Prospectus, of a Work to be Entitled
THE MEMORANDUM BOOK,
OR LAND-SURVEYING;

BY WILLIAM MCKAY.

T HIS work has been prepared with great pains and labor; and with no other view than to diffuse over the Province accurate and useful information, upon a branch of science intimately connected with its prosperity. Perhaps nothing in a new country is more productive of litigation and loss, than careless and defective surveys of Land. To improve the system—to place within the reach of every class in the country—a plain, yet comprehensive Treatise, embracing every thing which a Land Surveyor requires to know, has been the object of the writer. The public must now decide whether or not his labours shall appear in print. If a sufficient number of subscribers are obtained to defray the expense of Printing the work will be put to Press. It will extend to about 240 octavo pages. Price 10s.
