**Mercantile Summary.**THE Dundas Axe Factory is to be re-opened.  
3,762 tons of coal were shipped from Pictou,  
N.S., last week.A FACTORY is being built at Walkerville, near  
Windsor, to make wagon and buggy panels.THE village of Millbrook desires incorpora-  
tion, and a meeting has been held to consider  
the steps towards it.A NEW YORK firm is about to erect a silk  
factory in St. Catharines, putting in machinery  
to the value of \$30,000, according to the News,  
employing 500 hands.THE Huron Live Stock Association is to  
meet at Clinton, on November 15th, to take the  
initial steps towards extensive stock sales,  
to be held next spring.EXTENSION of the Port Hope Waterworks is  
energetically advocated by the Times, the  
necessity of which has been demonstrated by  
recent fires.A COMMITTEE recently appointed in Wood-  
stock to procure information about waterworks,  
has had two engineers upon the ground. Plans  
and estimates are soon to be ready for the infor-  
mation of the rate payers of that place.THE Riceburg cheese factory has nearly four  
months cheese on hand waiting for a better  
market. After all their waiting, the better  
prices did not come; and the proprietors will  
probably conclude, as many a stubborn farmer  
has done in relation to his grain, that the true  
plan is to sell, week by week, or month by  
month, at the market prices offering.MONTREAL underwriters a few days ago sent  
an agent to Cobourg, to examine and report  
upon the means that town possessed of saving  
property in cases of fire. Upon that gentle-  
man's report, it has been determined that un-  
less a full complement of good hose and a tower  
in which to dry and preserve the same is pro-  
vided by the Corporation, insurance rates will  
be advanced in the town of Cobourg. The  
Council have in consequence resolved to provide  
the needed appliances at once.
