

THE LIVERPOOL MARKET.

The monthly report of business in all parts of the north of England continues very languid.

PITCH PINE.—There has been a large importation of pitch pine timber greatly in excess of the requirements of the market. 564,000 cubic feet entered the Mersey

during June, 321,000 of which remained in Liverpool. The stock at the close of the month was 1,127,000 cubic feet with still further consignments at sea.

OAK.—The stocks of Canadian and American logs are far too heavy and as the prices asked are very high the con-

signment for the month was only exceeded that of last year. Shippers are strongly advised to send nothing here but their very best lumber, as all inferior grades are simply given away at slaughter prices, the prevailing prices being as low as 5 cents a foot, landed.

SPRUCE.—The position of New Brun-

wick and Nova Scotia spruce continue to steadily weaken owing to very large shipments and the fear that when the various companies in those provinces commence work upon the immense stock of logs now at hand there will be an excessive supply and a stamp in prices will follow in the autumn.
