

## 1. PURPOSE

The purpose of this Annex is to establish a framework for the acceptance of test reports and, at the end of a transitional period, certificates of conformity issued in the territory of one Party in accordance with the regulatory requirements of the other Party, as referenced in Attachment 1.

This Annex constitutes a sectoral annex to the framework Agreement on Mutual Recognition between Canada and the European Community.

## 2. SCOPE AND COVERAGE

2.1. The provisions of this Annex shall apply to the following types of telecommunications terminal equipment, radio transmitters and information technology equipment:

- (a) equipment intended for connection to the public telecommunications network in order to send, process or receive information, whether the equipment is to be connected directly to the "termination" of the network or to interwork with such a network, being connected directly or indirectly to the termination point. The system of connection may be wire, radio, optical or other electro-magnetic means;
