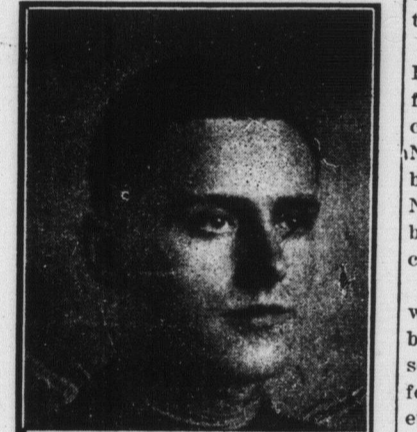

## REPRESENTED IN NOVA SCOTIA

Mr. W. A. Spurr is the Nova Scotian Agent For Geo. Munro, Ltd. Manchester and England

The MONITOR received a pleasant call last week from Mr. W. Albert Spurr, who recently arrived from London, England.

Mr. Spurr will begin at once, or in fact has already started, a campaign among the fruit growers of Nova Scotia in the interest of Geo. Munro, Ltd. London and Manchester, one of the largest and best known firms in England.

Mr. Spurr comes directly from England with all the information concerning the apple market on the other side. He quotes a well known expert who has recently been investigating conditions in England and other European Countries who says, "The Nova Scotia farmers and fruit growers will have to keep their

W. ALBERT SPURR

eyes open if they desire to compete in the English market with British Columbia and American growers."

Another thing our shippers will have to learn, if they expect to hold their own with British Columbia fruit growers, is to improve on the present system of packing. At present there is a wide field for improvement in this regard.

We are pleased to report that this enterprising young man is a native of Deep Brook, N. S., being a son of Mr. and Mrs. Shippey Spurr, of that village. After a successful war record overseas, he accepted a responsible position with this London and Manchester firm.

He now returns full of enthusiasm and with a keen desire to place on the English market Nova Scotia apples. He knows, as all Canadians with common sense do, that in quality, flavor and the like the Nova Scotia apple has no equal in any part of the civilized world. The difficulty is to get Nova Scotians to realize this fact and to make a strong move to live up to the big idea. Unless we are mistaken, Mr. Spurr will do something worth while to assist the local growers to overcome any prejudice that may exist "over there" re our faulty system of packing, etc.

The MONITOR joins his many friends here in wishing him every success.

## A POPULAR SUMMER RESORT

Mr. R. V. Dittmars, proprietor of the Sea Breeze, one of Deep Brook's popular summer hotels, was in town Friday. Interviewed by the MONITOR he reported this his banner season in the summer tourist business, guests being booked to the capacity of the hotel and his surrounding cabins.

We were also shown a copy of the following letter:

99 Oxford St.,  
 Halifax, N. S.  
 July 5, 1920

DEAR MR. DITMARS: Just a line to express our appreciations of the charms of Sea Breeze House. Although we have only just left we are already looking forward to another visit. The panorama of land and sea seen from the cabins is one of the best in the province. Good roads and pretty drives make your neighbourhood a Mecca for motorists, the beach and safe bathing a paradise for children, while the table service and courteous attention should satisfy the most particular.

Yours truly,  
 C. F. BOND

Remington Typewriter Construction details are characterized by refinements of equipment which lift it from the commonplace and ordinary to a highly specialized machine.

## AN ENJOYABLE MONTH'S OUTING

A Trip to the "Hub" Will Arouse Even Those Who on Daylight Saving Time.

(Written for the MONITOR)

A month's outing from the hum drum monotony of daily life under favorable circumstances is always fraught with pleasure, more especially so in the sunny June days when Nature's garb is at its best.

Nova Scotia is a good place in which to live and our fair valley has few peers. But just to move on a little faster than even "Daylight Saving" demands, a trip to the "Hub" will arouse and awaken even "Solomon Slow" and bid him move on a bit more quickly.

One of the features of Uncle Sam's domain which might well be copied in our fair Province, is the perfect road bed extending from Boston to New York, and thence to all adjacent towns.

At one auto outing after visiting Belmont and Cambridge, twelve different townships were touched, including Watertown, Newton, Wellesly, Natick, Framingham, Holliston, Sherborn, Medfield, Walpole, Foxboro, Norfolk. All of these towns can boast of a "humane institution" excepting one (Walpole).

Another trip much enjoyed by motor was from Belmont to "Marlboro", a beautiful town with picturesque scenery, enroute visiting "Longfellow's Wayside Inn" which recalls every detail of a much loved familiar poem.

Another trip through Lexington toward "Arlington Heights" brings forcibly to mind Paul Revere's hasty midnight ride. Many quaint old buildings are shown and explained. The "Munro House" stands as a memorial of past glory where many curious and relics of war time with deeds of the brave are preserved. Back to Belmont, a ten minutes' walk, brings us to Mt. Auburn "City of the dead" where the great leveler leaves all men equal. A glance at a costly monument donated by herself marks the final resting place of the founder of "Christian Science" One cannot but feel a thrill at what might have been done to the worthy needy poor with the millions thus spent. The best theatres are closed. A visit to Keith's gives variety. "Pops", at Symphony Hall is a treat to the music lover. "The Exeter" the place where spirits are said to have talked to the living, is now fitted up for real live "Movies" which are an educator when rightly displayed.

St. Paul's Cathedral celebrated its centennial on June 17th, when many distinguished Bishops and clergy were present. Bishop Barry, of Europe, being one of the preachers on the preceding Sunday.

At each service the Union Jack and Stars and Stripes were displayed and a fitting tribute made by Bishop Lawrence of Massachusetts that as mother and daughter they might ever stand united for "right against might."
