

- take photographs in the visual and infrared parts of the spectrum from the air and on the ground;
- measure radiation and levels of radioactivity in the atmosphere above the area, at ground level and in water;
- conduct temporary seismological measurements in the area.

Article 38. The Director-General of the Agency shall notify the inspected State Party not less than 12 hours prior to the planned arrival of the Inspection Team at the point of entry as defined in the Manual.

Article 39. An international on-site inspection shall be carried out by the personnel and experts of the Agency. The rules and detailed procedures for such on-site inspections are laid down in the Manual for International On-Site Inspections.

At all times while the inspecting personnel are in the territory of the State Party to be inspected, their persons, property, personal baggage, archives and documents as well as their temporary official and living quarters shall be accorded the same privileges and immunities as provided in the Vienna Convention on Diplomatic Relations to the persons, property, personal baggage, archives and documents of diplomatic agents as well as to the premises of diplomatic missions and private residences of diplomatic agents.

Without prejudice to their privileges and immunities, it shall be the duty of the inspecting personnel to respect the laws and regulations of the State in the territory of which the inspection is to be carried out, as long as such laws and regulations are not in conflict with the proper exercising of the rights and functions provided for by the Treaty and this Protocol.
